SUMMARY ANALYSIS

The Division of Statutory Revision of the Office of the Legislative Services is required, by statute, to conduct a systematic and continuing study of the Florida Statutes. The purpose of this study is to recommend to the Legislature changes that will remove inconsistencies, redundancies, and unnecessary repetition from the statutes; improve clarity and facilitate correct interpretation; correct grammatical and typographical errors; and delete obsolete, repealed, or superseded provisions. These recommendations are submitted to the Legislature in the form of technical, nonsubstantive reviser's bills.

PCB RCC 05-02 is a general reviser's bill to delete expired or obsolete language; correct cross-references and grammatical or typographical errors; remove inconsistencies and redundancies from the statutes; improve the clarity of the statutes and facilitate their correct interpretation; and confirm the restoration or provisions unintentionally omitted from republication in the acts of the Legislature during the amendatory process. Except by report of the Rules & Calendar Council, a reviser's bill cannot be amended except to delete a bill section.

This bill has no fiscal impact.
