A bill to be entitled
An act relating to Medicaid; amending s.
409.912, F.S.; requiring the Agency for Health
Care Administration to contract with a vendor
to monitor and evaluate the clinical practice
patterns of providers; authorizing the agency
to competitively bid for single-source
providers for certain services; authorizing the
agency to examine whether purchasing certain
durable medical equipment is more
cost-effective than long-term rental of such
equipment; providing that a contract awarded to
a provider service network remains in effect
for a certain period; defining a provider
service network; providing health care
providers with a controlling interest in the
governing body of the provider service network
organization; requiring that the agency, in
partnership with the Department of Elderly
Affairs, develop an integrated, fixed-payment
delivery system for Medicaid recipients age 60
and older; requiring the Office of Program
Policy Analysis and Government Accountability
to conduct an evaluation; deleting an obsolete
provision requiring the agency to develop a
plan for implementing emergency and crisis
care; requiring the agency to develop a system
where health care vendors may provide a
business case demonstrating that higher
reimbursement for a good or service will be
offset by cost savings in other goods or

First Engrossed

1	services; requiring the Comprehensive
2	Assessment and Review for Long-Term Care
3	Services (CARES) teams to consult with any
4	person making a determination that a nursing
5	home resident funded by Medicare is not making
6	progress toward rehabilitation and assist in
7	any appeals of the decision; requiring the
8	agency to contract with an entity to design a
9	clinical-utilization information database or
10	electronic medical record for Medicaid
11	providers; requiring the agency to coordinate
12	with other entities to create emergency room
13	diversion programs for Medicaid recipients;
14	allowing dispensing practitioners to
15	participate in Medicaid; requiring that the
16	agency implement a Medicaid
17	prescription-drug-management system; requiring
18	the agency to determine the extent that
19	prescription drugs are returned and reused in
20	institutional settings and whether this program
21	could be expanded; authorizing the agency to
22	pay for emergency mental health services
23	provided through licensed crisis-stabilization
24	facilities; creating s. 409.91211, F.S.;
25	specifying waiver authority for the Agency for
26	Health Care Administration to establish a
27	Medicaid reform program contingent on federal
28	approval to preserve the upper-payment-limit
29	finding mechanism for hospitals and contingent
30	on protection of the disproportionate share
31	program authorized pursuant to ch. 409, F.S.;

2

First Engrossed

1	providing legislative intent; providing powers,
2	duties, and responsibilities of the agency
3	under the pilot program; requiring that the
4	agency submit any waivers to the Legislature
5	for approval before implementation; allowing
6	the agency to develop rules; requiring that the
7	Office of Program Policy Analysis and
8	Government Accountability, in consultation with
9	the Auditor General, evaluate the pilot program
10	and report to the Governor and the Legislature
11	on whether it should be expanded statewide;
12	amending s. 409.9122, F.S.; revising a
13	reference; amending s. 409.913, F.S.; requiring
14	5 percent of all program integrity audits to be
15	conducted on a random basis; requiring that
16	Medicaid recipients be provided with an
17	explanation of benefits; requiring that the
18	agency report to the Legislature on the legal
19	and administrative barriers to enforcing the
20	copayment requirements of s. 409.9081, F.S.;
21	requiring the agency to recommend ways to
22	ensure that Medicaid is the payer of last
23	resort; requiring the Office of Program Policy
24	Analysis and Government Accountability to
25	conduct a study of the long-term care diversion
26	programs; requiring the agency to determine how
27	many individuals in long-term care diversion
28	programs have a patient payment responsibility
29	that is not being collected and to recommend
30	how to collect such payments; requiring the
31	Office of Program Policy Analysis and

3

1	Government Accountability to conduct a study of
2	Medicaid buy-in programs to determine if these
3	programs can be created in this state without
4	expanding the overall Medicaid program budget
5	or if the Medically Needy program can be
б	changed into a Medicaid buy-in program;
7	providing an appropriation and authorizing
8	positions to implement this act; requiring the
9	Office of Program Policy Analysis and
10	Government Accountability, in consultation with
11	the Office of Attorney General and the Auditor
12	General, to conduct a study to examine whether
13	state and federal dollars are lost due to fraud
14	and abuse in the Medicaid prescription drug
15	program; providing duties; requiring that a
16	report with findings and recommendations be
17	submitted to the Governor and the Legislature
18	by a specified date; providing an effective
19	date.
20	
21	Be It Enacted by the Legislature of the State of Florida:
22	
23	Section 1. Section 409.912, Florida Statutes, is
24	amended to read:
25	409.912 Cost-effective purchasing of health careThe
26	agency shall purchase goods and services for Medicaid
27	recipients in the most cost-effective manner consistent with
28	the delivery of quality medical care. To ensure that medical
29	services are effectively utilized, the agency may, in any
30	case, require a confirmation or second physician's opinion of
31	the correct diagnosis for purposes of authorizing future

4

First Engrossed

services under the Medicaid program. This section does not 1 2 restrict access to emergency services or poststabilization care services as defined in 42 C.F.R. part 438.114. Such 3 confirmation or second opinion shall be rendered in a manner 4 approved by the agency. The agency shall maximize the use of 5 prepaid per capita and prepaid aggregate fixed-sum basis б 7 services when appropriate and other alternative service 8 delivery and reimbursement methodologies, including 9 competitive bidding pursuant to s. 287.057, designed to facilitate the cost-effective purchase of a case-managed 10 continuum of care. The agency shall also require providers to 11 minimize the exposure of recipients to the need for acute 12 13 inpatient, custodial, and other institutional care and the 14 inappropriate or unnecessary use of high-cost services. The agency shall contract with a vendor to monitor and evaluate 15 the clinical practice patterns of providers in order to 16 identify trends that are outside the normal practice patterns 17 18 of a provider's professional peers or the national quidelines 19 of a provider's professional association. The vendor must be able to provide information and counseling to a provider whose 20 practice patterns are outside the norms, in consultation with 21 22 the agency, to improve patient care and reduce inappropriate 23 utilization. The agency may mandate prior authorization, drug 24 therapy management, or disease management participation for certain populations of Medicaid beneficiaries, certain drug 25 26 classes, or particular drugs to prevent fraud, abuse, overuse, and possible dangerous drug interactions. The Pharmaceutical 27 28 and Therapeutics Committee shall make recommendations to the 29 agency on drugs for which prior authorization is required. The 30 agency shall inform the Pharmaceutical and Therapeutics 31 Committee of its decisions regarding drugs subject to prior

5

authorization. The agency is authorized to limit the entities 1 2 it contracts with or enrolls as Medicaid providers by developing a provider network through provider credentialing. 3 The agency may competitively bid single-source-provider 4 contracts if procurement of goods or services results in 5 demonstrated cost savings to the state without limiting access б 7 to care. The agency may limit its network based on the 8 assessment of beneficiary access to care, provider 9 availability, provider quality standards, time and distance standards for access to care, the cultural competence of the 10 provider network, demographic characteristics of Medicaid 11 beneficiaries, practice and provider-to-beneficiary standards, 12 13 appointment wait times, beneficiary use of services, provider 14 turnover, provider profiling, provider licensure history, previous program integrity investigations and findings, peer 15 review, provider Medicaid policy and billing compliance 16 records, clinical and medical record audits, and other 17 18 factors. Providers shall not be entitled to enrollment in the 19 Medicaid provider network. The agency shall determine instances in which allowing Medicaid beneficiaries to purchase 20 durable medical equipment and other goods is less expensive to 21 22 the Medicaid program than long-term rental of the equipment or 23 goods. The agency may establish rules to facilitate purchases 24 in lieu of long-term rentals in order to protect against fraud and abuse in the Medicaid program as defined in s. 409.913. 25 The agency <u>may</u> is authorized to seek federal waivers necessary 26 to <u>administer these policies</u> implement this policy. 27 28 (1) The agency shall work with the Department of 29 Children and Family Services to ensure access of children and 30 families in the child protection system to needed and 31 appropriate mental health and substance abuse services.

