3. Date of Request 11/21/2023

4. Project/Program Description

The mission of Warrior Wellness Program is to provide an opportunity for healing to those affected by the traumas of war. We offer alternative therapies and community engagement to create a healthy, connected and resilient military population. The veterans and active-duty service members served by Warrior Wellness Program suffer from post-traumatic stress depression and anxiety. Many experience suicide ideation and/or have attempted suicide. Through the organization's fiveday program and individualized counseling services, participants receive proven therapies including Accelerated Resolution Therapy (ART), Integrative Restoration, adaptive yoga, music therapy, art therapy and other therapeutic activities. Many participants describe the services they receive as life-changing. In FY 2024-2025, Warrior Wellness Program is seeking state funding to provide 135 veterans and active-duty service members with access to these life-saving services.

14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Warrior Wellness Program's goal is to provide veterans and active-duty service members with increased access to effective mental health services including Accelerated Resolution Therapy (ART) and other alternative therapies that effectively treat symptoms and issues related to trauma, post-traumatic stress, anxiety, depression and more. Through alternative therapies, Warrior Wellness Program will help veterans and active-duty service members live a more healthy, connected and resilient life after experiencing the traumas of war. The organization's goal is to provide our life-changing therapies to 135 veterans or active-duty service members in FY 2024-2025.

b. What activities and services will be provided to meet the intended purpose of these funds?

Warrior Wellness Program provides highly effective therapies including Accelerated Resolution Therapy, adaptive yoga, Integrative Restoration (iRest) music therapy and art therapy. Services are provided through two delivery formats including the five-day Accelerated Wellness Program (AWP) or on an individualized services basis. By providing services through both formats, the organization is increasing accessibility for those unable to attend a five-day program. Both models allow participants to experience proven therapies and become more healthy, connected and resilient.

c. What direct services will be provided to citizens by the appropriation project?

Direct services will be provided to veterans and active-duty service members suffering from the traumas of war. These services will include Accelerated Resolution Therapy, adaptive yoga, iRest, music therapy and art therapy.

d. Who is the target population served by this project? How many individuals are expected to be served?

This project targets 135 veterans and/or active-duty service members dealing with issues related to post-traumatic stress, anxiety and depression due to the traumas of war.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will

be measured?

Military members who participate in either service delivery format will experience a reduction in trauma related to PTSD, depression, anxiety and stress. In addition, they will experience an increase in resiliency and community engagement. Pre- and post- assessments are conducted as part of service delivery and use valid and reliable measures of psychological and physical health. Examples of measures used include the Post-Traumatic Checklist, the Brief Symptom Inventory, and the Pain Outcomes Quest. An external evaluator, Evaluation Data Solutions uses the data collected to perform an extensive analysis to produce a comprehensive program evaluation on overall service impact.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Warrior Wellness Program will take corrective actions to improve service delivery as outlines in state contract.
