Be It Enacted by the Legislature of the State of Florida:

Section 1. Physicians; rules establishing prescribing guidelines.—To minimize the diversion and resultant abuse of controlled substances, the Board of Medicine and the Board of Osteopathic Medicine shall adopt rules to establish guidelines for prescribing controlled substances to patients in emergency-department settings. Such guidelines must allow physicians to provide legitimate medical treatment of acute and chronic pain and require them to recognize and prevent abuse of pain medications prescribed in emergency-department settings. The guidelines must also consider requirements of state and federal law and of the Joint Commission on the Accreditation of Healthcare Organizations. Each board shall consult with the Florida College of Emergency Physicians in developing these guidelines.

Section 2. <u>Instruction required for certain licensees</u> in prescribing and pharmacology.--

(1) The appropriate professional licensing board shall require each person licensed under chapter 458, chapter 459, chapter 461, chapter 462, part I of chapter 464, or chapter 466, Florida Statutes, to complete a 1-hour educational course, approved by the board, on appropriate prescribing and pharmacology of controlled substances, as part of the licensee's initial license renewal after January 1, 2003. The course shall provide education in the state and federal laws and rules governing the prescribing and dispensing of controlled substances; in appropriate evaluation of patients for any risk of drug diversion and the resulting abuse of controlled substances; in the use of informed consent and other protocols, such as discussing the risks and benefits of

using controlled substances with patients, to prevent drug diversion; in the need to keep accurate and complete medical records to justify treatment with controlled substances; in addiction and substance-abuse issues with respect to patients; in the appropriate use of recognized pain-management guidelines; and in the need for consultation and referral of patients who are at risk for misuse of medication or diversion of controlled substances, when appropriate.

- (2) The board may approve additional equivalent courses that satisfy the requirements of subsection (1). Each licensing board that requires a licensee to complete an educational course pursuant to this section shall include the hours required to complete the course in the total required continuing educational requirements.
- (3) Any person who holds two or more licenses subject to this section may satisfy the requirements of this section by taking only one such board-approved course for relicensure of all such licenses.
- is subject to disciplinary action under each respective practice act and section 456.072(1)(k), Florida Statutes. In addition to disciplinary action by the board, the licensee must complete the course no later than 1 year first receiving notice of disciplinary action pursuant to this section. Unless the board grants the licensee a waiver for good cause shown, the licensee forfeits the privilege to prescribe or dispense controlled substances until the licensee completes the course.
- (5) The board shall require, as a condition of granting a license under the chapter specified in subsection (1), that an applicant for initial licensure complete an educational course set forth in subsection (1). An applicant

who has not taken a course at the time of licensure shall be 2 allowed 6 months within which to complete this requirement. 3 The board may adopt rules necessary to administer 4 this section. 5 Section 3. Emergency suspension orders; controlled 6 substances. -- Upon receipt of sufficient evidence from any 7 agency authorized to enforce chapter 893, Florida Statutes, regarding a violation of section 458.331(1)(q), section 8 9 458.331(1)(r), section 458.331(1)(aa), section 459.015(1)(t), section 459.015(1)(u), section 459.015(1)(ee), section 10 461.013(1)(o), section 461.013(1)(p), section 461.013(1)(dd), 11 12 section 462.14(1)(q), section 462.14(1)(r), section 13 462.14(1)(aa), section 464.018(1)(i), section 465.016(1)(e), 14 section 465.016(1)(i), section 466.028(1)(p), section 466.028(1)(q), section 466.028(1)(r), or section 15 466.028(1)(dd), Florida Statutes, or of chapter 893, Florida 16 17 Statutes, by a licensed health care practitioner who is authorized to prescribe, dispense, or administer controlled 18 19 substances, the Department of Health shall review the case and 20 if there is a reason to believe that the practitioner is a danger to the public health, safety, or welfare as set forth 21 in section 120.60(6), Florida Statutes, shall recommend the 22 23 suspension or restriction of the practitioner's license to the 24 Secretary of Health within 10 working days after receiving such evidence. If a sufficient basis is found to exist, the 25 26 Secretary of Health must suspend or restrict the license of 27 the practitioner in accordance with section 120.60(6), Florida 28 Statutes. 29 Section 4. Sharing of arrest, formal-charging, and other information regarding health care practitioners .--30 31 6

(1) In order to facilitate the efficiency of the Department of Health's investigation of applicable violations involving the diversion of controlled substances by such practitioners, or other violations of criminal law that may adversely affect a practitioner's licensed practice, any law enforcement agency that arrests a person known or suspected to be a health care practitioner licensed by the state shall promptly notify the Department of Health and provide it with:

- (a) Notice of the arrest, including the name of the arresting agency and lead investigator, detective, or officer in the case;
  - (b) The name of the person charged;

- (3) The Medical Examiners Commission within the

  Department of Law Enforcement shall report to the Department
  of Health quarterly any information, including the medical
  history and medical care at the time of death, which is in its
  possession regarding the deaths of persons whose proximate
  cause of death was lethal levels of controlled substances in

their bodies as such information has been reported to the commission by the medical examiners within the state.

