1 The Rules & Calendar Council offered the following:

2
3 **Technical Amendment**

4 Remove line(s) 2176-2262 and insert:

5 ~~(34)~~(35) All entities providing health care services to
6 Medicaid recipients shall make available, and encourage all
7 pregnant women and mothers with infants to receive, and provide
8 documentation in the medical records to reflect, the following:

9 (a) Healthy Start prenatal or infant screening.

10 (b) Healthy Start care coordination, when screening or
11 other factors indicate need.

12 (c) Healthy Start enhanced services in accordance with the
13 prenatal or infant screening results.

14 (d) Immunizations in accordance with recommendations of
15 the Advisory Committee on Immunization Practices of the United

777215

HOUSE TECHNICAL AMENDMENT

Bill No. HCB 6003

Amendment No. (for drafter's use only)

16 States Public Health Service and the American Academy of
17 Pediatrics, as appropriate.

18 (e) Counseling and services for family planning to all
19 women and their partners.

20 (f) A scheduled postpartum visit for the purpose of
21 voluntary family planning, to include discussion of all methods
22 of contraception, as appropriate.

23 (g) Referral to the Special Supplemental Nutrition Program
24 for Women, Infants, and Children (WIC).

25 ~~(35)~~ ~~(36)~~ Any entity that provides Medicaid prepaid health
26 plan services shall ensure the appropriate coordination of
27 health care services with an assisted living facility in cases
28 where a Medicaid recipient is both a member of the entity's
29 prepaid health plan and a resident of the assisted living
30 facility. If the entity is at risk for Medicaid targeted case
31 management and behavioral health services, the entity shall
32 inform the assisted living facility of the procedures to follow
33 should an emergent condition arise.

34 ~~(36)~~ ~~(37)~~ The agency may seek and implement federal waivers
35 necessary to provide for cost-effective purchasing of home
36 health services, private duty nursing services, transportation,
37 independent laboratory services, and durable medical equipment
38 and supplies through competitive bidding pursuant to s. 287.057.
39 The agency may request appropriate waivers from the federal
40 Health Care Financing Administration in order to competitively
41 bid such services. The agency may exclude providers not selected
42 through the bidding process from the Medicaid provider network.

777215

4/29/2005 10:01:40 AM

HOUSE TECHNICAL AMENDMENT

Bill No. HCB 6003

Amendment No. (for drafter's use only)

43 ~~(37)~~~~(38)~~ The agency shall enter into agreements with not-
44 for-profit organizations based in this state for the purpose of
45 providing vision screening.

46 ~~(38)~~~~(39)~~(a) The agency shall implement a Medicaid
47 prescribed-drug spending-control program that includes the
48 following components:

49 1. Medicaid prescribed-drug coverage for brand-name drugs
50 for adult Medicaid recipients is limited to the dispensing of
51 four brand-name drugs per month per recipient. Children are
52 exempt from this restriction. Antiretroviral agents are excluded
53 from this limitation. No requirements for prior authorization or
54 other restrictions on medications used to treat mental illnesses
55 such as schizophrenia, severe depression, or bipolar disorder
56 may be imposed on Medicaid recipients. Medications that will be
57 available without restriction for persons with mental illnesses
58 include atypical antipsychotic medications, conventional
59 antipsychotic medications, selective serotonin reuptake
60 inhibitors, and other medications used for the treatment of
61 serious mental illnesses. The agency shall also limit the amount
62 of a prescribed drug dispensed to no more than a 34-day supply.
63 The agency shall continue to provide unlimited generic drugs,
64 contraceptive drugs and items, and diabetic supplies. Although a
65 drug may be included on the preferred drug formulary, it would
66 not be exempt from the four-brand limit. The agency may
67 authorize exceptions to the brand-name-drug restriction based
68 upon the treatment needs of the patients, only when such
69 exceptions are based on prior consultation provided by the

777215

4/29/2005 10:01:40 AM

HOUSE TECHNICAL AMENDMENT

Bill No. HCB 6003

Amendment No. (for drafter's use only)

70 agency or an agency contractor, but the agency must establish
71 procedures to ensure that:

72 a. There will be a response to a request for prior
73 consultation by telephone or other telecommunication device
74 within 24 hours after receipt of a request for prior
75 consultation;

76 b. A 72-hour supply of the drug prescribed will be
77 provided in an emergency or when the agency does not provide a
78 response within 24 hours as required by sub-subparagraph a.; and

79 c. Except for the exception for nursing home residents and
80 other institutionalized adults and except for drugs on the
81 restricted formulary for which prior authorization may be sought
82 by an institutional or community pharmacy, prior authorization
83 for an exception to the brand-name-drug restriction is sought by
84 the prescriber and not by the pharmacy. When prior authorization
85 is granted for a patient in an institutional setting beyond the
86 brand-name-drug restriction, such approval is authorized for 12
87 months and monthly prior authorization is not required for that
88 patient.

