New playground sets for children in childcare. The placement of this new playground is targeted at a community with a high number of military families.

d. Who is the target population served by this project? How many individuals are expected to be served?

Economically disadvantaged persons, at-risk youth, and Preschool students. Approximately 200 individuals.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Improve physical health, improve mental health, enrich cultural experience, improve quality of education, increase or improve economic activity, and divert children from Juvenile Justice systems. Play is an essential aspect of childhood development, fostering physical, social, and emotional growth. Outdoor play encourages children to explore, interact, and engage in physical activities that are vital for their overall health. Properly designed and maintained playground equipment enhances these experiences, allowing children to develop motor and social skills, balance, and coordination.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Appropriate performance measures and accountability standards will be determined in collaboration with the DOE prior to release of the funds.