6

1	(2) The agency may enter into agreements with
2	appropriate agents of other state agencies or of any agency of
3	the Federal Government and accept such duties in respect to
4	social welfare or public aid as may be necessary to implement
5	the provisions of Title XIX of the Social Security Act and ss.
6	409.901-409.920.
7	(3) The agency may contract with health maintenance
8	organizations certified pursuant to part I of chapter 641 for
9	the provision of services to recipients.
10	(4) The agency may contract with:
11	(a) An entity that provides no prepaid health care
12	services other than Medicaid services under contract with the
13	agency and which is owned and operated by a county, county
14	health department, or county-owned and operated hospital to
15	provide health care services on a prepaid or fixed-sum basis
16	to recipients, which entity may provide such prepaid services
17	either directly or through arrangements with other providers.
18	Such prepaid health care services entities must be licensed
19	under parts I and III by January 1, 1998, and until then are
20	exempt from the provisions of part I of chapter 641. An entity
21	recognized under this paragraph which demonstrates to the
22	satisfaction of the Office of Insurance Regulation of the
23	Financial Services Commission that it is backed by the full
24	faith and credit of the county in which it is located may be
25	exempted from s. 641.225.
26	(b) An entity that is providing comprehensive
27	behavioral health care services to certain Medicaid recipients
28	through a capitated, prepaid arrangement pursuant to the
29	federal waiver provided for by s. 409.905(5). Such an entity
30	must be licensed under chapter 624, chapter 636, or chapter
31	641 and must possess the clinical systems and operational

competence to manage risk and provide comprehensive behavioral 1 2 health care to Medicaid recipients. As used in this paragraph, the term "comprehensive behavioral health care services" means 3 covered mental health and substance abuse treatment services 4 that are available to Medicaid recipients. The secretary of 5 the Department of Children and Family Services shall approve б 7 provisions of procurements related to children in the 8 department's care or custody prior to enrolling such children 9 in a prepaid behavioral health plan. Any contract awarded under this paragraph must be competitively procured. In 10 developing the behavioral health care prepaid plan procurement 11 document, the agency shall ensure that the procurement 12 13 document requires the contractor to develop and implement a 14 plan to ensure compliance with s. 394.4574 related to services provided to residents of licensed assisted living facilities 15 that hold a limited mental health license. Except as provided 16 in subparagraph 8., the agency shall seek federal approval to 17 18 contract with a single entity meeting these requirements to 19 provide comprehensive behavioral health care services to all Medicaid recipients not enrolled in a managed care plan in an 20 AHCA area. Each entity must offer sufficient choice of 21 providers in its network to ensure recipient access to care 2.2 23 and the opportunity to select a provider with whom they are 24 satisfied. The network shall include all public mental health hospitals. To ensure unimpaired access to behavioral health 25 care services by Medicaid recipients, all contracts issued 26 pursuant to this paragraph shall require 80 percent of the 27 28 capitation paid to the managed care plan, including health 29 maintenance organizations, to be expended for the provision of 30 behavioral health care services. In the event the managed care 31 plan expends less than 80 percent of the capitation paid

8

1	pursuant to this paragraph for the provision of behavioral
2	health care services, the difference shall be returned to the
3	agency. The agency shall provide the managed care plan with a
4	certification letter indicating the amount of capitation paid
5	during each calendar year for the provision of behavioral
6	health care services pursuant to this section. The agency may
7	reimburse for substance abuse treatment services on a
8	fee-for-service basis until the agency finds that adequate
9	funds are available for capitated, prepaid arrangements.
10	1. By January 1, 2001, the agency shall modify the
11	contracts with the entities providing comprehensive inpatient
12	and outpatient mental health care services to Medicaid
13	recipients in Hillsborough, Highlands, Hardee, Manatee, and
14	Polk Counties, to include substance abuse treatment services.
15	2. By July 1, 2003, the agency and the Department of
16	Children and Family Services shall execute a written agreement
17	that requires collaboration and joint development of all
18	policy, budgets, procurement documents, contracts, and
19	monitoring plans that have an impact on the state and Medicaid
20	community mental health and targeted case management programs.
21	3. Except as provided in subparagraph 8., by July 1,
22	2006, the agency and the Department of Children and Family
23	Services shall contract with managed care entities in each
24	AHCA area except area 6 or arrange to provide comprehensive
25	inpatient and outpatient mental health and substance abuse
26	services through capitated prepaid arrangements to all
27	Medicaid recipients who are eligible to participate in such
28	plans under federal law and regulation. In AHCA areas where
29	eligible individuals number less than 150,000, the agency
30	shall contract with a single managed care plan to provide
31	comprehensive behavioral health services to all recipients who

are not enrolled in a Medicaid health maintenance 1 2 organization. The agency may contract with more than one 3 comprehensive behavioral health provider to provide care to recipients who are not enrolled in a Medicaid health 4 maintenance organization in AHCA areas where the eligible 5 population exceeds 150,000. Contracts for comprehensive б 7 behavioral health providers awarded pursuant to this section 8 shall be competitively procured. Both for-profit and 9 not-for-profit corporations shall be eligible to compete. Managed care plans contracting with the agency under 10 subsection (3) shall provide and receive payment for the same 11 comprehensive behavioral health benefits as provided in AHCA 12 13 rules, including handbooks incorporated by reference. 14 4. By October 1, 2003, the agency and the department shall submit a plan to the Governor, the President of the 15 Senate, and the Speaker of the House of Representatives which 16 provides for the full implementation of capitated prepaid 17 18 behavioral health care in all areas of the state. a. Implementation shall begin in 2003 in those AHCA 19 areas of the state where the agency is able to establish 20 sufficient capitation rates. 21 22 b. If the agency determines that the proposed 23 capitation rate in any area is insufficient to provide 24 appropriate services, the agency may adjust the capitation rate to ensure that care will be available. The agency and the 25 department may use existing general revenue to address any 26 additional required match but may not over-obligate existing 27 28 funds on an annualized basis. 29 c. Subject to any limitations provided for in the General Appropriations Act, the agency, in compliance with 30 31 appropriate federal authorization, shall develop policies and

10

procedures that allow for certification of local and state procedures.

5. Children residing in a statewide inpatient psychiatric program, or in a Department of Juvenile Justice or a Department of Children and Family Services residential program approved as a Medicaid behavioral health overlay services provider shall not be included in a behavioral health care prepaid health plan or any other Medicaid managed care plan pursuant to this paragraph.

10 6. In converting to a prepaid system of delivery, the agency shall in its procurement document require an entity 11 providing only comprehensive behavioral health care services 12 13 to prevent the displacement of indigent care patients by 14 enrollees in the Medicaid prepaid health plan providing behavioral health care services from facilities receiving 15 state funding to provide indigent behavioral health care, to 16 facilities licensed under chapter 395 which do not receive 17 18 state funding for indigent behavioral health care, or reimburse the unsubsidized facility for the cost of behavioral 19 health care provided to the displaced indigent care patient. 20

7. Traditional community mental health providers under 21 22 contract with the Department of Children and Family Services 23 pursuant to part IV of chapter 394, child welfare providers 24 under contract with the Department of Children and Family Services in areas 1 and 6, and inpatient mental health 25 providers licensed pursuant to chapter 395 must be offered an 26 opportunity to accept or decline a contract to participate in 27 28 any provider network for prepaid behavioral health services. 29 8. For fiscal year 2004-2005, all Medicaid eligible children, except children in areas 1 and 6, whose cases are 30

31 open for child welfare services in the HomeSafeNet system,

11

shall be enrolled in MediPass or in Medicaid fee-for-service 1 2 and all their behavioral health care services including inpatient, outpatient psychiatric, community mental health, 3 and case management shall be reimbursed on a fee-for-service 4 basis. Beginning July 1, 2005, such children, who are open for 5 child welfare services in the HomeSafeNet system, shall б 7 receive their behavioral health care services through a 8 specialty prepaid plan operated by community-based lead 9 agencies either through a single agency or formal agreements among several agencies. The specialty prepaid plan must result 10 in savings to the state comparable to savings achieved in 11 other Medicaid managed care and prepaid programs. Such plan 12 13 must provide mechanisms to maximize state and local revenues. 14 The specialty prepaid plan shall be developed by the agency and the Department of Children and Family Services. The agency 15 is authorized to seek any federal waivers to implement this 16 17 initiative.

18 (c) A federally qualified health center or an entity 19 owned by one or more federally qualified health centers or an entity owned by other migrant and community health centers 20 receiving non-Medicaid financial support from the Federal 21 Government to provide health care services on a prepaid or 2.2 23 fixed-sum basis to recipients. Such prepaid health care 24 services entity must be licensed under parts I and III of chapter 641, but shall be prohibited from serving Medicaid 25 recipients on a prepaid basis, until such licensure has been 26 obtained. However, such an entity is exempt from s. 641.225 if 27 28 the entity meets the requirements specified in subsections 29 (17) and (18).