89 2. Reimbursement to pharmacies for Medicaid prescribed
90 drugs shall be set at the lesser of: the average wholesale price
91 (AWP) minus 15.4 percent, the wholesaler acquisition cost (WAC)
92 plus 5.75 percent, the federal upper limit (FUL), the state
93 maximum allowable cost (SMAC), or the usual and customary (UAC)
94 charge billed by the provider.

95 3. The agency shall develop and implement a process for
96 managing the drug therapies of Medicaid recipients who are using

777215

4/29/2005 10:01:40 AM

HOUSE TECHNICAL AMENDMENT

Bill No. HCB 6003

Amendment No. (for drafter's use only)

97 significant numbers of prescribed drugs each month. The
98 management process may include, but is not limited to,
99 comprehensive, physician-directed medical-record reviews, claims
100 analyses, and case evaluations to determine the medical
101 necessity and appropriateness of a patient's treatment plan and
102 drug therapies. The agency may contract with a private
103 organization to provide drug-program-management services. The
104 Medicaid drug benefit management program shall include
105 initiatives to manage drug therapies for HIV/AIDS patients,
106 patients using 20 or more unique prescriptions in a 180-day
107 period, and the top 1,000 patients in annual spending. The
108 agency shall enroll any Medicaid recipient in the drug benefit
109 management program if he or she meets the specifications of this
110 provision and is not enrolled in a Medicaid health maintenance
111 organization.

112 4. The agency may limit the size of its pharmacy network
113 based on need, competitive bidding, price negotiations,
114 credentialing, or similar criteria. The agency shall give
115 special consideration to rural areas in determining the size and
116 location of pharmacies included in the Medicaid pharmacy
117 network. A pharmacy credentialing process may include criteria
118 such as a pharmacy's full-service status, location, size,
119 patient educational programs, patient consultation, disease-
120 management services, and other characteristics. The agency may
121 impose a moratorium on Medicaid pharmacy enrollment when it is
122 determined that it has a sufficient number of Medicaid-
123 participating providers.

777215

4/29/2005 10:01:40 AM

HOUSE TECHNICAL AMENDMENT

Bill No. HCB 6003

Amendment No. (for drafter's use only)

124 5. The agency shall develop and implement a program that
125 requires Medicaid practitioners who prescribe drugs to use a
126 counterfeit-proof prescription pad for Medicaid prescriptions.
127 The agency shall require the use of standardized counterfeit-
128 proof prescription pads by Medicaid-participating prescribers or
129 prescribers who write prescriptions for Medicaid recipients. The
130 agency may implement the program in targeted geographic areas or
131 statewide.

132 6. The agency may enter into arrangements that require
133 manufacturers of generic drugs prescribed to Medicaid recipients
134 to provide rebates of at least 15.1 percent of the average
135 manufacturer price for the manufacturer's generic products.
136 These arrangements shall require that if a generic-drug
137 manufacturer pays federal rebates for Medicaid-reimbursed drugs
138 at a level below 15.1 percent, the manufacturer must provide a
139 supplemental rebate to the state in an amount necessary to
140 achieve a 15.1-percent rebate level.

