14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

To enhance and expand inclusive programming for the Village's special needs population. Programs will utilize existing organizations that specialize in providing inclusive programming to enrich the lives of our special needs residents and their families' quality of life. Providing these services on the island is critical for our community as these families would need to travel long distances to access programs and services that accommodate their loved one's special needs.

b. What activities and services will be provided to meet the intended purpose of these funds?

The Village will provide staff training and improved programming for inclusive services and making programs more welcoming and engaging for persons with special needs and their families.

c. What direct services will be provided to citizens by the appropriation project?

Additional programming and services for special needs residents, staff trained in how to accommodate people with special needs, modifications to existing programming and services to be more inclusive and welcoming for persons with special needs. Programs shall include job readiness, music programming, recreational therapy, outings to theaters and other performances.

d. Who is the target population served by this project? How many individuals are expected to be served?

Expected to be served in the target population: 101-200 Target Population to be Served: Elderly persons, jobless persons, at-risk youth, developmentally disabled, physically disabled, special needs population.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Programming would incorporate physical activity and exercise routines tailored to the individual's abilities and needs. These programs can help improve strength, flexibility, and overall physical fitness. Teaching how to make nutritious food choices can help prevent or manage conditions related to diet, such as obesity or diabetes. Programming can provide counseling and psychological support to address issues like anxiety, depression, and stress, which can have physical health implications as mental health plays a significant role in overall well-being. These outcomes will be measured by the number of attendees at the various events and participant feedback provided to the Village.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Failure to meet deliverables will result in forfeiture of funds or financial penalties as described in the contract.
