B. PRESENT SITUATION:

The Rainbow Lakes Estates Municipal Service District was created by a majority of the electors of the District voting in a special election held on November 18, 1969, pursuant to chapter 69-1298, Laws of Florida. Approximately 329 of the 550 qualified electors voted in favor of the measure while 65 were against it. The district was created to provide services such as road construction and maintenance, water, sewer and electricity when the developer of the area, AMREP, pulled out. AMREP pulled out of the area in January 1969 but agreed to continue supplying the needed services until November 1970. The District is authorized by chapter 69-1298, Laws of Florida, made effective upon the approval of the electors, and Article VII, section 9 of the State Constitution to levy an ad valorem maintenance tax upon all taxable real and personal property within the District not to exceed 3 mills during any one year.

**Codification**

Codification is the process of bringing a special act up-to-date. After a special district is created, special acts often amend or alter the special district's charter provisions. To ascertain the current status of a special district's charter, it is necessary to research all amendments or changes made to the charter since its inception or original passage by the Legislature. Codification of special district charters is important because it allows readers to more easily determine the current charter of a district.

Codification of special district charters was authorized by the 1997 Legislature when it amended chapter 189, Florida Statutes, to provide for codification of all special district charters either by December 1, 2001, or when any act relating to such district is introduced to the Legislature, whichever occurs first. Section 189.429, Florida Statutes (1997), also required that no changes be made to a district's charter, as it existed on October 1, 1997. However, the 1998 Legislature amended section 189.429, Florida Statutes, to: (1) extend the codification deadline to December 1, 2004; (2) allow for the adoption of the codification schedule provided for in an October 3, 1997, memorandum issued by the Chair of the Committee on Community Affairs; (3) remove the prohibition of substantive amendments in a district's codification bill; and (4) remove the requirement that a codified charter must be submitted prior to the introduction of any act relating to the charter or prior to the scheduled deadline. Any codified act relating to a special district must provide for the repeal of all prior special acts of the Legislature relating to the district.

**Status Statement Language**

Section 189.404(5), Florida Statutes, provides that after October 1, 1997, the charter of any newly created special district shall contain and, as practical, the charter of a preexisting special district shall be amended to contain, a reference to the status of the special district as dependent or independent. When necessary, the status statement shall be amended to conform to the department's determination or declaratory statement regarding the status of the district.

**Schedule of Submittals of Special Districts' Charters**

Special Districts with less than 2 special acts	1999 Legislative Session
Special Districts with 3 - 4 special acts	2000 Legislative Session
Special Districts with 5 - 7 special acts	2001 Legislative Session
Special Districts with 8 - 12 special acts	2002 Legislative Session
Special Districts with more than 12 special acts	2003 Legislative Session
Special Fire Control Districts	2004 Legislative Session

Since the enactment of sections 189.429 and 191.015, Florida Statutes, 89 special districts have codified their charters. A list of those special districts that have codified pursuant to sections 189.429 and 191.015, Florida Statutes, is available at the office of the Committee on Local Government and Veterans Affairs, Florida House of Representatives.

**C. EFFECT OF PROPOSED CHANGES:**

The bill codifies chapters 69-1298 and 97-375, Laws of Florida, relating to the Rainbow Lakes Estates Municipal Service District (District) into a single act. This bill makes substantive changes to the charter, including: granting authority to borrow money and issue evidences of indebtedness; and providing for the appointment of an advisory committee. This bill also makes other changes to the charter including: describing the purpose of the District; describing the powers, functions, and duties of the district regarding ad valorem taxation, bond issuance, other revenue-raising capabilities, budget preparation and approval, liens and foreclosure of liens, use of tax deeds and tax certificates as appropriate for non-ad valorem assessments, and contractual agreements; describing the method for establishing the District; describing that the District's charter may only be amended by special act of the Legislature; describing the membership and organization of the governing board of the District; describing the maximum compensation of a governing board member; describing the administrative duties of the governing board of the District; describing the applicable financial disclosure, notices, and reporting requirements; describing the procedures and requirements for issuing bonds; describing the procedures for conducting District elections or referenda; describing the methods for financing the District; describing the authorized millage levy for ad valorem taxes; describing the method for collecting non-ad valorem assessments, fees, or services charges; describing the District's planning requirements; describing geographic boundary limitations. However, these changes to the charter do not appear to alter the effect of existing law pertaining to the District.
