| Construction/Renovation/Land/ Planning Engineering | | 0 |
| Total State Funds Requested (must equal total from question #6) 109,31 | | |

14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The 20 Starlink devices will be utilized after connectivity loss like experienced after Hurricane Ian to ensure uninterrupted, reliable internet connectivity for telemedicine, communication, and data exchange, enabling efficient emergency response and patient care.

b. What activities and services will be provided to meet the intended purpose of these funds?

The Florida Senate Local Funding Initiative Request Fiscal Year 2024-2025

LFIR # 2355

The Starlink devices will provide critical services like emergency communication, telemedicine, data exchange, and coordination for relief efforts, ensuring connectivity in remote or affected areas.

c. What direct services will be provided to citizens by the appropriation project?

The Starlink devices will provide citizens with essential services, including reliable internet access for communication, emergency alerts, access to information, telemedicine support, and coordination with rescue and relief efforts, ensuring their safety and well-being.

d. Who is the target population served by this project? How many individuals are expected to be served?

Elderly persons, persons with poor mental health, persons with poor physical health, economically disadvantaged persons, physically disabled, homeless and general population. Over 800 individuals are expected to be served when devices are in-use.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Starlink devices are expected to enhance physical health post-disaster by enabling telemedicine consultations, immediate medical assistance, and access to health information. Measuring benefits can be done through surveys assessing the frequency and effectiveness of medical consultations, response times, and improved health outcomes among affected individuals.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?
