For any principle that received a "no" above, please explain:

B. PRESENT SITUATION:

The Dorcas Fire District (District) was created in September 1995, by county ordinance #84-39. The purpose of the District is to provide fire protection and other services in emergency and crisis situations for the benefit of the residents and properties within the District.

C. EFFECT OF PROPOSED CHANGES:

The bill states the District must travel through both the City of Crestview and the North Okaloosa Fire District in response to any call in the following described property and the property is immediately adjacent to the North Okaloosa Fire District.

The bill provides a referendum for this special act and the special act creating the charter for the North Okaloosa Fire District. The bill describes property that will be served by the North Okaloosa Fire District and the property that will no longer to be served by the Dorcas Fire District.

D. SECTION-BY-SECTION ANALYSIS:

- Section 1. States Legislative intent that the District personnel must travel through both the City of Crestview and the North Okaloosa Fire District in response to any call in the property that is described in the bill; states that the property is immediately adjacent to the North Okaloosa Fire District.
- Section 2. Providing that contingent on passage of a referendum codifying the county ordinances and creating the charter for the North Okaloosa Fire District, the following described property shall be served by the North Okaloosa Fire District; provides boundary description of an area no longer to be served by the Dorcas Fire District.
- Section 3. Provides contingent effective date of House Bill 979, the North Okaloosa Fire District, becoming law, after approval by voters.

D. ECONOMIC IMPACT STATEMENT FILED? Yes, attached No

IV. COMMENTS:

A. CONSTITUTIONAL ISSUES:

N/A

B. RULE-MAKING AUTHORITY:

N/A

C. OTHER COMMENTS:

The 2001 Economic Impact Statement estimates costs of administration, implementation, and enforcement for expenditures are \$750 for fiscal year (FY) 2001-2002 and FY 2002-2003. The local anticipated source of funding is \$900 for FY 2001-2002 and FY 2002-2003. The anticipated decreased revenue is \$900 for FY 2001-2002 and FY 2002-2003. According to the 2001 Economic Impact Statement, the estimated economic impact on individuals, businesses, or government's advantage is the homes and business will receive better fire and emergency coverage's due to the closer proximity of North Okaloosa Fire District to this area. For Dorcas Fire District to get to this area we would have to drive 25-27 miles one way through the city limits of Crestview to reach someone's home in the event of an emergency. The disadvantage is the North Okaloosa Fire District assesses more per home and also assesses vacant property in their fire district, than Dorcas Fire District, currently assesses. This estimate is based on information provided by the 2000 Okaloosa County Tax Roll.

V. AMENDMENTS OR COMMITTEE SUBSTITUTE CHANGES:

A technical amendment is needed to clarify that the district's charter is being codified rather than created.
