community college or school district career center or workforce education college generates the amount calculated for workforce education funding, including any payment of performance funding, and the proportional share of full-time equivalent enrollment generated through the Florida Education Finance Program for the student's enrollment in a high school. If a high school student is dually enrolled in a community college program, including a program conducted at a high school, the community college earns the funds generated for workforce education funding, and the school district earns the proportional share of full-time equivalent funding from the Florida Education Finance Program. If a student is dually enrolled in a career center or workforce education college operated by the same district as the district in which the student attends high school, that district earns the funds generated for workforce education funding and also earns the proportional share of full-time equivalent funding from the Florida Education Finance Program. If a student is dually enrolled in a workforce education program provided by a career center or workforce education college operated by a different school district, the funds must be divided between the two school districts proportionally from the two funding sources. A student may not be reported for funding in a dual enrollment workforce education program unless the student has completed the basic skills assessment pursuant to s. 1004.91. Section 2. This act shall take effect July 1, 2005. SENATE SUMMARY Allows a school that is the site of a workforce education

program conducted by a school district to use the term

"college" in its name.
