Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
<b>Fixed Capital Construction/Major Renovation:</b>		
Construction/Renovation/Land/Planning Engineering	The design construction and construction engineering and inspection for bridge repair/rehabilitation of CR 310 over Deep Creek Bridge No. 764014. Putnam County was given a portion of funding for this project from FDOT under funding agreement FPN 446944-1-54-01 but are facing a budget variance of an estimated \$2,000,000 and is requesting supplemental/phase 2 funding to bring this project to completion.	2,000,000
<b>Total State Funds Requested (must equal total from question #6)</b>		<b>2,000,000</b>

#### 12. Program Performance

##### a. What specific purpose or goal will be achieved by the funds requested?

The funds will complete the necessary funding to rehabilitation the CR 310 bridge to ensure motorist safety. Currently the bridge is vulnerable and has had FDOT imposed reduced weight limits to ensure prolonged life of the bridge and safe passage.

##### b. What activities and services will be provided to meet the intended purpose of these funds?

Design, engineering, construction, and construction inspection services will be engaged to complete the project.

##### c. What direct services will be provided to citizens by the appropriation project?

Bridge rehabilitation will provide citizens the safest and most direct (fastest) route to emergency medical services.

##### d. Who is the target population served by this project? How many individuals are expected to be served?

Citizens is southwestern Putnam County and citizens who seek to travel from Ocala to Palatka (and vice versa). It is projected that the bridge impacts in excess of 20,000 citizens daily.

##### e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefit is to ensure safe passage for the citizens of Putnam and Marion counties and to ensure the bridge infrastructure is rehabilitated up to meet safety standards set by FDOT.

##### f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties
