

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2024-2025

LFIR # 2682

1. **Project Title**

2. **Senate Sponsor**

3. **Date of Request**

4. **Project/Program Description**

Funds will enhance stormwater infrastructure in Hallandale Beach's Northeast Quadrant, boosting resilience and safety amid frequent flooding. The project secures key evacuation routes, reduces roadway LOS deficiencies, supporting economic stability. It aligns with Florida's resilience objectives, fortifying public safety and sustainable urban water management against severe weather, safeguarding broader community well-being amidst escalating environmental challenges.

5. **State Agency to receive requested funds**

State Agency contacted?

6. **Amount of the Nonrecurring Request for Fiscal Year 2024-2025**

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	2,000,000
Total State Funds Requested	2,000,000

7. **Total Project Cost for Fiscal Year 2024-2025 (including matching funds available for this project)**

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	2,000,000	9%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	19,457,144	91%
Other	0	0%
Total Project Costs for Fiscal Year 2024-2025	21,457,144	100%

8. **Has this project previously received state funding?**

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. **Is future funding likely to be requested?**

a. **If yes, indicate nonrecurring amount per year.**

b. **Describe the source of funding that can be used in lieu of state funding.**

10. **Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?**

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2024-2025

LFIR # 2682

If yes, indicate the amount of funds received and what the funds were used for.

The City has received approximately \$20M in ARPA SLFRF funds which assisted the City with revenue losses due to the impacts of the pandemic. Spending of ARPA funds have been focused on government services primarily on one-time expenditures such as fleet replacement for public safety and other vital equipment.

Complete questions 11 and 12 for Fixed Capital Outlay Projects

11. Status of Construction

a. What is the current phase of the project?

- Planning
 Design
 Construction
 N/A

b. Is the project "shovel ready" (i.e permitted)?

Yes

c. What is the estimated start date of construction?

10/1/2024

d. What is the estimated completion date of construction?

12/31/2026

12. List the owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

City of Hallandale Beach, FL

13. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	Construction of two pump stations, installation of 16 new pressurized wells, laying approximately 3,400 feet of gravity storm pipes, and all associated labor, materials, and equipment necessary to ensure the project meets the City's urgent need for enhanced flood resilience and stormwater management.	2,000,000
Total State Funds Requested (must equal total from question #6)		2,000,000

14. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2024-2025

LFIR # 2682

Funds will enhance stormwater infrastructure in Hallandale Beach's Northeast Quadrant, boosting resilience and safety amid frequent flooding. The project secures key evacuation routes, reduces roadway LOS deficiencies, supporting economic stability. It aligns with Florida's resilience objectives, fortifying public safety and sustainable urban water management against severe weather, safeguarding broader community well-being amidst escalating environmental challenges.

b. What activities and services will be provided to meet the intended purpose of these funds?

Services include stormwater management which reduces flood risks and protects significant assets such as residential structures, roads, and evacuation routes, from potential flood damages.

c. What direct services will be provided to citizens by the appropriation project?

Stormwater management

d. Who is the target population served by this project? How many individuals are expected to be served?

This will serve the general population (the majority of funds will benefit no specific group).

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Benefits include reduction in waterborne diseases; improvement in local aquatic habitats; reduction in flood-related emergencies; reduced flooding occurrences on major roads; increase in local business revenue due to improved infrastructure; creation of temporary jobs during the construction phase; reduced flood duration from 12.5 to 8.25 hours for 100-year storms; restored 435 feet of evacuation route from LOS deficiency; recovered 4,231 linear feet of roadway from LOS deficiency; lowered peak water stages up to 0.60 feet for 100-year storm; added approx. 3,400 feet of 18 to 24-inch gravity storm pipes; established 2 new pump stations and 16 new pressurized wells; and reduction in pollutant levels. Outcomes to be measured by monitoring and will utilize hydrological modeling for flood reduction assessment; monitor roadway conditions for evacuation route restoration; evaluate roadway conditions for LOS recovery; utilize water level monitoring stations for assessing water stage control.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

While the City of Hallandale Beach does not anticipate failing to meet any milestones and/or deliverables, it would be anticipated that reimbursement would only be received for deliverables met.