30 (d) A provider service network may be reimbursed on a31 fee-for-service or prepaid basis. A provider service network

12

which is reimbursed by the agency on a prepaid basis shall be 1 2 exempt from parts I and III of chapter 641, but must meet appropriate financial reserve, quality assurance, and patient 3 rights requirements as established by the agency. The agency 4 shall award contracts on a competitive bid basis and shall 5 select bidders based upon price and quality of care. Medicaid б 7 recipients assigned to a demonstration project shall be chosen 8 equally from those who would otherwise have been assigned to 9 prepaid plans and MediPass. The agency is authorized to seek federal Medicaid waivers as necessary to implement the 10 provisions of this section. Any contract previously awarded to 11 a provider service network operated by a hospital pursuant to 12 13 this subsection shall remain in effect for a period of 3 years following the current contract-expiration date, regardless of 14 any contractual provisions to the contrary. A provider service 15 network is a network established or organized and operated by 16 a health care provider, or group of affiliated health care 17 18 providers, which provides a substantial proportion of the 19 health care items and services under a contract directly through the provider or affiliated group of providers and may 20 21 make arrangements with physicians or other health care 22 professionals, health care institutions, or any combination of 23 such individuals or institutions to assume all or part of the 24 financial risk on a prospective basis for the provision of basic health services by the physicians, by other health 25 professionals, or through the institutions. The health care 26 providers must have a controlling interest in the governing 27 28 body of the provider service network organization. 29 (e) An entity that provides only comprehensive 30 behavioral health care services to certain Medicaid recipients through an administrative services organization agreement. 31

13

Such an entity must possess the clinical systems and 1 2 operational competence to provide comprehensive health care to Medicaid recipients. As used in this paragraph, the term 3 4 "comprehensive behavioral health care services" means covered mental health and substance abuse treatment services that are 5 available to Medicaid recipients. Any contract awarded under б 7 this paragraph must be competitively procured. The agency must 8 ensure that Medicaid recipients have available the choice of 9 at least two managed care plans for their behavioral health care services. 10 (f) An entity that provides in-home physician services 11 to test the cost-effectiveness of enhanced home-based medical 12 13 care to Medicaid recipients with degenerative neurological 14 diseases and other diseases or disabling conditions associated with high costs to Medicaid. The program shall be designed to 15 serve very disabled persons and to reduce Medicaid reimbursed 16 costs for inpatient, outpatient, and emergency department 17 18 services. The agency shall contract with vendors on a 19 risk-sharing basis. (g) Children's provider networks that provide care 20 coordination and care management for Medicaid-eligible 21 22 pediatric patients, primary care, authorization of specialty 23 care, and other urgent and emergency care through organized 24 providers designed to service Medicaid eligibles under age 18 and pediatric emergency departments' diversion programs. The 25 networks shall provide after-hour operations, including 26

27 evening and weekend hours, to promote, when appropriate, the 28 use of the children's networks rather than hospital emergency 29 departments.

30 (h) An entity authorized in s. 430.205 to contract31 with the agency and the Department of Elderly Affairs to

14

1	provide health care and social services on a prepaid or
2	fixed-sum basis to elderly recipients. Such prepaid health
3	care services entities are exempt from the provisions of part
4	I of chapter 641 for the first 3 years of operation. An entity
5	recognized under this paragraph that demonstrates to the
б	satisfaction of the Office of Insurance Regulation that it is
7	backed by the full faith and credit of one or more counties in
8	which it operates may be exempted from s. 641.225.
9	(i) A Children's Medical Services Network, as defined
10	in s. 391.021.
11	(5) By December 1, 2005, the Agency for Health Care
12	Administration, in partnership with the Department of Elderly
13	Affairs, shall create an integrated, fixed-payment delivery
14	system for Medicaid recipients who are 60 years of age or
15	older. Eligible Medicaid recipients may participate in the
16	integrated system on a voluntary basis. The program must
17	transfer all Medicaid services for eligible elderly
18	individuals who choose to participate into an integrated-care
19	management model designed to serve Medicaid recipients in the
20	community. The program must combine all funding for Medicaid
21	services provided to individuals 60 years of age or older into
22	the integrated system, including funds for Medicaid home and
23	community-based waiver services; all Medicaid services
24	authorized in ss. 409.905 and 409.906, excluding funds for
25	Medicaid nursing home services unless the agency is able to
26	demonstrate how the integration of the funds will improve
27	coordinated care for these services in a less costly manner;
28	and Medicare premiums, coinsurance, and deductibles for
29	persons dually eligible for Medicaid and Medicare as
30	prescribed in s. 409.908(13). The agency must begin
31	

15

1	implementing the integrated system in a pilot area that may
2	only include Orange, Osceola, Lake, and Seminole Counties.
3	(a) Individuals who are 60 years of age or older and
4	enrolled in the the developmental disabilities waiver program,
5	the family and supported-living waiver program, the project
6	AIDS care waiver program, the traumatic brain injury and
7	spinal cord injury waiver program, the consumer-directed care
8	waiver program, and the program of all-inclusive care for the
9	elderly program, and residents of institutional care
10	facilities for the developmentally disabled, must be excluded
11	from the integrated system.
12	(b) The program must use a competitive-procurement
13	process to select entities to operate the integrated system.
14	Entities eligible to submit bids include managed care
15	organizations licensed under chapter 641, including entities
16	eligible to participate in the nursing home diversion program,
17	other qualified providers as defined in s. 430.703(7),
18	community care for the elderly lead agencies, and other
19	state-certified community service networks that meet
20	comparable standards as defined by the agency, in consultation
21	with the Department of Elderly Affairs and the Office of
22	Insurance Regulation, to be financially solvent and able to
23	take on financial risk for managed care. Community service
24	networks that are certified pursuant to the comparable
25	standards defined by the agency are not required to be
26	licensed under chapter 641.
27	(c) The agency must ensure that the
28	capitation-rate-setting methodology for the integrated system
29	is actuarially sound and reflects the intent to provide
30	guality care in the least-restrictive setting. The agency must
31	also require integrated-system providers to develop a

<pre>1 credentialing system for service providers and to contract 2 with all Gold Seal nursing homes, where feasible, and exclude, 3 where feasible, chronically poor-performing facilities and 4 providers as defined by the agency. The integrated system must 5 provide that if the recipient resides in a noncontracted 6 residential facility licensed under chapter 400 at the time 7 the integrated system is initiated, the recipient must be 8 permitted to continue to reside in the noncontracted facility 9 as long as the recipient desires. The integrated system must 10 also provide that, in the absence of a contract between the 11 integrated-system provider and the residential facility 12 licensed under chapter 400, current Medicaid rates must 13 prevail. The agency and the Department of Elderly Affairs must 14 jointly develop procedures to manage the services provided</pre>
 where feasible, chronically poor-performing facilities and providers as defined by the agency. The integrated system must provide that if the recipient resides in a noncontracted residential facility licensed under chapter 400 at the time the integrated system is initiated, the recipient must be permitted to continue to reside in the noncontracted facility as long as the recipient desires. The integrated system must also provide that, in the absence of a contract between the integrated-system provider and the residential facility Licensed under chapter 400, current Medicaid rates must prevail. The agency and the Department of Elderly Affairs must
providers as defined by the agency. The integrated system must provide that if the recipient resides in a noncontracted residential facility licensed under chapter 400 at the time the integrated system is initiated, the recipient must be permitted to continue to reside in the noncontracted facility as long as the recipient desires. The integrated system must also provide that, in the absence of a contract between the integrated-system provider and the residential facility licensed under chapter 400, current Medicaid rates must prevail. The agency and the Department of Elderly Affairs must
5 provide that if the recipient resides in a noncontracted 6 residential facility licensed under chapter 400 at the time 7 the integrated system is initiated, the recipient must be 8 permitted to continue to reside in the noncontracted facility 9 as long as the recipient desires. The integrated system must 10 also provide that, in the absence of a contract between the 11 integrated-system provider and the residential facility 12 licensed under chapter 400, current Medicaid rates must 13 prevail. The agency and the Department of Elderly Affairs must
6 residential facility licensed under chapter 400 at the time 7 the integrated system is initiated, the recipient must be 8 permitted to continue to reside in the noncontracted facility 9 as long as the recipient desires. The integrated system must 10 also provide that, in the absence of a contract between the 11 integrated-system provider and the residential facility 12 licensed under chapter 400, current Medicaid rates must 13 prevail. The agency and the Department of Elderly Affairs must
7 the integrated system is initiated, the recipient must be 9 permitted to continue to reside in the noncontracted facility 9 as long as the recipient desires. The integrated system must 10 also provide that, in the absence of a contract between the 11 integrated-system provider and the residential facility 12 licensed under chapter 400, current Medicaid rates must 13 prevail. The agency and the Department of Elderly Affairs must
8 permitted to continue to reside in the noncontracted facility 9 as long as the recipient desires. 12 licensed under chapter 400, current Medicaid rates must 13 prevail. The agency and the Department of Elderly Affairs must
13 prevail. The agency and the Department of Elderly Affairs must
14 jointly develop procedures to manage the services provided
<u>joiner</u> , <u>accerop</u> procedures co manage ene pervices provided
15 through the integrated system in order to ensure quality and
16 recipient choice.
17 (d) Within 24 months after implementation, the Office
18 of Program Policy Analysis and Government Accountability, in
19 consultation with the Auditor General, shall comprehensively
20 evaluate the pilot project for the integrated, fixed-payment
21 delivery system for Medicaid recipients who are 60 years of
22 age or older. The evaluation must include assessments of cost
23 savings; consumer education, choice, and access to services;
24 coordination of care; and quality of care. The evaluation must
25 describe administrative or legal barriers to the
26 implementation and operation of the pilot program and include
27 recommendations regarding statewide expansion of the pilot
28 program. The office shall submit an evaluation report to the
29 Governor, the President of the Senate, and the Speaker of the
30 House of Representatives no later than June 30, 2008.