- enforcement agency or notice of formal charging by a prosecuting entity, the Department of Health or the board having regulatory authority over the practitioner shall investigate any information received and determine whether it has reasonable grounds to believe that the practitioner has violated any law or rule relating to the practitioner's practice and shall take appropriate licensure action as provided by law or rule. If the Department of Health receives information pursuant to this section which suggests that the person arrested or charged is also licensed by the state in another field or profession, the Department of Health shall forward such information to the appropriate licensing entity for review and appropriate licensure action as provided by law or rule.
- (5) To help the Department of Health and regulatory boards control the diversion and resultant abuse of controlled substances, the Department of Health and the Department of Law Enforcement shall study the feasibility of expanding the electronic exchange of information to facilitate the transfer to the Department of Health of criminal-history information involving licensed health care practitioners who are authorized to prescribe, administer, or dispense controlled substances. The study must address whether the collection and retention of fingerprint information concerning licensed health care practitioners subject to the profiling provisions of sections 456.039 and 456.0391, Florida Statutes, is advisable as a means of better regulating such practitioners and guarding against abuse of the privileges of such licensure

Electronic monitoring system for 10

prescriptions.--

(1) By July 1, 2003, the Bureau of Pharmacy Services of the Department of Health shall design and establish an electronic system consistent with the National Council of Prescription Drug Programs (NCPDP) standards or the American Society for Automation in Pharmacy (ASAP) standards to monitor the prescribing of Schedule II controlled substances; other drugs designated by rule by the Secretary of Health under this section; and codeine, hydrocodone, dihydrocodeine, ethylmorphine, and morphine, as scheduled in Schedule II and Schedule III, by health care practitioners within the state or the dispensing of such controlled substances to an address within the state by a pharmacy permitted or registered by the Board of Pharmacy. The Bureau of Pharmacy Services of the Department of Health may administer or contract for the administration of the electronic monitoring system established under this section.

(2) All Schedule II controlled substances; codeine, hydrocodone, dihydrocodeine, ethylmorphine, and morphine as scheduled in Schedule II and Schedule III; and any other drug designated by the Secretary of Health under this section shall

be included in the electronic monitoring system. The Secretary of Health may, by rule, designate any other drug for inclusion in such system after consideration of the following:

- (a) Whether the substance has been rescheduled by rule adopted by the United States Attorney General pursuant to s.

  201 of the Comprehensive Drug Abuse Prevention and Control Act of 1970, 21 U.S.C. s. 811.
- (b) The substance's actual or relative potential for abuse as defined in chapter 893, Florida Statutes.

- (i) The recommendations of the prescription monitoring advisory council.
- (3) Beginning September 1, 2002, or upon the effective date of the rule prescribing the format for the electronic monitoring system, whichever occurs later, each controlled substance or drug subject to this section which is dispensed in this state must be timely reported to the Bureau of Pharmacy Services of the Department of Health. Such data must be reported each time that:
  - (a) A Schedule II controlled substance is dispensed;
- (b) A drug that is designated by the Secretary of Health under subsection (2) is dispensed; or

1	(c) Codeine, hydrocodone, dihydrocodeine,
2	ethylmorphine, or morphine as scheduled in Schedule II and
3	Schedule III is dispensed.
4	(4) This section does not apply to controlled
5	substances or drugs:
6	(a) Ordered from an institutional pharmacy licensed

8	the institutional policy for such controlled substances or
9	drugs; or
10	(b) Administered or prescribed by a health care
11	practitioner to a patient or resident receiving care from a

14	developmentally disabled which is licensed in this state.
15	(5) The data required under this section includes:

21	(e) The quantity of substance dispensed.
22	(f) The dispenser's National Association of Board's of
23	Pharmacy (NABP) number.

25	Enforcement Administration Number.
26	(6) The information must be reported within 30 days
27	after the date the controlled substance or drug is dispensed.
28	(7) A dispenser must transmit the information required
29	by this section in an electronic format approved by rule of
30	the Board of Pharmacy after consultation with the advisory
31	council and the Bureau of Pharmacy Services of the Department

of Health unless a specific waiver is granted to that dispenser by the Bureau of Pharmacy Services. The information transmitted may be maintained by any department receiving it for up to 12 months. However, any department receiving such information may maintain it longer than 12 months if the information is pertinent to an ongoing investigation arising under this act. Notwithstanding section 119.041, Florida Statutes, the information transmitted under this section for each prescription dispensed must be purged from the electronic monitoring system within 2 years after the date of the prescription. For purposes of this subsection, a refill of a prescription is a new prescription.

