12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

With rainfall attributed to Tropical Storm Eta, this area amongst others in the Town of Davie were flooded and streets left impassable for residents and public safety personnel. This project proposes to improve the drainage infrastructure in the Little Country Estates community. Our goal is to be proactive regarding the issue of flooding within this neighborhood before it poses more undue hardship on the residents.

b. What activities and services will be provided to meet the intended purpose of these funds?

- Protection of each catch Basin or Inlet with the installation of Geotextile Fabric.
- Installation of Turbidity Barrier in the corresponding dredge or fill areas.
- Installation of Floating Turbidity Barrier at each water outfalls or Stream or Tidal Creek.
- Street Sweeping as needed.

c. What direct services will be provided to citizens by the appropriation project?