(e) The agency may seek federal waivers and adopt 1 2 rules as necessary to administer the integrated system. By 3 October 1, 2003, the agency and the department shall, to the extent feasible, develop a plan for implementing new Medicaid 4 5 procedure codes for emergency and crisis care, supportive б residential services, and other services designed to maximize 7 the use of Medicaid funds for Medicaid eligible recipients. 8 The agency shall include in the agreement developed pursuant 9 to subsection (4) a provision that ensures that the match requirements for these new procedure codes are met by 10 certifying eligible general revenue or local funds that are 11 currently expended on these services by the department with 12 13 contracted alcohol, drug abuse, and mental health providers. The plan must describe specific procedure codes to be 14 implemented, a projection of the number of procedures to be 15 delivered during fiscal year 2003 2004, and a financial 16 analysis that describes the certified match procedures, and 17 18 accountability mechanisms, projects the earnings associated 19 with these procedures, and describes the sources of state match. This plan may not be implemented in any part until 20 approved by the Legislative Budget Commission. If such 21 22 approval has not occurred by December 31, 2003, the plan shall 23 be submitted for consideration by the 2004 Legislature. 24 (6) The agency may contract with any public or private entity otherwise authorized by this section on a prepaid or 25 fixed-sum basis for the provision of health care services to 26 recipients. An entity may provide prepaid services to 27 28 recipients, either directly or through arrangements with other 29 entities, if each entity involved in providing services: 30 31

18

1	(a) Is organized primarily for the purpose of
2	providing health care or other services of the type regularly
3	offered to Medicaid recipients;
4	(b) Ensures that services meet the standards set by
5	the agency for quality, appropriateness, and timeliness;
6	(c) Makes provisions satisfactory to the agency for
7	insolvency protection and ensures that neither enrolled
8	Medicaid recipients nor the agency will be liable for the
9	debts of the entity;
10	(d) Submits to the agency, if a private entity, a
11	financial plan that the agency finds to be fiscally sound and
12	that provides for working capital in the form of cash or
13	equivalent liquid assets excluding revenues from Medicaid
14	premium payments equal to at least the first 3 months of
15	operating expenses or \$200,000, whichever is greater;
16	(e) Furnishes evidence satisfactory to the agency of
17	adequate liability insurance coverage or an adequate plan of
18	self-insurance to respond to claims for injuries arising out
19	of the furnishing of health care;
20	(f) Provides, through contract or otherwise, for
21	periodic review of its medical facilities and services, as
22	required by the agency; and
23	(g) Provides organizational, operational, financial,
24	and other information required by the agency.
25	(7) The agency may contract on a prepaid or fixed-sum
26	basis with any health insurer that:
27	(a) Pays for health care services provided to enrolled
28	Medicaid recipients in exchange for a premium payment paid by
29	the agency;
30	(b) Assumes the underwriting risk; and
31	

(c) Is organized and licensed under applicable 1 2 provisions of the Florida Insurance Code and is currently in 3 good standing with the Office of Insurance Regulation. 4 (8) The agency may contract on a prepaid or fixed-sum basis with an exclusive provider organization to provide 5 health care services to Medicaid recipients provided that the б 7 exclusive provider organization meets applicable managed care 8 plan requirements in this section, ss. 409.9122, 409.9123, 409.9128, and 627.6472, and other applicable provisions of 9 law. 10 (9) The Agency for Health Care Administration may 11 provide cost-effective purchasing of chiropractic services on 12 13 a fee-for-service basis to Medicaid recipients through 14 arrangements with a statewide chiropractic preferred provider organization incorporated in this state as a not-for-profit 15 corporation. The agency shall ensure that the benefit limits 16 and prior authorization requirements in the current Medicaid 17 18 program shall apply to the services provided by the chiropractic preferred provider organization. 19 (10) The agency shall not contract on a prepaid or 20 fixed-sum basis for Medicaid services with an entity which 21 22 knows or reasonably should know that any officer, director, 23 agent, managing employee, or owner of stock or beneficial 24 interest in excess of 5 percent common or preferred stock, or the entity itself, has been found guilty of, regardless of 25 adjudication, or entered a plea of nolo contendere, or guilty, 26 27 to: 28 (a) Fraud; 29 (b) Violation of federal or state antitrust statutes, 30 including those proscribing price fixing between competitors 31 and the allocation of customers among competitors; 20

First Engrossed

(c) Commission of a felony involving embezzlement, 1 2 theft, forgery, income tax evasion, bribery, falsification or destruction of records, making false statements, receiving 3 stolen property, making false claims, or obstruction of 4 justice; or 5 6 (d) Any crime in any jurisdiction which directly 7 relates to the provision of health services on a prepaid or 8 fixed-sum basis. 9 (11) The agency, after notifying the Legislature, may apply for waivers of applicable federal laws and regulations 10 as necessary to implement more appropriate systems of health 11 care for Medicaid recipients and reduce the cost of the 12 13 Medicaid program to the state and federal governments and 14 shall implement such programs, after legislative approval, within a reasonable period of time after federal approval. 15 These programs must be designed primarily to reduce the need 16 for inpatient care, custodial care and other long-term or 17 18 institutional care, and other high-cost services. (a) Prior to seeking legislative approval of such a 19 waiver as authorized by this subsection, the agency shall 20 provide notice and an opportunity for public comment. Notice 21 22 shall be provided to all persons who have made requests of the 23 agency for advance notice and shall be published in the 24 Florida Administrative Weekly not less than 28 days prior to the intended action. 25 (b) Notwithstanding s. 216.292, funds that are 26 appropriated to the Department of Elderly Affairs for the 27 28 Assisted Living for the Elderly Medicaid waiver and are not 29 expended shall be transferred to the agency to fund Medicaid-reimbursed nursing home care. 30 31

21

1	(12) The agency shall establish a postpayment
2	utilization control program designed to identify recipients
3	who may inappropriately overuse or underuse Medicaid services
4	and shall provide methods to correct such misuse.
5	(13) The agency shall develop and provide coordinated
б	systems of care for Medicaid recipients and may contract with
7	public or private entities to develop and administer such
8	systems of care among public and private health care providers
9	in a given geographic area.
10	(14) <u>(a)</u> The agency shall operate or contract for the
11	operation of utilization management and incentive systems
12	designed to encourage cost-effective use services.
13	(b) The agency shall develop a procedure for
14	determining whether health care providers and service vendors
15	can provide the Medicaid program using a business case that
16	demonstrates whether a particular good or service can offset
17	the cost of providing the good or service in an alternative
18	setting or through other means and therefore should receive a
19	higher reimbursement. The business case must include, but need
20	not be limited to:
21	1. A detailed description of the good or service to be
22	provided, a description and analysis of the agency's current
23	performance of the service, and a rationale documenting how
24	providing the service in an alternative setting would be in
25	the best interest of the state, the agency, and its clients.
26	2. A cost-benefit analysis documenting the estimated
27	specific direct and indirect costs, savings, performance
28	improvements, risks, and qualitative and quantitative benefits
29	involved in or resulting from providing the service. The
30	cost-benefit analysis must include a detailed plan and
31	timeline identifying all actions that must be implemented to

realize expected benefits. The Secretary of Health Care 1 2 Administration shall verify that all costs, savings, and benefits are valid and achievable. 3 4 (c) If the agency determines that the increased reimbursement is cost-effective, the agency shall recommend a 5 change in the reimbursement schedule for that particular good б 7 or service. If, within 12 months after implementing any rate 8 change under this procedure, the agency determines that costs 9 were not offset by the increased reimbursement schedule, the agency may revert to the former reimbursement schedule for the 10 particular good or service. 11 (15)(a) The agency shall operate the Comprehensive 12 13 Assessment and Review for Long-Term Care Services (CARES) 14 nursing facility preadmission screening program to ensure that Medicaid payment for nursing facility care is made only for 15 individuals whose conditions require such care and to ensure 16 that long-term care services are provided in the setting most 17 18 appropriate to the needs of the person and in the most economical manner possible. The CARES program shall also 19 ensure that individuals participating in Medicaid home and 20 community-based waiver programs meet criteria for those 21 22 programs, consistent with approved federal waivers. 23 (b) The agency shall operate the CARES program through 24 an interagency agreement with the Department of Elderly Affairs. The agency, in consultation with the Department of 25 Elderly Affairs, may contract for any function or activity of 26 the CARES program, including any function or activity required 27 28 by 42 C.F.R. part 483.20, relating to preadmission screening 29 and resident review. 30 (c) Prior to making payment for nursing facility 31 services for a Medicaid recipient, the agency must verify that

