## Local Funding Initiative Request

### Fiscal Year 2024-2025

LFIR # 1394

1. **Project Title**

2. **Senate Sponsor**

3. **Date of Request**

4. **Project/Program Description**

This project proposes improvements to the stormwater management system at Boca Raton Airport (BCT) to improve airport safety, emergency vehicle access, and increase developable airport property. Through installation of a new intelligent stormwater control structure, the airport stormwater system will perform more efficiently and promote better environmental water quality. It will also allow for additional economic potential while increasing water quality without impacting wildlife habitats.

5. **State Agency to receive requested funds**

**State Agency contacted?**

6. **Amount of the Nonrecurring Request for Fiscal Year 2024-2025**

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	2,880,000
<b>Total State Funds Requested</b>	<b>2,880,000</b>

7. **Total Project Cost for Fiscal Year 2024-2025 (including matching funds available for this project)**

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	2,880,000	80%
<b>Matching Funds</b>		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	720,000	20%
Other	0	0%
<b>Total Project Costs for Fiscal Year 2024-2025</b>	<b>3,600,000</b>	<b>100%</b>

8. **Has this project previously received state funding?**

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. **Is future funding likely to be requested?**

a. **If yes, indicate nonrecurring amount per year.**

b. **Describe the source of funding that can be used in lieu of state funding.**

10. **Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?**

# The Florida Senate

## Local Funding Initiative Request

### Fiscal Year 2024-2025

LFIR # 1394

If yes, indicate the amount of funds received and what the funds were used for.

\$396,612 - Operational Expenses

## Complete questions 11 and 12 for Fixed Capital Outlay Projects

### 11. Status of Construction

a. What is the current phase of the project?

- Planning
  Design
  Construction
  N/A

b. Is the project "shovel ready" (i.e permitted)?

Yes

c. What is the estimated start date of construction?

7/1/2024

d. What is the estimated completion date of construction?

06/30/2025

12. List the owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

Boca Raton Airport Authority

### 13. Details on how the requested state funds will be expended

Spending Category	Description	Amount
<b>Administrative Costs:</b>		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
<b>Operational Costs: Other</b>		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
<b>Fixed Capital Construction/Major Renovation:</b>		
Construction/Renovation/Land/Planning Engineering	Construction costs include all costs paid to a Contractor to construct the proposed project and for construction phase services provided by the Authority's Engineering Consultants. Actual construction costs will be determined through a low bid procurement process. Costs will be monitored on a unit rate basis and payment to the Contractor will only be made for actual work completed.	2,880,000
<b>Total State Funds Requested (must equal total from question #6)</b>		<b>2,880,000</b>

### 14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

# The Florida Senate

## Local Funding Initiative Request

### Fiscal Year 2024-2025

LFIR # 1394

This project proposes improvements to the stormwater management system at Boca Raton Airport (BCT) to improve airport safety, emergency vehicle access, and increase developable airport property. Through installation of a new intelligent stormwater control structure, the airport stormwater system will perform more efficiently and promote better environmental water quality. It will also allow for additional economic potential while increasing water quality without impacting wildlife habitats.

**b. What activities and services will be provided to meet the intended purpose of these funds?**

Design is underway and will be completed in February 2024. Construction phase services will be provided by the Authority's Engineering Consultant.

**c. What direct services will be provided to citizens by the appropriation project?**

This project will increase the utility and economic potential of the Boca Raton Airport, increase roadway safety on Airport Road, increase airport safety for arriving and departing aircraft at BCT, and improve stormwater quality.

**d. Who is the target population served by this project? How many individuals are expected to be served?**

The Boca Raton Airport supports 3,500 jobs and 80,000 aircraft operations annually.

**e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**

This project eliminates a drainage pond adjacent to a road which serves as a roadside hazard. A reduction in the number and severity of vehicle accidents can be measured. Downstream water quality will increase as measured by the volume of sediment and debris which is removed from the underground system. Efficiency of the downstream system can be measured by determining the flow rate of the downstream pipes before and after removal of sediment debris which is collected by the underground system. Lease revenue to BCT is anticipated to increase due to the increase in available developable land. Job creation can be measured by the number of BCT and airport tenant employees after completion of the project. A reduction in aircraft wildlife strikes can be measured after a standing water body near the airport is removed.

**f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?**

Liquidated Damages will be assessed to the Contractor per the contract documents for failure by the Contractor to meet schedule or deliverable goals during construction.

**15. Requester Contact Information**

a. First Name  Last Name

b. Organization

c. E-mail Address

d. Phone Number  Ext.

**16. Recipient Contact Information**

a. Organization

b. Municipality and County

c. Organization Type
