1       STATEMENT OF SUBSTANTIAL CHANGES CONTAINED IN COMMITTEE SUBSTITUTE FOR         2       SB 336         3       The Committee Substitute differs from Senate Bill 336 in that it amends s. 240 l163, F.S., rather than creating a new statute in conflict with that section. It permits a school as either on advanced placement on a honly or course, rather than requiring the same weight for all three. It would also allow a student to earn college credit as permitted by either the advanced placement program or the dual enrollment program in a course that was designated as both.         9       9         10       11         12       13         14       15         15       16         16       17         17       18         18       19         19       20         21       22         23       23         24       24
