Fixed Capital Construction/Majo	r Renovation:		
Construction/Renovation/Land/ Planning Engineering		0	
Total State Funds Requested (must equal total from question #6) 300,0			

13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The program will address significant unmet need for senior nutrition services in Orange County as available funding has not kept pace with the significant ongoing growth of our senior population. The provision of home-delivered meals addresses seniors' basic needs and supports them in remaining independent, aging in place in their own homes rather than entering costly institutional care.

b. What activities and services will be provided to meet the intended purpose of these funds?

Seniors First, Inc. will expand home-delivered meal service to seniors in underserved areas

c. What direct services will be provided to citizens by the appropriation project?

LFIR # 3443

Nutritious, dietitian-approved meals will be delivered directly to seniors' homes. Each meal delivery includes a well-being check and provides the senior with social interaction.

check and provides the senior with social interaction.

d. Who is the target population served by this project? How many individuals are expected to be served?

Seniors in Orange County. We anticipate serving 100-200 seniors with this funding.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

We will improve senior nutrition, improve or maintain seniors' physical health through good nutrition, improve or maintain senior mental health by reducing social isolation and providing well-being checks and promote senior independence (ability to remain at home in the community as opposed to nursing home or other institutional care which is significantly more costly). Outcomes will be measured using the Department of Elder Affairs annual 701A assessment and Seniors First, Inc.'s biannual client survey.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

If Seniors First, Inc. does not meet deliverable requirements, we will return funding proportional to the unmet measure and submit a corrective action plan for approval. Repeat failures may result in future funding reductions.

an	d submit a corrective action plan for approval. Repeat failures may result in future funding reductions.
14. Is t	his project related to mitigation, response, or recovery from a natural disaster? No
a. If	Yes, what phase best describes the project?
	Mitigation (reducing or eliminating potential loss of life or property)
	Response (addressing the immediate and short-term effects of a natural disaster)
	Recovery (assisting communities return to normal operations, including rebuilding damaged infastructure)
b. N	ame of the natural disaster (or Executive Order # for events not under a federal declaration):
15. Ha	s the entity applied for or received federal assistance for this project?