23

the nursing facility preadmission screening program has 1 2 determined that the individual requires nursing facility care and that the individual cannot be safely served in 3 4 community-based programs. The nursing facility preadmission screening program shall refer a Medicaid recipient to a 5 community-based program if the individual could be safely б 7 served at a lower cost and the recipient chooses to 8 participate in such program. For individuals whose nursing 9 home stay is initially funded by Medicare and Medicare coverage is being terminated for lack of progress towards 10 rehabilitation, CARES staff shall consult with the person 11 making the determination of progress toward rehabilitation to 12 13 ensure that the recipient is not being inappropriately 14 disqualified from Medicare coverage. If, in their professional judgment, CARES staff believes that a Medicare beneficiary is 15 still making progress toward rehabilitation, they may assist 16 the Medicare beneficiary with an appeal of the 17 18 disqualification from Medicare coverage. The use of CARES 19 teams to review Medicare denials for coverage under this section is authorized only if it is determined that such 20 reviews qualify for federal matching funds through Medicaid. 21 22 The agency shall seek or amend federal waivers as necessary to 23 implement this section. 24 (d) For the purpose of initiating immediate prescreening and diversion assistance for individuals residing 25 in nursing homes and in order to make families aware of 26 alternative long-term care resources so that they may choose a 27 28 more cost-effective setting for long-term placement, CARES 29 staff shall conduct an assessment and review of a sample of 30 individuals whose nursing home stay is expected to exceed 20 31 days, regardless of the initial funding source for the nursing

24

home placement. CARES staff shall provide counseling and 1 2 referral services to these individuals regarding choosing appropriate long-term care alternatives. This paragraph does 3 not apply to continuing care facilities licensed under chapter 4 651 or to retirement communities that provide a combination of 5 nursing home, independent living, and other long-term care б 7 services. 8 (e) By January 15 of each year, the agency shall 9 submit a report to the Legislature and the Office of Long-Term-Care Policy describing the operations of the CARES 10 program. The report must describe: 11 1. Rate of diversion to community alternative 12 13 programs; 14 2. CARES program staffing needs to achieve additional diversions; 15 3. Reasons the program is unable to place individuals 16 in less restrictive settings when such individuals desired 17 18 such services and could have been served in such settings; 19 4. Barriers to appropriate placement, including barriers due to policies or operations of other agencies or 20 state-funded programs; and 21 22 5. Statutory changes necessary to ensure that 23 individuals in need of long-term care services receive care in 24 the least restrictive environment. (f) The Department of Elderly Affairs shall track 25 individuals over time who are assessed under the CARES program 26 and who are diverted from nursing home placement. By January 27 28 15 of each year, the department shall submit to the 29 Legislature and the Office of Long-Term-Care Policy a longitudinal study of the individuals who are diverted from 30 31 nursing home placement. The study must include:

25

- 1	
1	1. The demographic characteristics of the individuals
2	assessed and diverted from nursing home placement, including,
3	but not limited to, age, race, gender, frailty, caregiver
4	status, living arrangements, and geographic location;
5	2. A summary of community services provided to
6	individuals for 1 year after assessment and diversion;
7	3. A summary of inpatient hospital admissions for
8	individuals who have been diverted; and
9	4. A summary of the length of time between diversion
10	and subsequent entry into a nursing home or death.
11	(g) By July 1, 2005, the department and the Agency for
12	Health Care Administration shall report to the President of
13	the Senate and the Speaker of the House of Representatives
14	regarding the impact to the state of modifying level-of-care
15	criteria to eliminate the Intermediate II level of care.
16	(16)(a) The agency shall identify health care
17	utilization and price patterns within the Medicaid program
18	which are not cost-effective or medically appropriate and
19	assess the effectiveness of new or alternate methods of
20	providing and monitoring service, and may implement such
21	methods as it considers appropriate. Such methods may include
22	disease management initiatives, an integrated and systematic
23	approach for managing the health care needs of recipients who
24	are at risk of or diagnosed with a specific disease by using
25	best practices, prevention strategies, clinical-practice
26	improvement, clinical interventions and protocols, outcomes
27	research, information technology, and other tools and
28	resources to reduce overall costs and improve measurable
29	outcomes.
30	(b) The responsibility of the agency under this
31	subsection shall include the development of capabilities to

identify actual and optimal practice patterns; patient and provider educational initiatives; methods for determining patient compliance with prescribed treatments; fraud, waste, and abuse prevention and detection programs; and beneficiary case management programs.

6 1. The practice pattern identification program shall 7 evaluate practitioner prescribing patterns based on national 8 and regional practice guidelines, comparing practitioners to their peer groups. The agency and its Drug Utilization Review 9 Board shall consult with the Department of Health and a panel 10 of practicing health care professionals consisting of the 11 following: the Speaker of the House of Representatives and the 12 13 President of the Senate shall each appoint three physicians 14 licensed under chapter 458 or chapter 459; and the Governor shall appoint two pharmacists licensed under chapter 465 and 15 one dentist licensed under chapter 466 who is an oral surgeon. 16 Terms of the panel members shall expire at the discretion of 17 18 the appointing official. The panel shall begin its work by August 1, 1999, regardless of the number of appointments made 19 by that date. The advisory panel shall be responsible for 20 evaluating treatment guidelines and recommending ways to 21 22 incorporate their use in the practice pattern identification 23 program. Practitioners who are prescribing inappropriately or 24 inefficiently, as determined by the agency, may have their prescribing of certain drugs subject to prior authorization or 25 26 may be terminated from all participation in the Medicaid 27 program.

28 2. The agency shall also develop educational
29 interventions designed to promote the proper use of
30 medications by providers and beneficiaries.

31

27

1	3. The agency shall implement a pharmacy fraud, waste,
2	and abuse initiative that may include a surety bond or letter
3	of credit requirement for participating pharmacies, enhanced
4	provider auditing practices, the use of additional fraud and
5	abuse software, recipient management programs for
б	beneficiaries inappropriately using their benefits, and other
7	steps that will eliminate provider and recipient fraud, waste,
8	and abuse. The initiative shall address enforcement efforts to
9	reduce the number and use of counterfeit prescriptions.
10	4. By September 30, 2002, the agency shall contract
11	with an entity in the state to implement a wireless handheld
12	clinical pharmacology drug information database for
13	practitioners. The initiative shall be designed to enhance the
14	agency's efforts to reduce fraud, abuse, and errors in the
15	prescription drug benefit program and to otherwise further the
16	intent of this paragraph.
17	5. By April 1, 2006, the agency shall contract with an
18	entity to design a database of clinical utilization
19	information or electronic medical records for Medicaid
20	providers. This system must be web-based and allow providers
21	to review on a real-time basis the utilization of Medicaid
22	services, including, but not limited to, physician office
23	visits, inpatient and outpatient hospitalizations, laboratory
24	and pathology services, radiological and other imaging
25	services, dental care, and patterns of dispensing prescription
26	drugs in order to coordinate care and identify potential fraud
27	and abuse.
28	6.5. The agency may apply for any federal waivers
29	needed to <u>administer</u> implement this paragraph.
30	(17) An entity contracting on a prepaid or fixed-sum
31	basis shall, in addition to meeting any applicable statutory

surplus requirements, also maintain at all times in the form 1 2 of cash, investments that mature in less than 180 days 3 allowable as admitted assets by the Office of Insurance Regulation, and restricted funds or deposits controlled by the 4 agency or the Office of Insurance Regulation, a surplus amount 5 equal to one-and-one-half times the entity's monthly Medicaid б 7 prepaid revenues. As used in this subsection, the term 8 "surplus" means the entity's total assets minus total liabilities. If an entity's surplus falls below an amount 9 equal to one-and-one-half times the entity's monthly Medicaid 10 prepaid revenues, the agency shall prohibit the entity from 11 engaging in marketing and preenrollment activities, shall 12 13 cease to process new enrollments, and shall not renew the 14 entity's contract until the required balance is achieved. The requirements of this subsection do not apply: 15 (a) Where a public entity agrees to fund any deficit 16 incurred by the contracting entity; or 17 18 (b) Where the entity's performance and obligations are 19 guaranteed in writing by a guaranteeing organization which: 1. Has been in operation for at least 5 years and has 20 assets in excess of \$50 million; or 21 22 2. Submits a written guarantee acceptable to the 23 agency which is irrevocable during the term of the contracting 24 entity's contract with the agency and, upon termination of the contract, until the agency receives proof of satisfaction of 25 all outstanding obligations incurred under the contract. 26 (18)(a) The agency may require an entity contracting 27 28 on a prepaid or fixed-sum basis to establish a restricted 29 insolvency protection account with a federally guaranteed financial institution licensed to do business in this state. 30 31 The entity shall deposit into that account 5 percent of the

