12. Details on how the requested state funds will be expended

| Spending Category | Description | Amount |
|---|---|-----------|
| Administrative Costs: | | |
| Executive Director/Project Head Salary and Benefits | N/A | 0 |
| Other Salary and Benefits | N/A | 0 |
| Expense/Equipment/Travel/Supplies/ Other | N/A | 0 |
| Consultants/Contracted Services/Study | N/A | 0 |
| Operational Costs | | |
| Salary and Benefits | N/A | 0 |
| Expense/Equipment/Travel/Supplies/ Other | SLERS Fire Rescue radios, 911 dispatch consoles, dispatch equipment, interfaces, software services, and programming—fully compliant with P25 standards—will enable interoperability through the Statewide Law Enforcement Radio Communication System (SLERS), facilitating seamless communication among first responders within Hamilton County and beyond. | 2,400,000 |
| Consultants/Contracted Services/Study | N/A | 0 |
| Fixed Capital Construction/Majo | or Renovation: | |
| Construction/Renovation/Land/ Planning Engineering | | 0 |
| Total State Funds Requested (m | nust equal total from question #6) | 2,400,000 |

13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Requested funding will connect Hamilton County Fire Rescue to the SLERS network, upgrade obsolete end-of-life equipment, and install two additional 911 dispatch consoles. These actions will complete the county's transition to SLERS, increase dispatch capacity, enhance coverage, and improve interoperability across the region with state and federal partners. Together, these upgrades will build a robust, integrated system to ensure quicker, more coordinated emergency responses.

LFIR # 1520

b. What activities and services will be provided to meet the intended purpose of these funds?

Services provided by the implementation of this project include enhanced, secure, reliable SLERS radio communication services to ensure first responders are able to quickly and accurately provide emergency response services to the county and to provide mutual aid to state and federal users.

c. What direct services will be provided to citizens by the appropriation project?

Once completed, the upgraded systems will allow first responders in Hamilton County to provide accurate and timely response to requests for emergency services.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target populations that will benefit from this project are the residents of Hamilton County, local businesses, schools, and visiting tourists.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefits provided by the implementation of this project include improved communication for fire, and emergency services with P25-compliant equipment, improving coverage and interoperability, and reduced response times. Outcomes will be measured by tracking response times and incident resolution.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

| F | ailure to meet deliverables would result in a return of funding to the state. |
|--------|--|
| . Is t | this project related to mitigation, response, or recovery from a natural disaster? No |
| a. If | Yes, what phase best describes the project? |
| | Mitigation (reducing or eliminating potential loss of life or property) |
| | Response (addressing the immediate and short-term effects of a natural disaster) |
| | Recovery (assisting communities return to normal operations, including rebuilding damaged infastructure) |
