13. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The 10-bed Emergency Department diversion unit provides psychiatric assessment, stabilization, and disposition to inpatient services and/or outpatient services for children and adults experiencing a mental health and/or substance use emergency. The unit will provide psychiatric, nursing, and social work services in a specialized care unit designed for optimal outcomes for individuals with persistent mental illness.

b. What activities and services will be provided to meet the intended purpose of these funds?

LFIR # 1523

Provide stabilization of mental health and/or substance use issues and conditions through the provision of psychiatric assessment, behavioral health nursing services, medication administration, and social work services designed to alleviate crisis and refer individuals to the most appropriate levels of continued care.

c. What direct services will be provided to citizens by the appropriation project?

The 10-bed Emergency Department diversion unit serves all individuals from the Leon and surrounding counties who are experiencing a mental health and/or substance use emergency and will provide on-site evaluation, treatment, and stabilization as well as aftercare plans to ensure quality outcomes.

d. Who is the target population served by this project? How many individuals are expected to be served?

The 10-bed Emergency Department diversion unit will serve adults and children in need of mental health and/or substance use services in Leon and the surrounding counties. The 10-bed diversion unit will serve approximately 3,300 individuals in need of crisis mental health and/or substance use services and will be operable on a 24/7 basis.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The 10-bed diversion unit will provide immediate psychiatric treatment for individuals presenting to the Emergency Department in psychiatric crisis which will result in a reduction in recidivism. The 10-bed unit will be monitored through already existing measures and levels of recidivism will be measured prior to and following implementation of the unit.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

P	Behavioral health treatment has consistently been named as the top concern in Community Health Needs Assessments conducted by Tallahassee Memorial Healthcare in the past several years.