29

capitation payments made by the agency each month until a 1 2 maximum total of 2 percent of the total current contract 3 amount is reached. The restricted insolvency protection 4 account may be drawn upon with the authorized signatures of two persons designated by the entity and two representatives 5 of the agency. If the agency finds that the entity is б 7 insolvent, the agency may draw upon the account solely with 8 the two authorized signatures of representatives of the agency, and the funds may be disbursed to meet financial 9 obligations incurred by the entity under the prepaid contract. 10 If the contract is terminated, expired, or not continued, the 11 account balance must be released by the agency to the entity 12 13 upon receipt of proof of satisfaction of all outstanding 14 obligations incurred under this contract. (b) The agency may waive the insolvency protection 15 account requirement in writing when evidence is on file with 16 the agency of adequate insolvency insurance and reinsurance 17 18 that will protect enrollees if the entity becomes unable to 19 meet its obligations. (19) An entity that contracts with the agency on a 20

prepaid or fixed-sum basis for the provision of Medicaid services shall reimburse any hospital or physician that is outside the entity's authorized geographic service area as specified in its contract with the agency, and that provides services authorized by the entity to its members, at a rate negotiated with the hospital or physician for the provision of services or according to the lesser of the following:

(a) The usual and customary charges made to thegeneral public by the hospital or physician; or

30 (b) The Florida Medicaid reimbursement rate31 established for the hospital or physician.

30

1	(20) When a merger or acquisition of a Medicaid
2	prepaid contractor has been approved by the Office of
3	Insurance Regulation pursuant to s. 628.4615, the agency shall
4	approve the assignment or transfer of the appropriate Medicaid
5	prepaid contract upon request of the surviving entity of the
б	merger or acquisition if the contractor and the other entity
7	have been in good standing with the agency for the most recent
8	12-month period, unless the agency determines that the
9	assignment or transfer would be detrimental to the Medicaid
10	recipients or the Medicaid program. To be in good standing, an
11	entity must not have failed accreditation or committed any
12	material violation of the requirements of s. 641.52 and must
13	meet the Medicaid contract requirements. For purposes of this
14	section, a merger or acquisition means a change in controlling
15	interest of an entity, including an asset or stock purchase.
16	(21) Any entity contracting with the agency pursuant
17	to this section to provide health care services to Medicaid
18	recipients is prohibited from engaging in any of the following
19	practices or activities:
20	(a) Practices that are discriminatory, including, but
21	not limited to, attempts to discourage participation on the
22	basis of actual or perceived health status.
23	(b) Activities that could mislead or confuse
24	recipients, or misrepresent the organization, its marketing
25	representatives, or the agency. Violations of this paragraph
26	include, but are not limited to:
27	1. False or misleading claims that marketing
28	representatives are employees or representatives of the state
29	or county, or of anyone other than the entity or the
30	organization by whom they are reimbursed.
31	

1	2. False or misleading claims that the entity is
2	recommended or endorsed by any state or county agency, or by
3	any other organization which has not certified its endorsement
4	in writing to the entity.
5	3. False or misleading claims that the state or county
6	recommends that a Medicaid recipient enroll with an entity.
7	4. Claims that a Medicaid recipient will lose benefits
8	under the Medicaid program, or any other health or welfare
9	benefits to which the recipient is legally entitled, if the
10	recipient does not enroll with the entity.
11	(c) Granting or offering of any monetary or other
12	valuable consideration for enrollment, except as authorized by
13	subsection (24).
14	(d) Door-to-door solicitation of recipients who have
15	not contacted the entity or who have not invited the entity to
16	make a presentation.
17	(e) Solicitation of Medicaid recipients by marketing
18	representatives stationed in state offices unless approved and
19	supervised by the agency or its agent and approved by the
20	affected state agency when solicitation occurs in an office of
21	the state agency. The agency shall ensure that marketing
22	representatives stationed in state offices shall market their
23	managed care plans to Medicaid recipients only in designated
24	areas and in such a way as to not interfere with the
25	recipients' activities in the state office.
26	(f) Enrollment of Medicaid recipients.
27	(22) The agency may impose a fine for a violation of
28	this section or the contract with the agency by a person or
29	entity that is under contract with the agency. With respect to
30	any nonwillful violation, such fine shall not exceed \$2,500
31	per violation. In no event shall such fine exceed an aggregate

1	amount of \$10,000 for all nonwillful violations arising out of
2	the same action. With respect to any knowing and willful
3	violation of this section or the contract with the agency, the
4	agency may impose a fine upon the entity in an amount not to
5	exceed \$20,000 for each such violation. In no event shall such
6	fine exceed an aggregate amount of \$100,000 for all knowing
7	and willful violations arising out of the same action.
8	(23) A health maintenance organization or a person or
9	entity exempt from chapter 641 that is under contract with the
10	agency for the provision of health care services to Medicaid
11	recipients may not use or distribute marketing materials used
12	to solicit Medicaid recipients, unless such materials have
13	been approved by the agency. The provisions of this subsection
14	do not apply to general advertising and marketing materials
15	used by a health maintenance organization to solicit both
16	non-Medicaid subscribers and Medicaid recipients.
17	(24) Upon approval by the agency, health maintenance
18	organizations and persons or entities exempt from chapter 641
19	that are under contract with the agency for the provision of
20	health care services to Medicaid recipients may be permitted
21	within the capitation rate to provide additional health
22	benefits that the agency has found are of high quality, are
23	practicably available, provide reasonable value to the
24	recipient, and are provided at no additional cost to the
25	state.
26	(25) The agency shall utilize the statewide health
27	maintenance organization complaint hotline for the purpose of
28	investigating and resolving Medicaid and prepaid health plan
29	complaints, maintaining a record of complaints and confirmed
30	problems, and receiving disenrollment requests made by
31	recipients.

1	(26) The agency shall require the publication of the
2	health maintenance organization's and the prepaid health
3	plan's consumer services telephone numbers and the "800"
4	telephone number of the statewide health maintenance
5	organization complaint hotline on each Medicaid identification
б	card issued by a health maintenance organization or prepaid
7	health plan contracting with the agency to serve Medicaid
8	recipients and on each subscriber handbook issued to a
9	Medicaid recipient.
10	(27) The agency shall establish a health care quality
11	improvement system for those entities contracting with the
12	agency pursuant to this section, incorporating all the
13	standards and guidelines developed by the Medicaid Bureau of
14	the Health Care Financing Administration as a part of the
15	quality assurance reform initiative. The system shall include,
16	but need not be limited to, the following:
17	(a) Guidelines for internal quality assurance
18	programs, including standards for:
19	1. Written quality assurance program descriptions.
20	2. Responsibilities of the governing body for
21	monitoring, evaluating, and making improvements to care.
22	3. An active quality assurance committee.
23	4. Quality assurance program supervision.
24	5. Requiring the program to have adequate resources to
25	effectively carry out its specified activities.
26	6. Provider participation in the quality assurance
27	program.
28	7. Delegation of quality assurance program activities.
29	8. Credentialing and recredentialing.
30	9. Enrollee rights and responsibilities.
31	