141 7. The agency may establish a preferred drug formulary in
142 accordance with 42 U.S.C. s. 1396r-8, and, pursuant to the
143 establishment of such formulary, it is authorized to negotiate
144 supplemental rebates from manufacturers that are in addition to
145 those required by Title XIX of the Social Security Act and at no
146 less than 14 percent of the average manufacturer price as
147 defined in 42 U.S.C. s. 1936 on the last day of a quarter unless
148 the federal or supplemental rebate, or both, equals or exceeds
149 29 percent. There is no upper limit on the supplemental rebates
150 the agency may negotiate. The agency may determine that specific

777215

4/29/2005 10:01:40 AM

HOUSE TECHNICAL AMENDMENT

Bill No. HCB 6003

Amendment No. (for drafter's use only)

151 products, brand-name or generic, are competitive at lower rebate
152 percentages. Agreement to pay the minimum supplemental rebate
153 percentage will guarantee a manufacturer that the Medicaid
154 Pharmaceutical and Therapeutics Committee will consider a
155 product for inclusion on the preferred drug formulary. However,
156 a pharmaceutical manufacturer is not guaranteed placement on the
157 formulary by simply paying the minimum supplemental rebate.
158 Agency decisions will be made on the clinical efficacy of a drug
159 and recommendations of the Medicaid Pharmaceutical and
160 Therapeutics Committee, as well as the price of competing
161 products minus federal and state rebates. The agency is
162 authorized to contract with an outside agency or contractor to
163 conduct negotiations for supplemental rebates. For the purposes
164 of this section, the term "supplemental rebates" means cash
165 rebates. Effective July 1, 2004, value-added programs as a
166 substitution for supplemental rebates are prohibited. The agency
167 is authorized to seek any federal waivers to implement this
168 initiative.

169 8. The agency shall establish an advisory committee for
170 the purposes of studying the feasibility of using a restricted
171 drug formulary for nursing home residents and other
172 institutionalized adults. The committee shall be comprised of
173 seven members appointed by the Secretary of Health Care
174 Administration. The committee members shall include two
175 physicians licensed under chapter 458 or chapter 459; three
176 pharmacists licensed under chapter 465 and appointed from a list
177 of recommendations provided by the Florida Long-Term Care

777215

4/29/2005 10:01:40 AM

HOUSE TECHNICAL AMENDMENT

Bill No. HCB 6003

Amendment No. (for drafter's use only)

178 Pharmacy Alliance; and two pharmacists licensed under chapter
179 465.

180 9. The Agency for Health Care Administration shall expand
181 home delivery of pharmacy products. To assist Medicaid patients
182 in securing their prescriptions and reduce program costs, the
183 agency shall expand its current mail-order-pharmacy diabetes-
184 supply program to include all generic and brand-name drugs used
185 by Medicaid patients with diabetes. Medicaid recipients in the
186 current program may obtain nondiabetes drugs on a voluntary
187 basis. This initiative is limited to the geographic area covered
188 by the current contract. The agency may seek and implement any
189 federal waivers necessary to implement this subparagraph.

190 10. The agency shall limit to one dose per month any drug
191 prescribed to treat erectile dysfunction.

192 11.a. The agency shall implement a Medicaid behavioral
193 drug management system. The agency may contract with a vendor
194 that has experience in operating behavioral drug management
195 systems to implement this program. The agency is authorized to
196 seek federal waivers to implement this program.

197 b. The agency, in conjunction with the Department of
198 Children and Family Services, may implement the Medicaid
199 behavioral drug management system that is designed to improve
200 the quality of care and behavioral health prescribing practices
201 based on best practice guidelines, improve patient adherence to
202 medication plans, reduce clinical risk, and lower prescribed
203 drug costs and the rate of inappropriate spending on Medicaid

777215

4/29/2005 10:01:40 AM

Amendment No. (for drafter's use only)

204 behavioral drugs. The program shall include the following
205 elements:

206 (I) Provide for the development and adoption of best
207 practice guidelines for behavioral health-related drugs such as
208 antipsychotics, antidepressants, and medications for treating
209 bipolar disorders and other behavioral conditions; translate
210 them into practice; review behavioral health prescribers and
211 compare their prescribing patterns to a number of indicators
212 that are based on national standards; and determine deviations
213 from best practice guidelines.

214 (II) Implement processes for providing feedback to and
215 educating prescribers using best practice educational materials
216 and peer-to-peer consultation.

217 (III) Assess Medicaid beneficiaries who are outliers in
218 their use of behavioral health drugs with regard to the numbers
219 and types of drugs taken, drug dosages, combination drug
220 therapies, and other indicators of improper use of behavioral
221 health drugs.

222 (IV) Alert prescribers to patients who fail to refill
223 prescriptions in a timely fashion, are prescribed multiple same-
224 class behavioral health drugs, and may have other potential
225 medication problems.

226 (V) Track spending trends for behavioral health drugs and
227 deviation from best practice guidelines.