- (8) The Bureau of Pharmacy Services of the Department of Health shall establish a 17-member prescription-monitoring advisory council to assist it in identifying drugs of abuse to be recommended to the Secretary of Health and annually to the Legislature for inclusion in the monitoring system and in implementing the system.

- (9) The Bureau of Pharmacy Services of the Department of Health shall use the electronic system established under this section for the purpose of identifying licensees and patients who engage in fraudulent or illegal practices relating to the use or prescribing of controlled substances. Cases may be referred to the appropriate licensing board or to an appropriate law enforcement agency for investigation if a physician or dentist licensed under chapter 458, chapter 459, chapter 461, or chapter 466 and an attorney for the state determine that reasonable cause exists to believe that the patient or licensee has engaged in fraudulent or illegal activity. If the licensee holds a license under chapter 458, chapter 459, chapter 461, or chapter 466, the consulting physician or dentist must hold a license under the same chapter as the licensee.
- (10) The Bureau of Pharmacy Services of the Department of Health shall use the electronic monitoring system established under this section to identify licensed health care practitioners who may be involved, knowingly or unknowingly, in the unauthorized prescribing, dispensing, or receipt of controlled substances or drugs of abuse, whether by

- (11) Funds from the Medical Quality Assurance Trust Fund may not be used to establish, use, or maintain the electronic monitoring system.
- (12) The Bureau of Pharmacy Services of the Department of Health shall adopt rules pursuant to section 120.536(1) and section 120.574, Florida Statutes, necessary to administer this section.

Section 6. Subsections (1) and (9) of section 456.033, Florida Statutes, are amended to read:

456.033 Requirement for instruction for certain licensees on HIV and AIDS.--

(1) The appropriate board shall require each person licensed or certified under chapter 457; chapter 458; chapter 459; chapter 460; chapter 461; chapter 463; part I of chapter 464; chapter 465; chapter 466; part II, part III, part V, or part X of chapter 468; or chapter 486 to complete a continuing educational course, approved by the board, on human immunodeficiency virus and acquired immune deficiency syndrome as part of biennial relicensure or recertification. Such course shall include information on current Florida law on acquired immune deficiency syndrome and its impact on testing, confidentiality of test results, treatment of patients, and any protocols and procedures applicable to human immunodeficiency virus counseling and testing, reporting, the offering of HIV testing to pregnant women, and partner notification issues pursuant to ss. 381.004 and 384.25.

- (9)(a) In lieu of completing a course as required in subsection (1), the licensee may complete a course in end-of-life care and palliative health care, so long as the licensee completed an approved AIDS/HIV course in the immediately preceding biennium.
- (b) In lieu of completing a course as required by subsection (1), a person licensed under chapter 466 who has completed an approved AIDS/HIV course in the immediately preceding 2 years may complete a course approved by the Board of Dentistry.

may enter an order imposing one or more of the following penalties:

(d) Imposition of an administrative fine not to exceed \$25,000\$\frac{\$10,000}{10,000}\$ for each count or separate offense. If the violation is for fraud or making a false or fraudulent representation, the board, or the department if there is no board, must impose a fine of \$10,000 per count or offense.

In determining what action is appropriate, the board, or department when there is no board, must first consider what sanctions are necessary to protect the public or to compensate the patient. Only after those sanctions have been imposed may the disciplining authority consider and include in the order requirements designed to rehabilitate the practitioner. All costs associated with compliance with orders issued under this subsection are the obligation of the practitioner.

Section 8. For the purpose of incorporating the amendment to section 456.072, Florida Statutes, in a reference thereto, subsection (2) of section 456.082, Florida Statutes, is reenacted to read:

456.082 Disclosure of confidential information. --

- (f) The Board of Osteopathic Medicine may impose any of the penalties authorized under ss. 456.072 and 459.015(2) upon a physician assistant if the physician assistant or the supervising physician has been found guilty of or is being investigated for any act that constitutes a violation of this chapter or chapter 456.

