I. SUMMARY:

Under current law, a number of possession offenses relating to fake, counterfeit or unlawfully issued driver's licenses and identification cards (ID cards) are punishable as third-degree felonies. Certain other lesser possession offenses related to driver's license and ID cards are punishable as second-degree misdemeanors.

The bill prohibits as a second-degree felony:

- The knowing, unauthorized sale, manufacture or delivery of blank, stolen, forged, fictitious, counterfeit, or unlawfully issued driver's licenses or ID cards.
- The knowing, unauthorized *offer of* sale, manufacture or delivery of blank, stolen, forged, fictitious, counterfeit, or unlawfully issued driver's licenses or ID cards.

Any state agency, including the Division of Alcoholic Beverages and Tobacco, may investigate these crimes.

The bill does not appear to have a fiscal impact on state or local governments.

II. SUBSTANTIVE ANALYSIS:

Less Government

The bill establishes a criminal penalty for certain activities relating to the sale, manufacture and delivery of fake or illegally obtained driver's licenses or identification cards.

B. PRESENT SITUATION:

Under current law, without prior authorization from DHSMV, it is unlawful to knowingly:

- possess or display any blank, forged, stolen, fictitious, counterfeit, or unlawfully issued driver's license or ID card, or any instrument resembling a driver's license or ID card;
- possess any instrument resembling a driver's license issued by DHSMV, its agents, or the corresponding agency of another state;
- possess any instrument resembling an ID card issued by DHSMV, its agents, or the corresponding agency of another state;

Violation of these provisions will usually constitute a third-degree felony. However, it is only a second-degree misdemeanor when a driver's license or ID card is unlawfully issued as a result of a person giving a false age in an application for a driver's license or an ID card, or when a person possesses a driver's license, identification card or a document resembling one of them, with an altered date of birth.

However, Florida law does not specifically prohibit a person from making or selling blank, forged, stolen, fictitious, counterfeit, or unlawfully issued driver's licenses, ID cards, or instruments resembling them.

C. EFFECT OF PROPOSED CHANGES:

The bill makes it a second-degree felony to knowingly sell, manufacture, or deliver a driver's license, ID card, or document resembling them, without authorization from DHSMV, that is:

- blank;
- forged;
- stolen;
- fictitious;
- counterfeit; or

- unlawfully issued.

In addition, the bill makes it a second-degree felony to knowingly *offer* to sell, manufacture, or deliver the items described above without authorization from DHSMV.

Violation of these prohibitions may be investigated by any state agency, including the Division of Alcoholic Beverages and Tobacco, and is punishable as a second-degree felony.

D. SECTION-BY-SECTION ANALYSIS:

**Section 1.** Provides that it is a second-degree felony to knowingly sell, manufacture or deliver, or to knowingly offer to sell, manufacture or deliver a blank, forged, stolen, fictitious, counterfeit, or unlawfully issued driver's license or ID card. Authorizes investigation by any state agency.

**Section 2.** Provides an effective date of October 1, 2002.
