I. SUMMARY:

This bill revises the date for which a veteran is determined to be a Vietnam Era veteran. The Vietnam Era is redefined as the time period beginning February 28, 1961 to May 7, 1975.

II. SUBSTANTIVE RESEARCH:

A. PRESENT SITUATION:

The Florida Statutes define the term "veteran" as a person who served in the active military, naval, or air service and who was discharged or released under honorable condition or who later received an upgraded discharge under honorable conditions. To receive any benefits granted to wartime veterans under Florida Law, a veteran must have served during one of the periods of wartime service as defined in the statutes. Currently, s. 1.01(14), F.S., designates the time period of *August 5, 1964, to May 7, 1975*, as the Vietnam Era.

Wartime veterans are afforded certain benefits under Florida Law. Pursuant to s. 295.07(1)(c), F.S., the state and its political subdivisions must give preference in appointment and retention in positions of employment to, among others, wartime veterans. Pursuant to s. 295.08, F.S., preference points for wartime veterans, among others, are granted in competitive examinations with the state or its political subdivisions, provided they have otherwise obtained a qualifying score on the examination for the position. Pursuant to s. 295.125, F.S., Vietnam wartime veterans are to be given preference, under certain conditions, in determining order of admission or acceptance into state supported vocational-technical schools. Pursuant to s. 296.08, F.S., veterans with wartime service are granted admittance priority into the Florida Veteran's Domiciliary Home. Pursuant to s. 296.36, F.S., wartime veterans are eligible for admittance into a Florida Veteran's Nursing Home.

Veterans may also be eligible for retirement credit under the Florida Retirement System (FRS). Pursuant to s. 121.111(1), F.S., FRS members who take a leave of absence to serve in the military, under specified conditions, can obtain credit in the FRS for their military service. Pursuant to subsection (2), wartime veterans, as defined in s. 1.01(14), F.S., and under specified conditions, may purchase up to 4 years credit in FRS for the time they spent serving in the military.

Additional benefits are also available to certain wartime and peacetime disabled veterans under Florida Law.

B. EFFECT OF PROPOSED CHANGES:

The Vietnam Era is redefined as the time period beginning February 28, 1961 to May 7, 1975. Current law designates the Vietnam Era as the time period of August 5, 1964, to May 7, 1975. Thus, the bill increases the number of veterans that may benefit from statutory benefits granted to wartime veterans.

V. COMMENTS:

The Division of Retirement, Department of Management Services, comments in its bill analysis dated March 9, 1998, that:

This bill would include activity duty wartime service for both those veterans who did and did not physically serve in the Republic of Vietnam, thereby offering benefits beyond those allowed in federal law and increasing the number of FRS members eligible to claim this service.

The Fiscal Note of the analysis states:

This bill, as drafted, will not have a significant actuarial impact on the FRS Trust Fund and does not require a rate increase at this time.

The Department of Veterans Affairs has concerns that the state is defining veterans for the Vietnam Era outside the designated dates of the federal definition.

VI. AMENDMENTS OR COMMITTEE SUBSTITUTE CHANGES:

An amendment was contemplated by the sponsor which would have conformed the House Bill with the Senate companion bill. However, the Senate voted on April 2, 1998, not to adopt the amendment, sponsored by Senator Harris, and adopted by the Senate Committee on Community Affairs.

The amendment provided a wartime veteran was considered a veteran of the Vietnam Era during the revised dates, only if "wartime service" was served in the Republic of Vietnam. The Department of Veterans Affairs (department) has stated that this language would create a burden on the department to verify Florida resident veterans who actually served in the Republic of Vietnam. The department further states that, in some cases, military records are not clear or are not available (for national security reasons), as to where some members of the armed forces actually served.

The sponsor of the House Bill has indicated that he no longer desires to place the identical amendment on the House Bill.
