SUMMARY ANALYSIS

The Division of Statutory Revision of the Office of Legislative Services is required, by statute, to conduct a systematic and continuing study of the Florida Statutes. The purpose of this study is to recommend to the Legislature changes that will remove inconsistencies, redundancies, and unnecessary repetition from the statutes; improve clarity and facilitate correct interpretation; correct grammatical and typographical errors; and delete obsolete, repealed, or superseded provisions. These recommendations are submitted to the Legislature in the form of technical, nonsubstantive reviser's bills. Except by report of the Committee on Procedures, a reviser's bill cannot be amended except to delete a bill section.

This bill deletes statutes provisions relating to apportionment of the districts for the State House of Representatives and Senate that have been superseded.

This bill has no fiscal impact.
