

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2026-2027

LFIR # 1017

1. Project Title Satellite Beach - Law Enforcement In-Car Cameras, Body Worn Cameras, and Electronic Control Devices

2. Senate Sponsor Debbie Mayfield

3. Date of Request 10/16/2025

4. Project/Program Description

The specific goal of this project is to improve public and officer safety, increase transparency and accountability, and enhance the quality of evidence collected during law enforcement encounters by equipping officers with body-worn cameras, in-car video systems, and less lethal electronic control devices. Our police officers currently do not have body-worn cameras, their electronic control devices are 10 to 14 years old, and their in-car cameras have an average age of 7 years old. The requested items link together to capture data which is then electronically transferred directly to the state attorney's office in a timely manner rather than transferring evidence via DVD like our officers are currently doing. Currently, our State Attorney's office only accepts electronic evidence via Evidence.com or DVD. The requested funding would give our police access to Evidence.com. This will increase the number of successfully prosecuted criminal cases that originated in the City.

5. State Agency to receive requested funds Department of Law Enforcement

State Agency contacted? No

6. Amount of the Nonrecurring Request for Fiscal Year 2026-2027

Type of Funding	Amount
Operating	750,000
Fixed Capital Outlay	0
Total State Funds Requested	750,000

7. Total Project Cost for Fiscal Year 2026-2027 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	750,000	75%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	250,000	25%
Other	0	0%
Total Project Costs for Fiscal Year 2026-2027	1,000,000	100%

8. Has this project previously received state funding? No

If yes, provide the most recent instance:

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. Is future-year funding likely to be requested? No

a. If yes, indicate nonrecurring amount per year.

b. Describe the source of funding that can be used in lieu of state funding.

Complete questions 10 and 11 for Fixed Capital Outlay Projects

10. Status of Construction

a. What is the current phase of the project?

☐ Planning ☐ Design ☐ Construction ☐ N/A

b. Is the project "shovel ready" (i.e permitted)?

c. What is the estimated start date of construction?

d. What is the estimated completion date of construction?

e. What funding stream will be used for ongoing operations and maintenance of the project?

11. List the owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

12. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other	The funds spent will fund the purchase of 25 Axon in-car cameras, 25 Axon body worn cameras, and 25 Axon electronic control devices (tasers). This also includes Axon/Evidence.com software as a services 5 year subscription, travel/training from Axon, and warranty for equipment. \$750,000 in state funds and \$250,000 local matching funds will be spent on this project.	750,000
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering		0
Total State Funds Requested (must equal total from question #6)		750,000

13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2026-2027

LFIR # 1017

The specific goal is to improve public and officer safety, increase transparency and accountability, and enhance the quality of evidence collected during law enforcement encounters by equipping officers with body-worn cameras, in-car video systems, and less lethal electronic control devices. The requested items link together to capture data which is then electronically transferred to the state attorney's office rather than transferring evidence via DVD like our officers are currently doing. This will allow for timely transfer of data to the State Attorney's office which will assist in the successful prosecution of criminal cases that originated in the City of Satellite Beach.

b. What activities and services will be provided to meet the intended purpose of these funds?

The funds will support the purchase, training, deployment, and ongoing management of the body-worn cameras, in-car cameras, and electronic control devices. The funds will provide our law enforcement officers with tools to enhance public safety, increase transparency and accountability, improve evidence collection, and improve the delivery of evidence to the state attorney's office.

c. What direct services will be provided to citizens by the appropriation project?

The direct services provided to citizens will be increased safety during encounters, unbiased video evidence to support complaints or court cases, protection of individual rights, and greater confidence in the fairness and accountability of law enforcement.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population served by this project is anyone who comes in contact with law enforcement in the City of Satellite Beach. This ranges from elderly persons, persons with poor mental health, persons with poor physical health, jobless persons, economically disadvantaged persons, at-risk youth, homeless, developmentally disabled, physically disabled, drug users, students of all ages, currently or formerly incarcerated persons, drug offenders, and victims of crime. We expect the number individuals served per year will be greater than 800.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefits and outcomes of this project are a reduction in injuries to subjects officers have arrested, a reduction in injury reports to our officers, an increase in positive interactions with our law enforcement officers, an observation of an increase of evidence being delivered to the State Attorney's office in a timely manner. These outcomes can be measured through the observation of law enforcement report data, in-car and body worn camera data, and an increase in successfully prosecuted criminal cases originating in the City of Satellite Beach.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Should the City of Satellite Beach not utilize the funding allocated by the State of Florida to fund and meet the deliverables of the project, the City of Satellite Beach will be required to return the funding to the State of Florida.

14. Is this project related to mitigation, response, or recovery from a natural disaster?

a. If Yes, what phase best describes the project?

- ☐ Mitigation (reducing or eliminating potential loss of life or property)
- ☐ Response (addressing the immediate and short-term effects of a natural disaster)
- ☐ Recovery (assisting communities return to normal operations, including rebuilding damaged infrastructure)

b. Name of the natural disaster (or Executive Order # for events not under a federal declaration):

15. Has the entity applied for or received federal assistance for this project?

- ☐ Yes, Applied
