Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 2429

1. **Project Title**
2. **Senate Sponsor**
3. **Date of Request**

4. Project/Program Description

The City evaluated a 170-acre stormwater basin located to the east of North 9th Street, north of Business 98, south of Hickory Street and west of Camelia Avenue due to severe flooding within the surrounding areas. From on-site inspections and a review of the contours surrounding the existing system, it was determined that the basin is unable to drain into Parker Bayou during high tides. The rising tides choke the City's stormwater outfall point and surcharges the conveyance system which forces the stormwater to over top the stormwater components and spill into both commercial and residential streets, yards, and structures. Global sea levels rose by over 0.06 inches per year to 0.14 inches per year during 2006-2015, indicating a pattern of rising sea levels due to climate change. The City will construct a stormwater attenuation pond on the 4.3 acres located at 824 North 11th Street. This attenuation pond will eliminate flooding within this area and will also include a walking trail.

5. **State Agency to receive requested funds**
- State Agency contacted?**

6. Amount of the Nonrecurring Request for Fiscal Year 2022-2023

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	1,432,161
Total State Funds Requested	1,432,161

7. Total Project Cost for Fiscal Year 2022-2023 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	1,432,161	100%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	0	0%
Other	0	0%
Total Project Costs for Fiscal Year 2022-2023	1,432,161	100%

8. **Has this project previously received state funding?**

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. **Is future funding likely to be requested?**
- a. **If yes, indicate nonrecurring amount per year.**
- b. **Describe the source of funding that can be used in lieu of state funding.**
-

Fiscal Year 2022-2023

LFIR # 2429

10. Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?

If yes, indicate the amount of funds received and what the funds were used for.

11. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	Construction (including 20% Contingency) = \$1,072,633.91 Civil and Electrical Engineering and Permitting = \$160,895.09 Inspection and Construction Administration = \$53,632.00 City As-Builts from Contractor's As-Builts = \$25,000.00 Surveying = \$120,000.00 City's As-Built Compilation = \$30,000.00	1,432,161
Total State Funds Requested (must equal total from question #6)		1,432,161

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The purpose and the ultimate goal of this project is to eliminate the threat of flooding of neighborhoods and roadways within the vicinity of the existing 170-acre stormwater basin located to the east of North 9th Street, north of Business 98, south of Hickory Street and west of Camelia Avenue.

b. What activities and services will be provided to meet the intended purpose of these funds?

The City will design, bid, and construct a stormwater attenuation pond on the 4.3 acres located at 824 North 11th Street which will help alleviate the flooding issue but also provide a walking path for residents to enjoy.

c. What direct services will be provided to citizens by the appropriation project?

The residents will enjoy time with their families and friends on the walking path, which promotes community involvement, family togetherness, as well as health and wellness.

d. Who is the target population served by this project? How many individuals are expected to be served?

A total of 100 homes as well as a few businesses which currently flood will be affected by these improvements. Flooding at a total of 50 homes along Lance Street from Arrow Street to U.S. Highway 98 will be alleviated. Flooding at a total of 15 homes along Camelia Avenue will be alleviated. Flooding at a total of 35 homes along Tiffany Street, Nicholas Lane, and Alexander Lane will be alleviated.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 2429

be measured?

The outcome of this project is to significantly reduce and eliminate flooding of approximately 100 homes as well as neighborhood roadways. The expected benefit of this project are safer roadway conditions during storm events and little to no anticipated structural flooding within these neighborhoods. This project will be measured by the reduced amount of damage experienced in the homes within the 170-acre stormwater basin area located to the east of North 9th Street, north of Business 98, south of Hickory Street and west of Camelia Avenue.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

The penalties that can be applied by the local environmental agencies will ensure these deliverables are met.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

The entity receiving funds and the facility are the City of Parker and its residents.

Please complete the questions below for Water Projects only.

17. Have you applied for alternative state funding?

- Waste Water Revolving Loan
- Drinking Water Revolving Loan
- Small Community Wastewater Treatment Grant
- Other (please specify)
- N/A

18. What is the population economic status?

- Financially Disadvantaged Community (ch. 62-552, F.A.C)
- Financially Disadvantaged Municipality (ch. 62-552, F.A.C)
- Rural Area of Economic Concern
- Rural Area of Opportunity (s. 288.0656, Florida Statutes)
- N/A

19. What is the status of construction?

In preliminary design phase currently

20. What percentage of the construction has been completed?

0%

21. What is the estimated completion date of construction?

12/30/2022
