

CHAMBER ACTION

1 The Future of Florida's Families Committee recommends the
2 following:

3
4 **Council/Committee Substitute**

5 Remove the entire bill and insert:

6 A bill to be entitled

7 An act relating to children's summer nutrition programs;
8 providing a popular name; requiring each district school
9 board to develop a plan to sponsor a summer nutrition
10 program; providing criteria for operating summer nutrition
11 program sites; authorizing exemption from sponsoring a
12 summer nutrition program and providing procedures
13 therefor; requiring a district school board to annually
14 reconsider its decision to be exempt; authorizing district
15 school boards to encourage not-for-profit entities to
16 sponsor a summer nutrition program under certain
17 circumstances; authorizing a superintendent of schools to
18 collaborate with specified agencies and private, not-for-
19 profit leaders to implement a summer nutrition program;
20 providing for reporting; directing the Department of
21 Education to provide each district school board with a
22 list of organizations intending to participate; providing
23 an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Children's summer nutrition program.--

(1) This section may be cited as the "Ms. Willie Ann Glenn Act."

(2) Each district school board shall develop a plan by May 1, 2006, to sponsor a summer nutrition program beginning the summer of 2006 to operate sites in the school district as follows:

(a) Within 5 miles of at least one elementary school at which 50 percent or more of the students are eligible for free or reduced-price school meals and for the duration of 35 consecutive days; and

(b) Except as operated pursuant to paragraph (a), within 10 miles of each elementary school at which 50 percent or more of the students are eligible for free or reduced-price school meals.

(3)(a) District school boards may be exempt from sponsoring a summer nutrition program pursuant to this section. A district school board seeking such exemption must include the issue on an agenda at a regular or special district school board meeting that is publicly noticed, provide residents an opportunity to participate in the discussion, and vote on whether to be exempt from this section. The district school board shall notify the Commissioner of Education within 10 days after it decides to become exempt from this section.

51 (b) Each year the district school board shall reconsider
 52 its decision to be exempt from the provisions of this section
 53 and shall vote on whether to continue the exemption from
 54 sponsoring a summer nutrition program. The district school board
 55 shall notify the Commissioner of Education within 10 days after
 56 each subsequent year's decision to continue the exemption.

57 (c) If a district school board elects to be exempt from
 58 sponsoring a summer nutrition program under this section, the
 59 district school board may encourage not-for-profit entities to
 60 sponsor the program. If a not-for-profit entity chooses to
 61 sponsor the summer nutrition program but fails to perform with
 62 regard to the program, the district school board, the school
 63 district, and the Department of Education are not required to
 64 continue the program and shall be held harmless from any
 65 liability arising from the discontinuation of the summer
 66 nutrition program.

67 (4) The superintendent of schools may collaborate with
 68 municipal and county governmental agencies and private, not-for-
 69 profit leaders in implementing the plan. Although schools have
 70 proven to be the optimal site for a summer nutrition program,
 71 any not-for-profit entity may serve as a site or sponsor. By
 72 April 15 of each year, each school district with a summer
 73 nutrition program shall report to the department the district's
 74 summer nutrition program sites in compliance with this section.

75 (5) The department shall provide to each district school
 76 board by February 15 of each year a list of local organizations
 77 that have filed letters of intent to participate in the summer
 78 nutrition program in order that a district school board is able