Section 14. For the purpose of incorporating the amendment to section 456.072, Florida Statutes, in references

thereto, subsections (1) and (2) of section 460.413, Florida Statutes, are reenacted to read:

460.413 Grounds for disciplinary action; action by board or department.--

- (1) The following acts constitute grounds for denial of a license or disciplinary action, as specified in s. 456.072(2):
- (a) Attempting to obtain, obtaining, or renewing a license to practice chiropractic medicine by bribery, by fraudulent misrepresentations, or through an error of the department or the board.
- (b) Having a license to practice chiropractic medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of another state, territory, or country.
- (c) Being convicted or found guilty, regardless of adjudication, of a crime in any jurisdiction which directly relates to the practice of chiropractic medicine or to the ability to practice chiropractic medicine. Any plea of nolo contendere shall be considered a conviction for purposes of this chapter.
  - (d) False, deceptive, or misleading advertising.
- (e) Causing to be advertised, by any means whatsoever, any advertisement which does not contain an assertion or statement which would identify herself or himself as a chiropractic physician or identify such chiropractic clinic or related institution in which she or he practices or in which she or he is owner, in whole or in part, as a chiropractic institution.
- (f) Advertising, practicing, or attempting to practice under a name other than one's own.

(g) Failing to report to the department any person who the licensee knows is in violation of this chapter or of the rules of the department or the board.

- (h) Aiding, assisting, procuring, or advising any unlicensed person to practice chiropractic medicine contrary to this chapter or to a rule of the department or the board.
- (i) Failing to perform any statutory or legal obligation placed upon a licensed chiropractic physician.
- (j) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing such filing or inducing another person to do so. Such reports or records shall include only those which are signed in the capacity of a licensed chiropractic physician.
- (k) Making misleading, deceptive, untrue, or fraudulent representations in the practice of chiropractic medicine or employing a trick or scheme in the practice of chiropractic medicine when such trick or scheme fails to conform to the generally prevailing standards of treatment in the chiropractic medical community.
- (1) Soliciting patients either personally or through an agent, unless such solicitation falls into a category of solicitations approved by rule of the board.
- (m) Failing to keep legibly written chiropractic medical records that identify clearly by name and credentials the licensed chiropractic physician rendering, ordering, supervising, or billing for each examination or treatment procedure and that justify the course of treatment of the patient, including, but not limited to, patient histories, examination results, test results, X rays, and diagnosis of a

disease, condition, or injury. X rays need not be retained for more than 4 years.

- (n) Exercising influence on the patient or client in such a manner as to exploit the patient or client for financial gain of the licensee or of a third party which shall include, but not be limited to, the promotion or sale of services, goods or appliances, or drugs.
- (o) Performing professional services which have not been duly authorized by the patient or client or her or his legal representative except as provided in ss. 743.064, 766.103, and 768.13.
- (p) Prescribing, dispensing, or administering any medicinal drug except as authorized by s. 460.403(9)(c)2., performing any surgery, or practicing obstetrics.
- (q) Being unable to practice chiropractic medicine with reasonable skill and safety to patients by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. In enforcing this paragraph, upon a finding by the secretary of the department, or his or her designee, or the probable cause panel of the board that probable cause exists to believe that the licensee is unable to practice the profession because of reasons stated in this paragraph, the department shall have the authority to compel a licensee to submit to a mental or physical examination by a physician designated by the department. If the licensee refuses to comply with the department's order, the department may file a petition for enforcement in the circuit court of the circuit in which the licensee resides or does business. The department shall be entitled to the summary procedure provided in s. 51.011. The record of proceedings to obtain a

compelled mental or physical examination shall not be used against a licensee in any other proceedings. A chiropractic physician affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that she or he can resume the competent practice of chiropractic medicine with reasonable skill and safety to patients.

- (r) Gross or repeated malpractice or the failure to practice chiropractic medicine at a level of care, skill, and treatment which is recognized by a reasonably prudent chiropractic physician as being acceptable under similar conditions and circumstances. The board shall give great weight to the standards for malpractice in s. 766.102 in interpreting this provision. A recommended order by an administrative law judge, or a final order of the board finding a violation under this section shall specify whether the licensee was found to have committed "gross malpractice," "repeated malpractice," or "failure to practice chiropractic medicine with that level of care, skill, and treatment which is recognized as being acceptable under similar conditions and circumstances" or any combination thereof, and any publication by the board shall so specify.
- (s) Performing any procedure or prescribing any therapy which, by the prevailing standards of chiropractic medical practice in the community, would constitute experimentation on human subjects, without first obtaining full, informed, and written consent.
- (t) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities which the licensee knows or has reason to know that she or he is not competent to perform.

- (u) Delegating professional responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such person is not qualified by training, experience, or licensure to perform them.
- (v) Violating a lawful order of the board or department previously entered in a disciplinary hearing or failing to comply with a lawfully issued subpoena of the department.
- (w) Conspiring with another licensee or with any other person to commit an act, or committing an act, which would tend to coerce, intimidate, or preclude another licensee from lawfully advertising her or his services.
- (x) Submitting to any third-party payor a claim for a service or treatment which was not actually provided to a patient.
- (y) Failing to preserve identity of funds and property of a patient. As provided by rule of the board, money or other property entrusted to a chiropractic physician for a specific purpose, including advances for costs and expenses of examination or treatment, is to be held in trust and must be applied only to that purpose. Money and other property of patients coming into the hands of a chiropractic physician are not subject to counterclaim or setoff for chiropractic physician's fees, and a refusal to account for and deliver over such money and property upon demand shall be deemed a conversion. This is not to preclude the retention of money or other property upon which the chiropractic physician has a valid lien for services or to preclude the payment of agreed fees from the proceeds of transactions for examinations or treatments. Controversies as to the amount of the fees are not grounds for disciplinary proceedings unless the amount

demanded is clearly excessive or extortionate, or the demand is fraudulent. All funds of patients paid to a chiropractic physician, other than advances for costs and expenses, shall be deposited in one or more identifiable bank accounts maintained in the state in which the chiropractic physician's office is situated, and no funds belonging to the chiropractic physician shall be deposited therein except as follows:

- 1. Funds reasonably sufficient to pay bank charges may be deposited therein.
- 2. Funds belonging in part to a patient and in part presently or potentially to the physician must be deposited therein, but the portion belonging to the physician may be withdrawn when due unless the right of the physician to receive it is disputed by the patient, in which event the disputed portion shall not be withdrawn until the dispute is finally resolved.

Every chiropractic physician shall maintain complete records of all funds, securities, and other properties of a patient coming into the possession of the physician and render appropriate accounts to the patient regarding them. In addition, every chiropractic physician shall promptly pay or deliver to the patient, as requested by the patient, the funds, securities, or other properties in the possession of the physician which the patient is entitled to receive.

(z) Offering to accept or accepting payment for services rendered by assignment from any third-party payor after offering to accept or accepting whatever the third-party payor covers as payment in full, if the effect of the offering or acceptance is to eliminate or give the impression of

eliminating the need for payment by an insured of any required deductions applicable in the policy of the insured.

- (aa) Failing to provide, upon request of the insured, a copy of a claim submitted to any third-party payor for service or treatment of the insured.
- (bb) Advertising a fee or charge for a service or treatment which is different from the fee or charge the licensee submits to third-party payors for that service or treatment.
- (cc) Advertising any reduced or discounted fees for services or treatments, or advertising any free services or treatments, without prominently stating in the advertisement the usual fee of the licensee for the service or treatment which is the subject of the discount, rebate, or free offering.
- (dd) Using acupuncture without being certified pursuant to s. 460.403(9)(f).
- (ee) Failing to report to the department any licensee under chapter 458 or under chapter 459 who the chiropractic physician or chiropractic physician's assistant knows has violated the grounds for disciplinary action set out in the law under which that person is licensed and who provides health care services in a facility licensed under chapter 395, or a health maintenance organization certificated under part I of chapter 641, in which the chiropractic physician or chiropractic physician's assistant also provides services.
- (ff) Violating any provision of this chapter or chapter 456, or any rules adopted pursuant thereto.
- (2) The board may enter an order denying licensure or imposing any of the penalties in s. 456.072(2) against any applicant for licensure or licensee who is found guilty of

violating any provision of subsection (1) of this section or who is found guilty of violating any provision of s. 456.072(1). In determining what action is appropriate, the board must first consider what sanctions are necessary to protect the public or to compensate the patient. Only after those sanctions have been imposed may the disciplining authority consider and include in the order requirements designed to rehabilitate the chiropractic physician. All costs associated with compliance with orders issued under this subsection are the obligation of the chiropractic physician.

Section 15. For the purpose of incorporating the amendment to section 456.072, Florida Statutes, in references thereto, subsections (1) and (2) of section 462.14, Florida Statutes, are reenacted to read:

- 462.14 Grounds for disciplinary action; action by the department.--
- (1) The following acts constitute grounds for denial of a license or disciplinary action, as specified in s. 456.072(2):
- (a) Attempting to obtain, obtaining, or renewing a license to practice naturopathic medicine by bribery, by fraudulent misrepresentation, or through an error of the department.
- (b) Having a license to practice naturopathic medicine revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of another state, territory, or country.
- (c) Being convicted or found guilty, regardless of adjudication, of a crime in any jurisdiction which directly relates to the practice of naturopathic medicine or to the ability to practice naturopathic medicine. Any plea of nolo

contendere shall be considered a conviction for purposes of this chapter.

- (d) False, deceptive, or misleading advertising.
- (e) Advertising, practicing, or attempting to practice under a name other than one's own.
- (f) Failing to report to the department any person who the licensee knows is in violation of this chapter or of the rules of the department.
- (g) Aiding, assisting, procuring, or advising any unlicensed person to practice naturopathic medicine contrary to this chapter or to a rule of the department.
- (h) Failing to perform any statutory or legal obligation placed upon a licensed naturopathic physician.
- (i) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing such filing or inducing another person to do so. Such reports or records shall include only those which are signed in the capacity as a licensed naturopathic physician.
- (j) Paying or receiving any commission, bonus, kickback, or rebate, or engaging in any split-fee arrangement in any form whatsoever with a physician, organization, agency, or person, either directly or indirectly, for patients referred to providers of health care goods and services, including, but not limited to, hospitals, nursing homes, clinical laboratories, ambulatory surgical centers, or pharmacies. The provisions of this paragraph shall not be construed to prevent a naturopathic physician from receiving a fee for professional consultation services.

- (k) Exercising influence within a patient-physician relationship for purposes of engaging a patient in sexual activity. A patient shall be presumed to be incapable of giving free, full, and informed consent to sexual activity with her or his physician.
- (1) Making deceptive, untrue, or fraudulent representations in the practice of naturopathic medicine or employing a trick or scheme in the practice of naturopathic medicine when such scheme or trick fails to conform to the generally prevailing standards of treatment in the medical community.
- (m) Soliciting patients, either personally or through an agent, through the use of fraud, intimidation, undue influence, or a form of overreaching or vexatious conduct. A "solicitation" is any communication which directly or implicitly requests an immediate oral response from the recipient.
- (n) Failing to keep written medical records justifying the course of treatment of the patient, including, but not limited to, patient histories, examination results, test results, X rays, and records of the prescribing, dispensing and administering of drugs.
- (o) Exercising influence on the patient or client in such a manner as to exploit the patient or client for the financial gain of the licensee or of a third party, which shall include, but not be limited to, the promoting or selling of services, goods, appliances, or drugs and the promoting or advertising on any prescription form of a community pharmacy unless the form also states "This prescription may be filled at any pharmacy of your choice."

(p) Performing professional services which have not been duly authorized by the patient or client, or her or his legal representative, except as provided in s. 743.064, s. 766.103, or s. 768.13.

- (q) Prescribing, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the naturopathic physician's professional practice. For the purposes of this paragraph, it shall be legally presumed that prescribing, dispensing, administering, mixing, or otherwise preparing legend drugs, including all controlled substances, inappropriately or in excessive or inappropriate quantities is not in the best interest of the patient and is not in the course of the naturopathic physician's professional practice, without regard to her or his intent.
- (r) Prescribing, dispensing, or administering any medicinal drug appearing on any schedule set forth in chapter 893 by the naturopathic physician to herself or himself, except one prescribed, dispensed, or administered to the naturopathic physician by another practitioner authorized to prescribe, dispense, or administer medicinal drugs.
- (s) Being unable to practice naturopathic medicine with reasonable skill and safety to patients by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. In enforcing this paragraph, the department shall have, upon probable cause, authority to compel a naturopathic physician to submit to a mental or physical examination by physicians designated by the department. The failure of a naturopathic physician to submit to such an examination when so directed shall constitute an

admission of the allegations against her or him upon which a default and final order may be entered without the taking of testimony or presentation of evidence, unless the failure was due to circumstances beyond the naturopathic physician's control. A naturopathic physician affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that she or he can resume the competent practice of naturopathic medicine with reasonable skill and safety to patients. In any proceeding under this paragraph, neither the record of proceedings nor the orders entered by the department may be used against a naturopathic physician in any other proceeding.

- (t) Gross or repeated malpractice or the failure to practice naturopathic medicine with that level of care, skill, and treatment which is recognized by a reasonably prudent similar physician as being acceptable under similar conditions and circumstances. The department shall give great weight to the provisions of s. 766.102 when enforcing this paragraph.
- (u) Performing any procedure or prescribing any therapy which, by the prevailing standards of medical practice in the community, constitutes experimentation on a human subject, without first obtaining full, informed, and written consent.
- (v) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities which the licensee knows or has reason to know that she or he is not competent to perform.
- (w) Delegating professional responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such person is not qualified by training, experience, or licensure to perform them.

(x) Violating a lawful order of the department previously entered in a disciplinary hearing or failing to comply with a lawfully issued subpoena of the department.

- (y) Conspiring with another licensee or with any other person to commit an act, or committing an act, which would tend to coerce, intimidate, or preclude another licensee from lawfully advertising her or his services.
- (z) Procuring, or aiding or abetting in the procuring of, an unlawful termination of pregnancy.
  - (aa) Presigning blank prescription forms.
- (bb) Prescribing by the naturopathic physician for office use any medicinal drug appearing on Schedule II in chapter 893.
- (cc) Prescribing, ordering, dispensing, administering, supplying, selling, or giving any drug which is an amphetamine or sympathomimetic amine drug, or a compound designated pursuant to chapter 893 as a Schedule II controlled substance to or for any person except for:
- 1. The treatment of narcolepsy; hyperkinesis; behavioral syndrome in children characterized by the developmentally inappropriate symptoms of moderate to severe distractability, short attention span, hyperactivity, emotional lability, and impulsivity; or drug-induced brain dysfunction.
- 2. The differential diagnostic psychiatric evaluation of depression or the treatment of depression shown to be refractory to other therapeutic modalities.
- 3. The clinical investigation of the effects of such drugs or compounds when an investigative protocol therefor is submitted to, reviewed, and approved by the department before such investigation is begun.

(dd) Prescribing, ordering, dispensing, administering, supplying, selling, or giving growth hormones, testosterone or its analogs, human chorionic gonadotropin (HCG), or other hormones for the purpose of muscle building or to enhance athletic performance. For the purposes of this subsection, the term "muscle building" does not include the treatment of injured muscle. A prescription written for the drug products listed above may be dispensed by the pharmacist with the presumption that the prescription is for legitimate medical use.

- (ee) Violating any provision of this chapter or chapter 456, or any rules adopted pursuant thereto.
- (2) The department may enter an order denying licensure or imposing any of the penalties in s. 456.072(2) against any applicant for licensure or licensee who is found guilty of violating any provision of subsection (1) of this section or who is found guilty of violating any provision of s. 456.072(1).

Section 16. For the purpose of incorporating the amendment to section 456.072, Florida Statutes, in references thereto, subsections (1) and (2) of section 463.016, Florida Statutes, are reenacted to read:

463.016 Grounds for disciplinary action; action by the board.--

- (c) Being convicted or found guilty of or entering a plea of nolo contendere to, regardless of adjudication, a crime in any jurisdiction which relates to the practice of dentistry or dental hygiene. A plea of nolo contendere shall create a rebuttable presumption of guilt to the underlying criminal charges.

- (e) Advertising, practicing, or attempting to practice under a name other than one's own.

Such reports or records shall include only those which are signed in the capacity as a licensee.
- (k) Committing any act which would constitute sexual battery, as defined in chapter 794, upon a patient or intentionally touching the sexual organ of a patient.
- (1) Making deceptive, untrue, or fraudulent representations in or related to the practice of dentistry.
- (m) Failing to keep written dental records and medical history records justifying the course of treatment of the patient including, but not limited to, patient histories, examination results, test results, and X rays, if taken.

- (p) Prescribing, procuring, dispensing, administering, mixing, or otherwise preparing a legend drug, including any controlled substance, other than in the course of the

For the purposes of this paragraph, it shall be legally presumed that prescribing, procuring, dispensing, administering, mixing, or otherwise preparing legend drugs, including all controlled substances, in excessive or inappropriate quantities is not in the best interest of the patient and is not in the course of the professional practice of the dentist, without regard to her or his intent.

- (q) Prescribing, procuring, dispensing, or administering any medicinal drug appearing on any schedule set forth in chapter 893, by a dentist to herself or himself, except those prescribed, dispensed, or administered to the dentist by another practitioner authorized to prescribe them.

- (s) Being unable to practice her or his profession with reasonable skill and safety to patients by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. or physical examination by physicians designated by the department. If the licensee refuses to comply with such order, the department's order directing such examination may be enforced by filing a petition for enforcement in the circuit court where the licensee resides or does business. The licensee against whom the petition is filed shall not be named or identified by initials in any public court records or documents, and the proceedings shall be closed to the public. The department shall be entitled to the summary procedure provided in s. 51.011. A licensee affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that she or he can resume the competent practice of her or his profession with reasonable skill and safety to patients.

- (u) Failure to provide and maintain reasonable sanitary facilities and conditions.
  - (v) Failure to provide adequate radiation safeguards.
- (w) Performing any procedure or prescribing any therapy which, by the prevailing standards of dental practice in the community, would constitute experimentation on human subjects, without first obtaining full, informed, and written consent.
- (x) Being guilty of incompetence or negligence by failing to meet the minimum standards of performance in diagnosis and treatment when measured against generally prevailing peer performance, including, but not limited to, the undertaking of diagnosis and treatment for which the dentist is not qualified by training or experience or being guilty of dental malpractice. For purposes of this paragraph,

it shall be legally presumed that a dentist is not guilty of incompetence or negligence by declining to treat an individual if, in the dentist's professional judgment, the dentist or a member of her or his clinical staff is not qualified by training and experience, or the dentist's treatment facility is not clinically satisfactory or properly equipped to treat the unique characteristics and health status of the dental patient, provided the dentist refers the patient to a qualified dentist or facility for appropriate treatment. As used in this paragraph, "dental malpractice" includes, but is not limited to, three or more claims within the previous 5-year period which resulted in indemnity being paid, or any single indemnity paid in excess of \$5,000 in a judgment or settlement, as a result of negligent conduct on the part of the dentist.

