Total State Funds Requested (must equal total from question #6)		7,000,000

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The project will alleviate traffic congestion that is becoming increasingly problematic along these busy thoroughfares.

b. What activities and services will be provided to meet the intended purpose of these funds?

The proposed improvements will include the design and construction of a connector road to alleviate traffic along SR-20 and the intersection of SR-20 and US 331. The bypass project will offer an alternative route to the congestion that currently exists in this region.

c. What direct services will be provided to citizens by the appropriation project?

Driver and pedestrian safety will be increased by reducing traffic passing through the SR-20/US 331 intersection. This intersection is currently the main arterial road through the city. A reduction in traffic delays would benefit those commuting to work in and around the area.

d. Who is the target population served by this project? How many individuals are expected to be served?

All users in the City of Freeport, residents and property owners in Walton County, as well as visitors; greater than 8,000 people.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Improvements to the roadway and transportation system will improve traffic flow, access, and safety to local businesses and residents. Once improvements are complete a survey of the local residents and businesses impacted by the improvements can be performed. In addition, a visual inspection of the traffic flow and vehicle usage will be made.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties

for failing to meet deliverables or performance measures provided for the contract?

The funding agency can elect to not fund future phases of the city's plan. The city will award the contract through the bid process. The bid documents will spell out liquidated damage costs for project overruns. The bid document will also require the selected contractor to provide performance and payment bonds to the city and a 10% retainer will be withheld until all issues are corrected.

- 13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.**

The City of Freeport is the owner and entity.
