EDUCATION K-12
FINAL ANALYSIS**

BILL #: HB 33 (Passed as SB 842)
RELATING TO: Grade Forgiveness Policies
SPONSOR(S): Representative Wasserman Schultz
TIED BILL(S): None

ORIGINATING COMMITTEE(S)/COMMITTEE(S) OF REFERENCE:

I. SUMMARY:

Current law requires school districts to adopt policies to assist students in meeting high school graduation requirements. These policies may include grade forgiveness policies.

HB 33 requires that beginning in the 2000-2001 school year, forgiveness policies for required courses be limited to replacing a grade of "D" or "F," or the equivalent, with a grade of "C" or higher, or the equivalent, earned subsequently in the same or comparable course. Yet, the forgiveness policy for elective courses must be limited to replacing a grade of "D" or "F," or the equivalent, with a grade of "C" or higher, or the equivalent, earned subsequently in another course. It requires that course grades for courses not replaced under the provisions of the forgiveness policy be included in the calculation of the cumulative grade point average (GPA) required for graduation.

The effective date of the bill is July 1, 2000.

HB 33 will have a fiscal impact on school districts and the state because a more stringent grade forgiveness policy will require some students to take a greater number of courses to meet the cumulative 2.0 GPA graduation requirement. Data is not available to estimate the increased cost.

II. SUBSTANTIVE ANALYSIS:

B. PRESENT SITUATION:

Courses Required for Graduation

Section 232.246(1), F.S., outlines courses required for high school graduation. Graduation requires successful completion of either a minimum of 24 academic credits in grades 9 through 12 or an International Baccalaureate curriculum. The 24 credits are distributed as follows:

- Four credits in English.
- Three credits in mathematics (one of these credits must be Algebra I, a series of courses equivalent to Algebra I, or a higher-level mathematics course).
- Three credits in science.
- One credit in American history.
- One credit in world history.
- One-half credit in economics.
- One-half credit in American government.
- One credit in practical arts career education/exploratory career education/performing fine arts.
- One-half credit in life management.
- One credit in physical education.
- Eight and one-half elective credits.

Graduation Standards

Section 232.246(5), F.S., requires that each district school board establish standards for graduation for its schools. These standards include:

- Earning passing scores on the high school competency test.
- Completion of all other applicable requirements prescribed by the district school board pursuant to s. 232.245, F.S.
- Achievement of a cumulative grade point average of 1.5 on a 4.0 scale, or its equivalent, for students entering 9th grade before the 1997-1998 school year; however, these students must earn a cumulative grade point average of 2.0 on a 4.0 scale, or its equivalent, in courses for graduation that are taken after July 1, 1997, or have an overall cumulative grade point average of 2.0 or above.

- Achievement of a cumulative grade point average of 2.0 on a 4.0 scale, or its equivalent, in courses required for graduation, for students entering 9th grade in the 1997-1998 school year and thereafter.

Grade Forgiveness Policies

Section 232.246(5)(e)1., F.S., requires school districts to adopt policies designed to assist students in meeting the GPA requirements for graduation. These policies may include, but are not limited to: **forgiveness policies**, summer school attendance, special counseling, volunteer and/or peer tutors, school-sponsored help sessions, homework hotlines, and skills classes.

C. EFFECT OF PROPOSED CHANGES:

HB 33 requires that beginning in the 2000-2001 school year, forgiveness policies for required courses be limited to replacing a grade of "D" or "F," or the equivalent, with a grade of "C" or higher, or the equivalent, earned subsequently in the same or comparable course. Yet, the forgiveness policy for elective courses must be limited to replacing a grade of "D" or "F," or the equivalent, with a grade of "C" or higher, or the equivalent, earned subsequently in another course. It requires that course grades not replaced under the provisions of the forgiveness policy be included in the calculation of the cumulative GPA required for graduation.

D. SECTION-BY-SECTION ANALYSIS:

Section 1: Amends s. 232.246(5), F.S., relating to grade forgiveness policies, revising requirements for district grade forgiveness policies.

Section 2: Specifies an effective date of July 1, 2000.

III. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT:

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

2. Expenditures:

There will be an increased cost to the state for additional courses taken by students in order to achieve the GPA required for graduation. Data is not available to determine the additional cost.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:
