Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 2427

1. Project Title
2. Senate Sponsor
3. Date of Request

4. Project/Program Description

This request is for the design, permitting, and construction of a pedestrian bridge crossing a major drainage canal to create safe pathway for residents and visitors on 15th Street. 15th Street (also known as CR386 Alt.) is a heavily traveled road which connects directly to CR 386, a FDOT designated major collector road. Motorists on CR 386 use 15th Street to bypass Hwy. 98 traveling into Mexico Beach. The existing vehicular bridge on 15th Street is two lane-two way with no existing sidewalks and no room to add sidewalks. Pedestrians walking to the beach are required to enter into the travel lane for approximately 225 feet while crossing the bridge. During the summer and tourist seasons the vehicular and pedestrian traffic to the beach increase significantly. The addition of this pedestrian bridge will ensure the safety for the residents and visitors of Mexico Beach.
