and insert: management board" or "board" means a group of
agency executive managers that recommends to an agency head a
systematic, data-driven means for selecting and managing
information technology investments for the agency. The board
also is accountable for ensuring the agency information
technology portfolio is implemented in a manner consistent
with fiscal and substantive policies established by the
Legislature.

(b) "Information technology investment" means the cost
associated with agency resources, hardware, software or
contracted services that are required to provide information
technology services as identified in the agency information
technology service catalog and to initiate approved
information technology projects.

(c) "Information technology portfolio" means the
