SUMMARY ANALYSIS

HB 293 w/ CS amends the Florida Litter Law and specifies that, when a court orders a person found guilty of a first degree misdemeanor for littering (in an amount exceeding 15 pounds in weight or 27 cubic feet in volume, but not exceeding 500 pounds in weight or 100 cubic feet in volume and not for commercial purposes) to pick up litter or perform other community service, the service must be performed in the community, area, or neighborhood where the violation occurred.

It is a third degree felony to dump litter in an amount exceeding 500 pounds in weight or 100 cubic feet in volume or in any quantity for commercial purposes, or to dump litter which is a hazardous waste. In addition, the court may order the violator to:

1. Remove or render harmless the litter that was dumped;
2. Repair or restore property damaged by, or pay damages for any damage arising out of dumping of litter; or
3. Perform public service relating to the removal of dumped litter or to the restoration of an area polluted by dumped litter.

The bill provides a fourth alternative that the court may order, which is for the violator to perform community service relating to beautification of the general area where the dumping occurred.

The bill appears to have no fiscal impact on state or on local governments.

This document does not reflect the intent or official position of the bill sponsor or House of Representatives.
