These funds will be utilized to prevent residents from having to drive through a flooded roadway to get to their homes, during routine rainfall events.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population is general, and based on location within the Village. I estimate that 150 - 200 residents would be served by this project.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected outcome will be that during a normal rainfall event there will not be roadway flooding and the swales will not maintain water for more than 72 hours.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

I would suggest that the funding be revoked for failing to meet deliverables.
