12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Upon receiving funding, the City of Jacob will purchase a new fire truck and new equipment for approximately 10 volunteer firefighters. A new fire truck and equipment will aid the newly established fire department in keeping the City safe. Ultimately, this department could provide fire protection services outside the City limits and into the surrounding cities within Jackson County to further assist if needed, by way of interlocal agreements.

b. What activities and services will be provided to meet the intended purpose of these funds?

These funds for the Pumper Tanker Fire Truck will be used for emergencies pertaining to fires, accidents, natural disasters, and similar catastrophic events.

c. What direct services will be provided to citizens by the appropriation project?

In case of an emergency, the City of Jacob has a fire department equipped within the City to supply aid in a timely manner, and equipped to assist in other disasters whether natural or accidental.

d. Who is the target population served by this project? How many individuals are expected to be served?

The entire City of Jacob, totaling approximately 250 residents, as well as those that live in close proximity to the City of Jacob.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

During an emergency, i.e. wrecks, fires, or other accidents, the City of Jacob will have a fully functioning fire department equipped with equipment necessary to significantly reduce emergency response times to assist its citizens. Simply put, the time it takes now for emergency personnel to arrive vs the time once the department is fully functioning will drastically decrease, ultimately saving more lives.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

The Auditor General conducts audits for both City and State agencies.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

The entity owns and operates the facility.
