Consultants/Contracted Services/Study		0			
Fixed Capital Construction/Majo	r Renovation:				
Construction/Renovation/Land/ Planning Engineering	Purchase of six new modular classrooms to replace current modulars which are outdated and in urgent need of renovation.	375,000			
Total State Funds Requested (m	Total State Funds Requested (must equal total from question #6) 375,000				

13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

New classrooms can significantly enhance the quality of education by providing a safe, comfortable, and engaging learning environment tailored to modern teaching methods. Upgraded facilities with technology-equipped classrooms enable interactive and personalized learning, while flexible, well-designed spaces support collaboration, hands-on activities, and specialized instruction. Additionally, classrooms that foster collaboration and inclusivity help create a sense of belonging, reducing feelings of isolation. When students feel safe and supported in their learning environment, they are more likely to stay engaged, build confidence, and develop positive relationships—all of which contribute to improved mental health and academic success.

b. What activities and services will be provided to meet the intended purpose of these funds?

These funds will help provide 6 updated elementary classrooms.

LFIR # 3501

c. What direct services will be provided to citizens by the appropriation project?
This project will provide Elementary Classes to students in Miami Dade County.
d. Who is the target population served by this project? How many individuals are expected to be served?
The target population consists of approximately 101–200 elementary students in Miami-Dade County each year
e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will
be measured?
 Classrooms will have updated technology such as smart boards. Classrooms will have space for collaborate learning and hands on activities. Classrooms will be designed and constructed to meet the latest safety codes and regulations, ensuring a secure and supportive learning environment for all students. The classroom environment will be thoughtfully designed to foster collaboration, encouraging interactive and engaging learning experiences that are inclusive of all students.
f. What are the suggested penalties that the contracting agency may consider in addition to its standard penaltic
for failing to meet deliverables or performance measures provided for in the contract?
Nothing beyond standard penalties
14. Is this project related to mitigation, response, or recovery from a natural disaster? No
a. If Yes, what phase best describes the project?
☐ Mitigation (reducing or eliminating potential loss of life or property)
□ Response (addressing the immediate and short-term effects of a natural disaster)
□ Recovery (assisting communities return to normal operations, including rebuilding damaged infastructure)
b. Name of the natural disaster (or Executive Order # for events not under a federal declaration):
15. Has the entity applied for or received federal assistance for this project?
☐ Yes, Applied
☐ Yes, Received
□ No
□ No, but intends to apply
a. If yes, provide the FEMA project worksheet ID#:
b. Provide the total project cost listed on the FEMA project worksheet:
16. Has the entity applied for or received state assistance for this project (other than this request)?
☐ Yes, Applied
☐ Yes, Received
