#### B. PRESENT SITUATION:

Section 212.18, Florida Statutes, provides for the administration of law relating to sales tax collections and the registration of dealers required to collect such taxes. Subsection (3) of that section requires every person who conducts business as a dealer in this state, leases or rents specified property or accommodations, or collects admissions to file an application for a certificate of registration for each place of business. A \$5 registration fee is required to accompany the application.

Subsection (5) of that same section provides that, in addition to any other fee imposed by the chapter, persons who hold a certificate of registration granted under subsection (3) and who had taxable sales or purchases during the preceding calendar year of \$30,000 or more shall pay an additional annual registration fee for each certificate of registration granted. For certificate holders with taxable sales or purchases during the preceding calendar year of at least \$30,000, but not more than \$200,000, the fee is \$25. For certificate holders with taxable sales or purchases during the preceding calendar year of \$200,000 or more, the fee is \$50. The maximum fee for any dealer filing a consolidated return is capped at \$10.000.

The revenues generated by the collection of the fee are transferred to the Treasurer and deposited in the Department of Environmental Protection's Solid Waste Management Trust Fund.

In 1988, the Legislature created the Solid Waste Management Trust Fund to fund the solid waste activities of the Department of Environmental Protection (DEP), make grants and awards to local governments, and provide funding for research, demonstration, and training by state and private universities and colleges (s. 403.709(1), F.S.). While DEP administers the fund, funding is generated from many sources. Sources of revenue for which the Department of Revenue collects and makes distributions to the fund include the wast tire fee (s. 403.718, F.S.), a sales tax collection allowance of .2 percent (s. 212.20(6)(f)2., F.S.), and an annual sales tax registration fee collected from certain dealers (s. 212.18(5), F.S.).

#### C. EFFECT OF PROPOSED CHANGES:

This bill repeals subsection (5) of s. 212.18, F.S., to abolish the additional annual registration fee charged for each certificate of registration granted to a dealer who had taxable sales or purchases of \$30,000 or more during the previous calendar year. The bill also repeals s. 212.20(6)(d), F.S., which provides for distribution of the additional registration fee in the Solid Waste Management Trust Fund. The bill amends other provisions to conform to the repeal.

#### D. SECTION-BY-SECTION ANALYSIS:

**Section 1** abolishes the additional fee charged for a certificate of registration and repeals subsection (5) of s. 212.18, F.S.

**Section 2** deletes the requirement that the proceeds from the fee be deposited in the Solid Waste Management Trust Fund within the DEP and deletes the requirement for the Department of Revenue to transfer the funds generated from the collection of the fee to the Treasurer. The section amends subsection (1) of s. 212.20, F.S., and repeals paragraph (d) of that subsection.

**Section 3** changes cross references to reflect the repeal of paragraph (d) of subsection (1) of s. 212.20, F.S., and amends subsections (5) and (6) of s. 218.65, F.S.

**Section 4** changes cross references to reflect the repeal of paragraph (d) of subsection (1) of s. 212.20, F.S., and amends s. 288.1169, F.S.

**Section 5** provides that the bill will take effect upon becoming a law.
