Local Funding Initiative Request

Fiscal Year 2026-2027

LFIR # 1188

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

The purpose of this project is to connect Stradley Park to the City of Cocoa's sewer system to replace the existing septic system, which often cannot handle the high demand during community sporting events. This improvement will enhance public health, safety, and environmental protection by eliminating septic overflows. Additionally, extending the sewer connection will support the park's continued growth and ensure reliable infrastructure for future recreational use.

The project will include engineering design, permitting, and construction activities. Services will include installation of new sewer pipelines, potential lift stations, and proper abandonment of the existing septic systems. These improvements will ensure reliable wastewater service for park users and support ongoing recreational activities without interruption.

c. What direct services will be provided to citizens by the appropriation project?

Funding this project will provide citizens with improved sanitation and reliable wastewater services. It will eliminate septic system failures that can disrupt events, ensuring a cleaner and safer environment for players, families, and visitors. This upgrade will enhance the overall experience at the park by supporting uninterrupted recreational activities and promoting public health.

d. Who is the target population served by this project? How many individuals are expected to be served?

The general public to include residents in the surrounding communities and throughout Brevard County that utilize that park.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Improve physical and mental health, protect the general public from harm, improve environmental quality, and improve wastewater management and groundwater quality. All of which can be measured through water quality testing.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Ineligibility for future funding or participation in similar state-funded projects for a defined period.
