### 13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The primary purpose of this project is to mitigate ponding on the roadway which provides for a clear path of travel for several critical and primary uses and buildings, including Lower Keys Medical Center (Hospital), Monroe Co Sheriffs Department, the College of the Florida Keys, and the Florida Keys Aqueduct Authority.

b. What activities and services will be provided to meet the intended purpose of these funds?

Funds will be allocated to an awarded contractor to perform construction and mitigation within the City of Key West and College Rd.

**LFIR # 1197** 

c. What direct services will be provided to citizens by the appropriation project?
The most direct service provided will be the accessibility to critical area buildings and uses.
d. Who is the target population served by this project? How many individuals are expected to be served?
The population served is the City of Key West Stormwater Utility Rate Payers. Approximately 11,000 parcel owners will be served as they traverse College Rd. All residents living on the North side of Stock Island will have the greates level of service along with the area commercial uses in the area.
e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome to be measured?
The expected benefit will be improved drainage for developed areas, that depend on the proper flow of tidal and stormwater through the outfalls and associated lines. A simple methodology is the timing of outgoing tides that will actually fall and not remain at elevated levels due to impacted drain lines and outfalls.
f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalting to meet deliverables or performance measures provided for in the contract?
Penalty of non payment until contract obligations are met.
