456.079. 1 Such recommendations for administrative and 2 (10) 3 statutory changes necessary to facilitate efficient and 4 cost-effective operation of the department and the various 5 boards. 6 Section 88. Section 456.073, Florida Statutes, is 7 reenacted to read: 456.073 Disciplinary proceedings.--Disciplinary 8 9 proceedings for each board shall be within the jurisdiction of 10 the department. (1) The department, for the boards under its 11 12 jurisdiction, shall cause to be investigated any complaint 13 that is filed before it if the complaint is in writing, signed by the complainant, and legally sufficient. A complaint is 14 15 legally sufficient if it contains ultimate facts that show that a violation of this chapter, of any of the practice acts 16 17 relating to the professions regulated by the department, or of any rule adopted by the department or a regulatory board in 18 the department has occurred. In order to determine legal 19 20 sufficiency, the department may require supporting information 21 or documentation. The department may investigate, and the department or the appropriate board may take appropriate final 22 action on, a complaint even though the original complainant 23 24 withdraws it or otherwise indicates a desire not to cause the 25 complaint to be investigated or prosecuted to completion. The department may investigate an anonymous complaint if the 26 27 complaint is in writing and is legally sufficient, if the alleged violation of law or rules is substantial, and if the 28 department has reason to believe, after preliminary inquiry, 29 30 that the violations alleged in the complaint are true. The 31 department may investigate a complaint made by a confidential

informant if the complaint is legally sufficient, if the 1 alleged violation of law or rule is substantial, and if the 2 3 department has reason to believe, after preliminary inquiry, 4 that the allegations of the complainant are true. The 5 department may initiate an investigation if it has reasonable 6 cause to believe that a licensee or a group of licensees has 7 violated a Florida statute, a rule of the department, or a rule of a board. Except as provided in ss. 458.331(9), 8 459.015(9), 460.413(5), and 461.013(6), when an investigation 9 10 of any subject is undertaken, the department shall promptly furnish to the subject or the subject's attorney a copy of the 11 12 complaint or document that resulted in the initiation of the 13 investigation. The subject may submit a written response to the information contained in such complaint or document within 14 15 20 days after service to the subject of the complaint or 16 document. The subject's written response shall be considered 17 by the probable cause panel. The right to respond does not 18 prohibit the issuance of a summary emergency order if necessary to protect the public. However, if the secretary, or 19 the secretary's designee, and the chair of the respective 20 21 board or the chair of its probable cause panel agree in writing that such notification would be detrimental to the 22 investigation, the department may withhold notification. The 23 24 department may conduct an investigation without notification 25 to any subject if the act under investigation is a criminal offense. 26

(2) The department shall allocate sufficient and
adequately trained staff to expeditiously and thoroughly
determine legal sufficiency and investigate all legally
sufficient complaints. For purposes of this section, it is the
intent of the Legislature that the term "expeditiously" means

Amendment No. \_\_\_\_ (for drafter's use only)

that the department complete the report of its initial 1 2 investigative findings and recommendations concerning the 3 existence of probable cause within 6 months after its receipt 4 of the complaint. The failure of the department, for 5 disciplinary cases under its jurisdiction, to comply with the 6 time limits of this section while investigating a complaint 7 against a licensee constitutes harmless error in any 8 subsequent disciplinary action unless a court finds that 9 either the fairness of the proceeding or the correctness of 10 the action may have been impaired by a material error in procedure or a failure to follow prescribed procedure. When 11 12 its investigation is complete and legally sufficient, the 13 department shall prepare and submit to the probable cause panel of the appropriate regulatory board the investigative 14 15 report of the department. The report shall contain the 16 investigative findings and the recommendations of the 17 department concerning the existence of probable cause. The department shall not recommend a letter of guidance in lieu of 18 finding probable cause if the subject has already been issued 19 20 a letter of guidance for a related offense. At any time after legal sufficiency is found, the department may dismiss any 21 case, or any part thereof, if the department determines that 22 there is insufficient evidence to support the prosecution of 23 allegations contained therein. The department shall provide a 24 25 detailed report to the appropriate probable cause panel prior to dismissal of any case or part thereof, and to the subject 26 27 of the complaint after dismissal of any case or part thereof, under this section. For cases dismissed prior to a finding of 28 probable cause, such report is confidential and exempt from s. 29 30 119.07(1). The probable cause panel shall have access, upon 31 request, to the investigative files pertaining to a case prior

to dismissal of such case. If the department dismisses a case,
 the probable cause panel may retain independent legal counsel,
 employ investigators, and continue the investigation and
 prosecution of the case as it deems necessary.

5 (3) As an alternative to the provisions of subsections 6 (1) and (2), when a complaint is received, the department may 7 provide a licensee with a notice of noncompliance for an initial offense of a minor violation. Each board, or the 8 9 department if there is no board, shall establish by rule those 10 minor violations under this provision which do not endanger the public health, safety, and welfare and which do not 11 12 demonstrate a serious inability to practice the profession. 13 Failure of a licensee to take action in correcting the violation within 15 days after notice may result in the 14 15 institution of regular disciplinary proceedings.

