B. EFFECT OF PROPOSED CHANGES:

The bill codifies, reenacts and amends all prior special acts relating to the Hillsborough County Aviation Authority into a single act.

Present Situation

The Hillsborough County Aviation Authority (Authority) was created in 1945 by ch. 23339, Laws of Florida, which has subsequently been amended by special act. The Authority is an independent special district which has exclusive jurisdiction and management over all airports in the county, except those owned by private persons. This bill is a codification of all special acts relating to the district.

Codification

Codification is the process of bringing a special act up-to-date. After a special district is created, special acts often amend or alter the special district's charter provisions. To ascertain the current status of a special district's charter, it is necessary to research all amendments or changes made to the charter since its inception or original passage by the Legislature. Codification of special district charters is important because it allows readers to more easily determine the current charter of a district.

Codification of special district charters was initially authorized by the 1997 Legislature and is codified in s.189.429 and 191.015, F.S. The 1998 Legislature subsequently amended both sections. Current law provides for codification of all special district charters by December 1, 2004. The 1998 law allows for the adoption of the codification schedule provided for in an October 3, 1997, memorandum issued by the Chair of the Committee on Community Affairs. Any codified act relating to a special district must provide for the repeal of all prior special acts of the Legislature relating to the district. Additionally, the 2001 Legislature amended s. 189.429, F. S. to provide that reenactment of existing law pursuant to s. 189.429: (1) shall not be construed to grant additional authority nor to supercede the authority of an entity; (2) shall continue the application of exceptions to law contained in special acts reenacted pursuant to the section; (3) shall not be construed to modify, amend, or alter any covenants, contracts, or other obligations of any district with respect to bonded indebtedness; and (4) shall not be construed to affect a district's ability to levy and collect taxes, assessments, fees, or charges for the purpose of redeeming or servicing the district's bonded indebtedness.

Since the enactment of s.189.429 and 191.015, F.S., 122 special districts have codified their charters.

Status Statement Language

Section 189.404(5), F.S., provides that after October 1, 1997, the charter of any newly created special district shall contain and, as practical, the charter of a preexisting special district shall be amended to

contain, a reference to the status of the special district as dependent or independent. When necessary, the status statement shall be amended to conform to the Department of Community Affairs' determination or declaratory statement regarding the status of the district.