228 (VI) Use educational and technological approaches to
229 promote best practices, educate consumers, and train prescribers
230 in the use of practice guidelines.

777215

4/29/2005 10:01:40 AM

HOUSE TECHNICAL AMENDMENT

Bill No. HCB 6003

Amendment No. (for drafter's use only)

231 (VII) Disseminate electronic and published materials.

232 (VIII) Hold statewide and regional conferences.

233 (IX) Implement a disease management program with a model
234 quality-based medication component for severely mentally ill
235 individuals and emotionally disturbed children who are high
236 users of care.

237 c. If the agency is unable to negotiate a contract with
238 one or more manufacturers to finance and guarantee savings
239 associated with a behavioral drug management program by
240 September 1, 2004, the four-brand drug limit and preferred drug
241 list prior-authorization requirements shall apply to mental
242 health-related drugs, notwithstanding any provision in
243 subparagraph 1. The agency is authorized to seek federal waivers
244 to implement this policy.

245 12.a. The agency shall implement a Medicaid prescription-
246 drug-management system. The agency may contract with a vendor
247 that has experience in operating prescription-drug-management
248 systems in order to implement this system. Any management system
249 that is implemented in accordance with this subparagraph must
250 rely on cooperation between physicians and pharmacists to
251 determine appropriate practice patterns and clinical guidelines
252 to improve the prescribing, dispensing, and use of drugs in the
253 Medicaid program. The agency may seek federal waivers to
254 implement this program.

255 b. The drug-management system must be designed to improve
256 the quality of care and prescribing practices based on best-
257 practice guidelines, improve patient adherence to medication

777215

4/29/2005 10:01:40 AM

Amendment No. (for drafter's use only)

258 plans, reduce clinical risk, and lower prescribed drug costs and
259 the rate of inappropriate spending on Medicaid prescription
260 drugs. The program must:

261 (I) Provide for the development and adoption of best-
262 practice guidelines for the prescribing and use of drugs in the
263 Medicaid program, including translating best-practice guidelines
264 into practice; reviewing prescriber patterns and comparing them
265 to indicators that are based on national standards and practice
266 patterns of clinical peers in their community, statewide, and
267 nationally; and determine deviations from best-practice
268 guidelines.

269 (II) Implement processes for providing feedback to and
270 educating prescribers using best-practice educational materials
271 and peer-to-peer consultation.

272 (III) Assess Medicaid recipients who are outliers in their
273 use of a single or multiple prescription drugs with regard to
274 the numbers and types of drugs taken, drug dosages, combination
275 drug therapies, and other indicators of improper use of
276 prescription drugs.

277 (IV) Alert prescribers to patients who fail to refill
278 prescriptions in a timely fashion, are prescribed multiple drugs
279 that may be redundant or contraindicated, or may have other
280 potential medication problems.

281 (V) Track spending trends for prescription drugs and
282 deviation from best practice guidelines.

777215

4/29/2005 10:01:40 AM

HOUSE TECHNICAL AMENDMENT

Bill No. HCB 6003

Amendment No. (for drafter's use only)

283 (VI) Use educational and technological approaches to
284 promote best practices, educate consumers, and train prescribers
285 in the use of practice guidelines.

286 (VII) Disseminate electronic and published materials.

287 (VIII) Hold statewide and regional conferences.

288 (IX) Implement disease-management programs in cooperation
289 with physicians and pharmacists, along with a model quality-
290 based medication component for individuals having chronic
291 medical conditions.

292 ~~13.12.~~ The agency is authorized to contract for drug
293 rebate administration, including, but not limited to,
294 calculating rebate amounts, invoicing manufacturers, negotiating
295 disputes with manufacturers, and maintaining a database of
296 rebate collections.

297 ~~14.13.~~ The agency may specify the preferred daily dosing
298 form or strength for the purpose of promoting best practices
299 with regard to the prescribing of certain drugs as specified in
300 the General Appropriations Act and ensuring cost-effective
301 prescribing practices.

302 ~~15.14.~~ The agency may require prior authorization for the
303 off-label use of Medicaid-covered prescribed drugs as specified
304 in the General Appropriations Act. The agency may, but is not
305 required to, preauthorize the use of a product for an indication
306 not in the approved labeling. Prior authorization may require
307 the prescribing professional to provide information about the
308 rationale and supporting medical evidence for the off-label use
309 of a drug.