(4) The determination as to whether probable cause 16 17 exists shall be made by majority vote of a probable cause panel of the board, or by the department, as appropriate. Each 18 regulatory board shall provide by rule that the determination 19 20 of probable cause shall be made by a panel of its members or by the department. Each board may provide by rule for multiple 21 probable cause panels composed of at least two members. Each 22 board may provide by rule that one or more members of the 23 24 panel or panels may be a former board member. The length of term or repetition of service of any such former board member 25 on a probable cause panel may vary according to the direction 26 27 of the board when authorized by board rule. Any probable cause panel must include one of the board's former or present 28 consumer members, if one is available, is willing to serve, 29 30 and is authorized to do so by the board chair. Any probable cause panel must include a present board member. Any probable 31

cause panel must include a former or present professional 1 2 board member. However, any former professional board member 3 serving on the probable cause panel must hold an active valid 4 license for that profession. All proceedings of the panel are 5 exempt from s. 286.011 until 10 days after probable cause has been found to exist by the panel or until the subject of the б 7 investigation waives his or her privilege of confidentiality. 8 The probable cause panel may make a reasonable request, and 9 upon such request the department shall provide such additional 10 investigative information as is necessary to the determination of probable cause. A request for additional investigative 11 12 information shall be made within 15 days from the date of 13 receipt by the probable cause panel of the investigative 14 report of the department or the agency. The probable cause 15 panel or the department, as may be appropriate, shall make its determination of probable cause within 30 days after receipt 16 17 by it of the final investigative report of the department. The secretary may grant extensions of the 15-day and the 30-day 18 time limits. In lieu of a finding of probable cause, the 19 20 probable cause panel, or the department if there is no board, may issue a letter of guidance to the subject. If, within the 21 22 30-day time limit, as may be extended, the probable cause panel does not make a determination regarding the existence of 23 24 probable cause or does not issue a letter of guidance in lieu 25 of a finding of probable cause, the department must make a determination regarding the existence of probable cause within 26 27 10 days after the expiration of the time limit. If the probable cause panel finds that probable cause exists, it 28 29 shall direct the department to file a formal complaint against 30 the licensee. complaint. If directed to do so, the department shall file a 1 2 formal complaint against the subject of the investigation and 3 prosecute that complaint pursuant to chapter 120. However, the 4 department may decide not to prosecute the complaint if it 5 finds that probable cause has been improvidently found by the 6 panel. In such cases, the department shall refer the matter to 7 the board. The board may then file a formal complaint and prosecute the complaint pursuant to chapter 120. The 8 9 department shall also refer to the board any investigation or 10 disciplinary proceeding not before the Division of Administrative Hearings pursuant to chapter 120 or otherwise 11 12 completed by the department within 1 year after the filing of a complaint. The department, for disciplinary cases under its 13 jurisdiction, must establish a uniform reporting system to 14 15 quarterly refer to each board the status of any investigation 16 or disciplinary proceeding that is not before the Division of 17 Administrative Hearings or otherwise completed by the department within 1 year after the filing of the complaint. 18 Annually, the department, in consultation with the applicable 19 probable cause panel, must establish a plan to expedite or 20 21 otherwise close any investigation or disciplinary proceeding that is not before the Division of Administrative Hearings or 22 otherwise completed by the department within 1 year after the 23 24 filing of the complaint. A probable cause panel or a board may retain independent legal counsel, employ investigators, 25 and continue the investigation as it deems necessary; all 26 27 costs thereof shall be paid from a trust fund used by the 28 department to implement this chapter. All proceedings of the probable cause panel are exempt from s. 120.525. 29 30 (5) A formal hearing before an administrative law judge from the Division of Administrative Hearings shall be 31

If any party raises 4 an issue of disputed fact during an informal hearing, the 5 hearing shall be terminated and a formal hearing pursuant to 6 chapter 120 shall be held.

7 (6) The appropriate board, with those members of the 8 panel, if any, who reviewed the investigation pursuant to 9 subsection (4) being excused, or the department when there is 10 no board, shall determine and issue the final order in each 11 disciplinary case. Such order shall constitute final agency 12 action. Any consent order or agreed-upon settlement shall be 13 subject to the approval of the department.

14 (7) The department shall have standing to seek15 judicial review of any final order of the board, pursuant to16 s. 120.68.

17 (8) Any proceeding for the purpose of summary 18 suspension of a license, or for the restriction of the 19 license, of a licensee pursuant to s. 120.60(6) shall be 20 conducted by the secretary of the Department of Health or his 21 or her designee, as appropriate, who shall issue the final 22 summary order.

(9)(a) The department shall periodically notify the person who filed the complaint, as well as the patient or the patient's legal representative, of the status of the investigation, indicating whether probable cause has been found and the status of any civil action or administrative proceeding or appeal.

(b) In any disciplinary case for which probable cause
has been found, the department shall provide to the person who
filed the complaint a copy of the administrative complaint
