WHEREAS, the state of Florida experienced four major 1 2 hurricanes during 2004, and 3 WHEREAS, the state recognizes the importance of maintaining a system of hospitals throughout the state to 4 ensure that the underserved population has access to hospitals 5 when the need arises and acknowledges that these hospitals б 7 serve a critical state purpose in providing this care, and 8 WHEREAS, it is an important state interest to ensure 9 that these hospitals continue to provide health care services to the state's underserved populations, and 10 WHEREAS, many hospitals and health care facilities 11 sustained significant structural damage to their facilities in 12 13 2004, and 14 WHEREAS, hospitals that provide the majority of safety-net care for indigent and charity cases were forced to 15 operate in facilities that were not structurally sound, and 16 WHEREAS, these hospitals do not have the ability to 17 18 care for patients at alternative sites during natural 19 disasters, and WHEREAS, these hospitals do not have the capital needed 20 to invest in the significant infrastructure costs associated 21 22 with hurricane damage, and 23 WHEREAS, these hospitals have been in existence for 24 many years and have become geographically place-bound, with little opportunity to expand beyond their current property 25 lines, NOW, THEREFORE, 26 27 Be It Enacted by the Legislature of the State of Florida: 28 29 Section 1. (1) STUDY COMMISSION. -- There is created a 30 31 study commission to address critical issues relating to

2

hospitals serving indigent populations and licensed under 1 2 chapter 395, Florida Statutes, which sustained significant damage to their facilities during the 2004 hurricane season. 3 (2) SUBJECT OF STUDY.--4 (a) The commission shall identify: 5 1. All hospitals that are currently not able to comply б 7 with the provisions of the Florida Building Code as defined in 8 chapter 553, Florida Statutes, and any associated 9 administrative rules; 2. Hospitals that are located within 10 miles of the 10 coastline; and 11 3. Hospitals that are located in a designated flood 12 13 zone. 14 (b) The study commission shall make recommendations for allowing these hospitals to find alternative methods of 15 renovating their existing facility in order to meet the 16 requirements of the Florida Building Code. The commission 17 18 shall review all alternatives that could be made available to 19 those hospitals when renovation is not financially practicable or structurally feasible. The commission shall review existing 20 laws and agency rules and recommend needed changes to address 21 22 these issues. 23 (3) REPORT.--The commission shall meet by September 1, 24 2005, and shall submit recommendations, including recommendations for statutory changes, to the Governor, the 25 President of the Senate, and the Speaker of the House of 26 Representatives by January 1, 2006. Such recommendations shall 27 28 also include an evaluation of whether grant funds should be 29 made available to assist hospitals with the cost of reconstructing existing facilities. 30 31