First Engrossed

10. Availability and accessibility to services and 1 2 care. 3 11. Ambulatory care facilities. 4 12. Accessibility and availability of medical records, as well as proper recordkeeping and process for record review. 5 6 13. Utilization review. 7 14. A continuity of care system. 8 15. Quality assurance program documentation. 16. Coordination of quality assurance activity with 9 other management activity. 10 17. Delivering care to pregnant women and infants; to 11 elderly and disabled recipients, especially those who are at 12 13 risk of institutional placement; to persons with developmental 14 disabilities; and to adults who have chronic, high-cost medical conditions. 15 (b) Guidelines which require the entities to conduct 16 quality-of-care studies which: 17 18 1. Target specific conditions and specific health service delivery issues for focused monitoring and evaluation. 19 2. Use clinical care standards or practice guidelines 20 to objectively evaluate the care the entity delivers or fails 21 22 to deliver for the targeted clinical conditions and health 23 services delivery issues. 24 3. Use quality indicators derived from the clinical care standards or practice guidelines to screen and monitor 25 care and services delivered. 26 (c) Guidelines for external quality review of each 27 28 contractor which require: focused studies of patterns of care; 29 individual care review in specific situations; and followup activities on previous pattern-of-care study findings and 30 31 individual-care-review findings. In designing the external

quality review function and determining how it is to operate 1 2 as part of the state's overall quality improvement system, the 3 agency shall construct its external quality review organization and entity contracts to address each of the 4 following: 5 1. Delineating the role of the external quality review б 7 organization. 8 2. Length of the external quality review organization 9 contract with the state. 3. Participation of the contracting entities in 10 designing external quality review organization review 11 activities. 12 13 4. Potential variation in the type of clinical 14 conditions and health services delivery issues to be studied at each plan. 15 5. Determining the number of focused pattern-of-care 16 studies to be conducted for each plan. 17 18 6. Methods for implementing focused studies. 7. Individual care review. 19 8. Followup activities. 20 (28) In order to ensure that children receive health 21 22 care services for which an entity has already been 23 compensated, an entity contracting with the agency pursuant to 24 this section shall achieve an annual Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) Service screening 25 rate of at least 60 percent for those recipients continuously 26 enrolled for at least 8 months. The agency shall develop a 27 28 method by which the EPSDT screening rate shall be calculated. 29 For any entity which does not achieve the annual 60 percent rate, the entity must submit a corrective action plan for the 30 31 agency's approval. If the entity does not meet the standard

established in the corrective action plan during the specified 1 2 timeframe, the agency is authorized to impose appropriate contract sanctions. At least annually, the agency shall 3 publicly release the EPSDT Services screening rates of each 4 entity it has contracted with on a prepaid basis to serve 5 Medicaid recipients. б 7 (29) The agency shall perform enrollments and 8 disenrollments for Medicaid recipients who are eligible for 9 MediPass or managed care plans. Notwithstanding the prohibition contained in paragraph (21)(f), managed care plans 10 may perform preenrollments of Medicaid recipients under the 11 supervision of the agency or its agents. For the purposes of 12 13 this section, "preenrollment" means the provision of marketing 14 and educational materials to a Medicaid recipient and assistance in completing the application forms, but shall not 15 include actual enrollment into a managed care plan. An 16 application for enrollment shall not be deemed complete until 17 18 the agency or its agent verifies that the recipient made an 19 informed, voluntary choice. The agency, in cooperation with the Department of Children and Family Services, may test new 20 marketing initiatives to inform Medicaid recipients about 21 their managed care options at selected sites. The agency shall 2.2 23 report to the Legislature on the effectiveness of such 24 initiatives. The agency may contract with a third party to perform managed care plan and MediPass enrollment and 25 disenrollment services for Medicaid recipients and is 26 authorized to adopt rules to implement such services. The 27 28 agency may adjust the capitation rate only to cover the costs 29 of a third-party enrollment and disenrollment contract, and 30 for agency supervision and management of the managed care plan 31 enrollment and disenrollment contract.

37

(30) Any lists of providers made available to Medicaid 1 2 recipients, MediPass enrollees, or managed care plan enrollees 3 shall be arranged alphabetically showing the provider's name and specialty and, separately, by specialty in alphabetical 4 order. 5 6 (31) The agency shall establish an enhanced managed 7 care quality assurance oversight function, to include at least 8 the following components: (a) At least quarterly analysis and followup, 9 including sanctions as appropriate, of managed care 10 participant utilization of services. 11 (b) At least quarterly analysis and followup, 12 13 including sanctions as appropriate, of quality findings of the 14 Medicaid peer review organization and other external quality assurance programs. 15 (c) At least quarterly analysis and followup, 16 including sanctions as appropriate, of the fiscal viability of 17 18 managed care plans. (d) At least quarterly analysis and followup, 19 20 including sanctions as appropriate, of managed care participant satisfaction and disenrollment surveys. 21 22 (e) The agency shall conduct regular and ongoing 23 Medicaid recipient satisfaction surveys. 24 The analyses and followup activities conducted by the agency 25 under its enhanced managed care quality assurance oversight 26 function shall not duplicate the activities of accreditation 27 28 reviewers for entities regulated under part III of chapter 29 641, but may include a review of the finding of such 30 reviewers. 31

1	(32) Each managed care plan that is under contract
2	with the agency to provide health care services to Medicaid
3	recipients shall annually conduct a background check with the
4	Florida Department of Law Enforcement of all persons with
5	ownership interest of 5 percent or more or executive
6	management responsibility for the managed care plan and shall
7	submit to the agency information concerning any such person
8	who has been found guilty of, regardless of adjudication, or
9	has entered a plea of nolo contendere or guilty to, any of the
10	offenses listed in s. 435.03.
11	(33) The agency shall, by rule, develop a process
12	whereby a Medicaid managed care plan enrollee who wishes to
13	enter hospice care may be disenrolled from the managed care
14	plan within 24 hours after contacting the agency regarding
15	such request. The agency rule shall include a methodology for
16	the agency to recoup managed care plan payments on a pro rata
17	basis if payment has been made for the enrollment month when
18	disenrollment occurs.
19	(34) The agency and entities <u>that</u> which contract with
20	the agency to provide health care services to Medicaid
21	recipients under this section or <u>ss. 409.91211 and</u> s. 409.9122
22	must comply with the provisions of s. 641.513 in providing
23	emergency services and care to Medicaid recipients and
24	MediPass recipients. Where feasible, safe, and cost-effective,
25	the agency shall encourage hospitals, emergency medical
26	services providers, and other public and private health care
27	providers to work together in their local communities to enter
28	into agreements or arrangements to ensure access to
29	alternatives to emergency services and care for those Medicaid
30	recipients who need nonemergent care. The agency shall
31	coordinate with hospitals, emergency medical services

providers, private health plans, capitated managed care 1 2 networks as established in s. 409.91211, and other public and private health care providers to implement the provisions of 3 ss. 395.1041(7), 409.91255(3)(q), 627.6405, and 641.31097 to 4 develop and implement emergency department diversion programs 5 for Medicaid recipients. б 7 (35) All entities providing health care services to 8 Medicaid recipients shall make available, and encourage all 9 pregnant women and mothers with infants to receive, and provide documentation in the medical records to reflect, the 10 following: 11 (a) Healthy Start prenatal or infant screening. 12 13 (b) Healthy Start care coordination, when screening or 14 other factors indicate need. (c) Healthy Start enhanced services in accordance with 15 the prenatal or infant screening results. 16 (d) Immunizations in accordance with recommendations 17 18 of the Advisory Committee on Immunization Practices of the United States Public Health Service and the American Academy 19 of Pediatrics, as appropriate. 20 (e) Counseling and services for family planning to all 21 22 women and their partners. 23 (f) A scheduled postpartum visit for the purpose of 24 voluntary family planning, to include discussion of all methods of contraception, as appropriate. 25 (g) Referral to the Special Supplemental Nutrition 26 Program for Women, Infants, and Children (WIC). 27 28 (36) Any entity that provides Medicaid prepaid health 29 plan services shall ensure the appropriate coordination of health care services with an assisted living facility in cases 30 31 where a Medicaid recipient is both a member of the entity's

