Increased training and readiness of Oviedo and partner agencies. Additionally, the units that are conducting training are able to remain in their response area instead of having to go out of their districts. By being able to remain in their areas it allows for more units to be able to respond and decrease the response times.

d. Who is the target population served by this project? How many individuals are expected to be served?

Citizens of the City of Oviedo, Seminole County and surrounding communities.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Provide better trained, more efficient public safety services to the City of Oviedo and surrounding areas. These benefits may be measured by average response time and number of hours spent training at the facility.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

If the City fails to meet deliverables as determined by the contracting agency, it will return the funds.
