I. Summary:

The Division of Statutory Revision of the Office of Legislative Services is required, by statute, to conduct a systematic and continuing study of the Florida Statutes. The purpose of this study is to recommend to the Legislature changes that will remove inconsistencies, redundancies, and unnecessary repetition from the statutes; improve clarity and facilitate correct interpretation; correct grammatical and typographical errors; and delete obsolete, repealed, or superseded provisions. These recommendations are submitted to the Legislature in the form of technical, nonsubstantive reviser's bills.

This is a general reviser's bill, covering volume 3 of the Florida Statutes, to delete expired or obsolete language; correct cross-references and grammatical or typographical errors; remove inconsistencies and redundancies from the statutes; improve the clarity of the statutes and facilitate their correct interpretation; and confirm the restoration of provisions unintentionally omitted from republication in the acts of the Legislature during the amendatory process. A reviser's bill cannot be amended except to delete a bill section.

This bill repeals the following sections of the Florida Statutes: ss. 455.557(2)(a) and 468.1695(4).

II. Present Situation:

The Division of Statutory Revision, under the authority and requirements of s. 11.242, Florida Statutes, submits reviser's bills to the rules committees of both houses as needed. General reviser's bills to clean up obsolete language, update cross-references, and correct grammatical and typographical errors and the like are submitted every year.

III. Effect of Proposed Changes:

The effect of this bill is of a technical nature only; reviser's bills do not contain substantive changes. The bill will clean up grammatical and similar errors in volume 3 of the Florida Statutes.
