I. SUMMARY:

This bill amends the authority of the City of Orlando's Police Department Pension Plan (the Plan) to remove the requirements for disability retirees to report earned income and to have their benefits offset in a subsequent year by such earned income. The bill also provides authority for the Plan's board of trustees to make limited amendments, with approval of the members, in order to maintain the Plan's tax qualification under the Internal Revenue Code. These changes bring the Plan into compliance with current statutory provisions

This bill has no impact on state revenues. According to the Economic Impact Statement, the bill provides compliance with federal and state law resulting in the availability of approximately \$2.2 million to the local government.

B. PRESENT SITUATION:

State Constitution

Article X, Section 14, State Constitution, provides that governmental units responsible for any retirement or pension system supported wholly or partially by public pension funds may not after January 1, 1977, provide any increase in benefits to members or beneficiaries unless concurrent provisions for funding the increase in benefits are made on a sound actuarial basis.

Statutory Authority

The Legislature adopted Part VII, Chapter 112, F.S., to implement the provisions of Article X, Section 14, State Constitution. Part VII, Chapter 112, F.S., also establishes minimum standards for operating and funding public employee retirement systems and plans.

The State Division of Retirement, pursuant to the authority of ch. 185, F.S, reviews local police pension and retirement plans. That review is part of a program within the Division of Retirement established to provide a uniform retirement system for the benefit of firefighters and police officers. The retirement systems or plans are to be managed, administered, operated and funded in such a manner as to maximize the protection of the Municipal Police Officers Retirement Trust Funds and the Firefighters Pension Trust Funds.

City of Orlando Police Department Pension Fund

The City's Plan was created by Chapter 22414, Laws of Florida (1943); and been repeatedly amended since. Currently, when a disability retiree, under the Plan, has earned income in any calendar year, the retiree must make a report of such earned income to the Plan's board of trustees by April 15th of the year following. The following year's benefits are offset by one dollar for each three dollars of earned income from the previous year. Additionally, there is no provision to allow the Plan to be amended by local ordinance in compliance with certain federal and state laws.

C. EFFECT OF PROPOSED CHANGES:

The bill removes the requirement that a disability retiree, under the Plan, report earned income to the Plan's board of trustees; and removes the earned income offset against benefits. Further, the bill provides the authority for the board of trustees to make limited amendments to the Plan in order to maintain the Plan's tax qualification under the Internal Revenue Code, provided such amendments are approved by the membership or their collective bargaining agent, if any.

D. SECTION-BY-SECTION ANALYSIS:

Section 1. Deletes Subsections 8(5) and (6), Chapter 22414, Laws of Florida (1943). Deletion of section 8(5) removes the requirement that a disability retiree's benefits be offset by one dollar for each three dollars of earned income received by the retiree in the previous year. Deletion of s. 8(6) removes the requirement for a disability retiree to make a report of earned income to the board of trustees by April 15th of the following year.

Section 2. Amends ch. 22414, Laws of Florida (1943), to add ss. 27(1) and (2). Section 27(1) adds authority to the legislative body of the City of Orlando to amend the Plan to the limited extent necessary to maintain Plan's tax qualification under the Internal Revenue Code. However, prior agreement must be obtained from the members or their collective bargaining agent, if any.

Section 3. Provides an effective date.