- (ff) Operating or causing to be operated a dental office in such a manner as to result in dental treatment that is below minimum acceptable standards of performance for the community. - (jj) Advertising specialty services in violation of this chapter.
- (kk) Allowing any person other than another dentist or a professional corporation or limited liability company composed of dentists to direct, control, or interfere with a dentist's clinical judgment; however, this paragraph may not be construed to limit a patient's right of informed consent. To direct, control, or interfere with a dentist's clinical judgment may not be interpreted to mean dental services contractually excluded, the application of alternative benefits that may be appropriate given the dentist's prescribed course of treatment, or the application of contractual provisions and scope of coverage determinations in comparison with a dentist's prescribed treatment on behalf of a covered person by an insurer, health maintenance organization, or a prepaid limited health service organization.
- (11) Violating any provision of this chapter or chapter 456, or any rules adopted pursuant thereto.
- (2) The board may enter an order denying licensure or imposing any of the penalties in s. 456.072(2) against any applicant for licensure or licensee who is found guilty of violating any provision of subsection (1) of this section or who is found guilty of violating any provision of s. 456.072(1).

(1) A pharmacist, in good faith and in the course of professional practice only, may dispense controlled substances upon a written or oral prescription of a practitioner, under the following conditions:

(h) A pharmacist may not dispense a Schedule II

controlled substance; codeine, hydrocodone, dihydrocodeine, ethylmorphine, or morphine as scheduled in Schedule II and Schedule III; or a drug of abuse designated by the Secretary of Health by rule under the prescription-monitoring system to any individual not personally known to the pharmacist without first obtaining suitable identification and documenting, in a log book kept by the pharmacist, the identity of the individual obtaining the controlled substance. The log book entry must contain the printed name, address, telephone number if available, driver's license number or other suitable identification number, and signature of the person obtaining the controlled substance or drug. If the individual does not have suitable identification or it is impracticable to obtain such identification, the pharmacist may dispense the controlled substance or drug only when the pharmacist determines, in the exercise of her or his professional judgment, that the order is valid and necessary for treatment. In such a case, the pharmacist or his or her designee must obtain the other information required under this paragraph, and the pharmacist or pharmacist's designee must sign the log to indicate that suitable identification was not available and that the pharmacist's professional judgment was exercised prior to dispensing the controlled substance or drug. The Board of Pharmacy may adopt, by rule, procedures by which a pharmacist must verify the validity of a prescription for a Schedule II controlled substance; other drug designated by the

Secretary of Health under this section; or codeine, hydrocodone, dihydrocodeine, ethylmorphine, or morphine as scheduled in Schedule II and Schedule III, for circumstances when it is otherwise impracticable for the pharmacist or dispensing practitioner to obtain suitable identification from the patient or the patient's agent. For purposes of this section, identification is suitable only if it contains the photograph, the printed name, and the signature of the individual obtaining the Schedule II controlled substance or drug of abuse under the prescription-monitoring system.

- (i) Any pharmacist that dispenses a Schedule II controlled substance or drug subject to the requirements of this section when dispensed by mail shall be exempt from the requirements to obtain suitable identification.
- (j) All prescriptions issued for a Schedule II controlled substance; codeine, hydrocodone, dihydrocodeine, ethylmorphine, or morphine as scheduled in Schedule II and Schedule III; or a drug of abuse under the prescription-monitoring system which has been designated by the Secretary of Health by rule, must include both a written and numerical notation of quantity on the face of the prescription.
- (k) A pharmacist may not dispense more than a 30-day supply of a controlled substance listed in Schedule III upon an oral prescription.
- (1) A pharmacist may not knowingly fill a prescription that has been mutilated or forged for a Schedule II controlled substance; codeine, hydrocodone, dihydrocodeine, ethylmorphine, and morphine as scheduled in Schedule II and Schedule III; or a drug of abuse under the

prescription-monitoring system which has been designated by the Secretary of Health by rule. Section 40. The provisions of this section shall not prohibit school medical staff from recommending that a child be evaluated by a medical practitioner. Section 41. Section 42. For Fiscal Year 2002-2003, the lump sum of \$1,050,000 from nonrecurring General Revenue is appropriated to the Department of Health for the purpose of implementing the provisions of this act.
