4. Project/Program De	escription						
12 who are blind or withe State on Saturda academic success a available in public so an entire county toge advocacy and idea-co. 5. State Agency to reconstance State Agency contains a state and some successions are successive.	Through 12 different Blind Service Lighthouses we offer Expanded Core Curriculum (ECC) instruction to children ages 5-12 who are blind or visually impaired. Our year-round program takes place at facilities and at community sites throughout the State on Saturdays, and summer months. We use the nationally recognized, evidence-based curriculum to secure academic success and the "real life experience" that is essential to future employ-ability. This ECC goes beyond what is available in public schools and also addresses the inherent social isolation in public schools by bringing the children from an entire county together in one place. An important piece of the ECC is geared towards parents and it offers support, advocacy and idea-driven solutions to child-rearing challenges that may come up. 12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Blind and visually impaired children in this program attain the braille, technology and personal skills to keep pace academically and socially with their sighted peers in school. Specific blindness-related social, personal and pre-vocational skills are learned from a team of certified professionals./A is not considered a valid response.

- b. What activities and services will be provided to meet the intended purpose of these funds?
- 1. Academic success skills including braille/magnifiers 2. Safe travel skills with a white cane; 3. Social Interaction; 4. Recreation/Health Living; 5. Cooking, hygiene, cleaning, money and budgeting, time mgmt; 6. Assistive Technology—screen readers/ magnification for computers; 7. Experiential introduction to various careers 8. Self-advocacy, making choices, planning for adulthood; 9. Sensory Efficiency skills (touch, hearing, smell, taste, balance). Individual and group classes, summer, school holidays, weekends.
- c. What direct services will be provided to citizens by the appropriation project?

Instruction of blind/visually impaired children at member agencies, their homes, and at community sites in specific skills to compensate for effects of blindness on academic achievement, social integration and making vocational goals; counseling of parents in rearing their blind children.

d. Who is the target population served by this project? How many individuals are expected to be served?

160+ blind or visually impaired children in the State of Florida and their parents/primary caregivers.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

LFIR # 2631

Academic achievement, acquisition of social and pre-vocational skills. Assessment through Pre- and Posttests normed for blind/visually impaired children in academic, independent living, technology and other skills in the 9 Expanded Core Curriculum skills (See b. above).

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Penalties for failure to meet deliverables (hours of service and number of children served) are allotted by reducing payments. In previous years, all deliverables have been met.
