Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 2635

1. **Project Title**
2. **Senate Sponsor**
3. **Date of Request**

4. **Project/Program Description**

The greater Bay County area has suffered severe economic impact from Hurricane Michael causing many commercial automotive mechanic shops to close or become overwhelmed by uneven distribution of work load with simultaneous influx of demand. Reduce the significant delay in Fire & EMS automotive vehicle repairs and enhance in service time through providing in-house mechanical support.

5. **State Agency to receive requested funds**
- State Agency contacted?**

6. **Amount of the Nonrecurring Request for Fiscal Year 2022-2023**

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	750,000
Total State Funds Requested	750,000

7. **Total Project Cost for Fiscal Year 2022-2023 (including matching funds available for this project)**

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	750,000	82%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	170,000	18%
Other	0	0%
Total Project Costs for Fiscal Year 2022-2023	920,000	100%

8. **Has this project previously received state funding?**

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. **Is future funding likely to be requested?**
- a. **If yes, indicate nonrecurring amount per year.**
- b. **Describe the source of funding that can be used in lieu of state funding.**
-

10. **Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?**

If yes, indicate the amount of funds received and what the funds were used for.

Fiscal Year 2022-2023

LFIR # 2635

CARES \$2,836,354.57 for payroll and supplies and ARP \$69,848.73 for payroll.

11. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other	Automotive Mechanic Shop Lifts, tooling, and associated maintenance equipment.	250,000
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	Environmentally condition and build out automotive mechanic shop within an existing county structure.	500,000
Total State Funds Requested (must equal total from question #6)		750,000

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The devastation of Hurricane Michael created a wildfire threat for years to come. Over three million acres of trees were decimated in the counties impacted by the storm. Debris, branches, tree tops, and other vegetative debris pose increased fire threats to our county, not only in rural areas but in the urban-wildland interface. Wildfires that were once quickly contained now are threats to life and property. These funds will provide critical equipment needed to mitigate the wildland threat.

b. What activities and services will be provided to meet the intended purpose of these funds?

With the billions of downed trees and other vegetative debris posing a wildfire threat, it is imperative that Bay County Fire Rescue has the equipment to address this threat. Not only will this benefit rural residents but those forested urban areas.

c. What direct services will be provided to citizens by the appropriation project?

Wildland and urban fire suppression.

d. Who is the target population served by this project? How many individuals are expected to be served?

Full-time population of 175,000 and an annual tourist population of over 16 million. This will also be a regional asset for Hurricane Michael affected counties: Bay, Washington, Holmes, and Jackson Counties.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Preservation of life and property by way of increasing response vehicle availability and uptime. Providing essential mechanical support will decrease response times and increase total annual in service time of apparatus committed to public safety/community response.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?