40

1	prepaid health plan and a resident of the assisted living
2	facility. If the entity is at risk for Medicaid targeted case
3	management and behavioral health services, the entity shall
4	inform the assisted living facility of the procedures to
5	follow should an emergent condition arise.
6	(37) The agency may seek and implement federal waivers
7	necessary to provide for cost-effective purchasing of home
8	health services, private duty nursing services,
9	transportation, independent laboratory services, and durable
10	medical equipment and supplies through competitive bidding
11	pursuant to s. 287.057. The agency may request appropriate
12	waivers from the federal Health Care Financing Administration
13	in order to competitively bid such services. The agency may
14	exclude providers not selected through the bidding process
15	from the Medicaid provider network.
16	(38) The agency shall enter into agreements with
17	not-for-profit organizations based in this state for the
18	purpose of providing vision screening.
19	(39)(a) The agency shall implement a Medicaid
20	prescribed-drug spending-control program that includes the
21	following components:
22	1. Medicaid prescribed-drug coverage for brand-name
23	drugs for adult Medicaid recipients is limited to the
24	dispensing of four brand-name drugs per month per recipient.
25	Children are exempt from this restriction. Antiretroviral
26	agents are excluded from this limitation. No requirements for
27	prior authorization or other restrictions on medications used
28	to treat mental illnesses such as schizophrenia, severe
29	depression, or bipolar disorder may be imposed on Medicaid
30	recipients. Medications that will be available without
31	restriction for persons with mental illnesses include atypical

antipsychotic medications, conventional antipsychotic 1 2 medications, selective serotonin reuptake inhibitors, and 3 other medications used for the treatment of serious mental 4 illnesses. The agency shall also limit the amount of a prescribed drug dispensed to no more than a 34-day supply. The 5 agency shall continue to provide unlimited generic drugs, б 7 contraceptive drugs and items, and diabetic supplies. Although 8 a drug may be included on the preferred drug formulary, it 9 would not be exempt from the four-brand limit. The agency may authorize exceptions to the brand-name-drug restriction based 10 upon the treatment needs of the patients, only when such 11 exceptions are based on prior consultation provided by the 12 13 agency or an agency contractor, but the agency must establish 14 procedures to ensure that: a. There will be a response to a request for prior 15 consultation by telephone or other telecommunication device 16 within 24 hours after receipt of a request for prior 17 18 consultation; b. A 72-hour supply of the drug prescribed will be 19 provided in an emergency or when the agency does not provide a 20 21 response within 24 hours as required by sub-subparagraph a.; 22 and 23 c. Except for the exception for nursing home residents 24 and other institutionalized adults and except for drugs on the restricted formulary for which prior authorization may be 25 sought by an institutional or community pharmacy, prior 26 authorization for an exception to the brand-name-drug 27 28 restriction is sought by the prescriber and not by the 29 pharmacy. When prior authorization is granted for a patient in 30 an institutional setting beyond the brand-name-drug 31

restriction, such approval is authorized for 12 months and 1 2 monthly prior authorization is not required for that patient. 3 2. Reimbursement to pharmacies for Medicaid prescribed 4 drugs shall be set at the lesser of: the average wholesale price (AWP) minus 15.4 percent, the wholesaler acquisition 5 cost (WAC) plus 5.75 percent, the federal upper limit (FUL), б 7 the state maximum allowable cost (SMAC), or the usual and 8 customary (UAC) charge billed by the provider. 9 3. The agency shall develop and implement a process for managing the drug therapies of Medicaid recipients who are 10 using significant numbers of prescribed drugs each month. The 11 management process may include, but is not limited to, 12 13 comprehensive, physician-directed medical-record reviews, 14 claims analyses, and case evaluations to determine the medical necessity and appropriateness of a patient's treatment plan 15 and drug therapies. The agency may contract with a private 16 organization to provide drug-program-management services. The 17 18 Medicaid drug benefit management program shall include initiatives to manage drug therapies for HIV/AIDS patients, 19 patients using 20 or more unique prescriptions in a 180-day 20 period, and the top 1,000 patients in annual spending. The 21 22 agency shall enroll any Medicaid recipient in the drug benefit 23 management program if he or she meets the specifications of 24 this provision and is not enrolled in a Medicaid health 25 maintenance organization. 4. The agency may limit the size of its pharmacy 26 network based on need, competitive bidding, price 27 28 negotiations, credentialing, or similar criteria. The agency 29 shall give special consideration to rural areas in determining the size and location of pharmacies included in the Medicaid 30 31 pharmacy network. A pharmacy credentialing process may include

43

criteria such as a pharmacy's full-service status, location, 1 2 size, patient educational programs, patient consultation, disease-management services, and other characteristics. The 3 agency may impose a moratorium on Medicaid pharmacy enrollment 4 when it is determined that it has a sufficient number of 5 Medicaid-participating providers. The agency must allow б 7 dispensing practitioners to participate as a part of the 8 Medicaid pharmacy network regardless of the practitioner's 9 proximity to any other entity that is dispensing prescription drugs under the Medicaid program. A dispensing practitioner 10 must meet all credentialing requirements applicable to his or 11 her practice, as determined by the agency. 12 13 5. The agency shall develop and implement a program 14 that requires Medicaid practitioners who prescribe drugs to use a counterfeit-proof prescription pad for Medicaid 15 prescriptions. The agency shall require the use of 16 standardized counterfeit-proof prescription pads by 17 18 Medicaid-participating prescribers or prescribers who write prescriptions for Medicaid recipients. The agency may 19 implement the program in targeted geographic areas or 20 statewide. 21 22 6. The agency may enter into arrangements that require 23 manufacturers of generic drugs prescribed to Medicaid 24 recipients to provide rebates of at least 15.1 percent of the average manufacturer price for the manufacturer's generic 25 products. These arrangements shall require that if a 26 generic-drug manufacturer pays federal rebates for 27 28 Medicaid-reimbursed drugs at a level below 15.1 percent, the 29 manufacturer must provide a supplemental rebate to the state 30 in an amount necessary to achieve a 15.1-percent rebate level. 31

44

7. The agency may establish a preferred drug formulary 1 in accordance with 42 U.S.C. s. 1396r-8, and, pursuant to the 2 3 establishment of such formulary, it is authorized to negotiate supplemental rebates from manufacturers that are in addition 4 to those required by Title XIX of the Social Security Act and 5 at no less than 14 percent of the average manufacturer price б 7 as defined in 42 U.S.C. s. 1936 on the last day of a quarter 8 unless the federal or supplemental rebate, or both, equals or 9 exceeds 29 percent. There is no upper limit on the supplemental rebates the agency may negotiate. The agency may 10 determine that specific products, brand-name or generic, are 11 competitive at lower rebate percentages. Agreement to pay the 12 13 minimum supplemental rebate percentage will guarantee a 14 manufacturer that the Medicaid Pharmaceutical and Therapeutics Committee will consider a product for inclusion on the 15 preferred drug formulary. However, a pharmaceutical 16 manufacturer is not guaranteed placement on the formulary by 17 18 simply paying the minimum supplemental rebate. Agency decisions will be made on the clinical efficacy of a drug and 19 recommendations of the Medicaid Pharmaceutical and 20 Therapeutics Committee, as well as the price of competing 21 22 products minus federal and state rebates. The agency is 23 authorized to contract with an outside agency or contractor to 24 conduct negotiations for supplemental rebates. For the purposes of this section, the term "supplemental rebates" 25 means cash rebates. Effective July 1, 2004, value-added 26 programs as a substitution for supplemental rebates are 27 28 prohibited. The agency is authorized to seek any federal 29 waivers to implement this initiative. 30 8. The agency shall establish an advisory committee

31 for the purposes of studying the feasibility of using a

45

restricted drug formulary for nursing home residents and other 1 2 institutionalized adults. The committee shall be comprised of 3 seven members appointed by the Secretary of Health Care 4 Administration. The committee members shall include two physicians licensed under chapter 458 or chapter 459; three 5 pharmacists licensed under chapter 465 and appointed from a б 7 list of recommendations provided by the Florida Long-Term Care 8 Pharmacy Alliance; and two pharmacists licensed under chapter 9 465.

9. The Agency for Health Care Administration shall 10 expand home delivery of pharmacy products. To assist Medicaid 11 patients in securing their prescriptions and reduce program 12 13 costs, the agency shall expand its current mail-order-pharmacy 14 diabetes-supply program to include all generic and brand-name drugs used by Medicaid patients with diabetes. Medicaid 15 recipients in the current program may obtain nondiabetes drugs 16 on a voluntary basis. This initiative is limited to the 17 18 geographic area covered by the current contract. The agency may seek and implement any federal waivers necessary to 19 implement this subparagraph. 20

21 10. The agency shall limit to one dose per month any22 drug prescribed to treat erectile dysfunction.

11.a. The agency shall implement a Medicaid behavioral drug management system. The agency may contract with a vendor that has experience in operating behavioral drug management systems to implement this program. The agency is authorized to seek federal waivers to implement this program.

b. The agency, in conjunction with the Department of
Children and Family Services, may implement the Medicaid
behavioral drug management system that is designed to improve
the quality of care and behavioral health prescribing

46

practices based on best practice guidelines, improve patient 1 2 adherence to medication plans, reduce clinical risk, and lower prescribed drug costs and the rate of inappropriate spending 3 on Medicaid behavioral drugs. The program shall include the 4 following elements: 5 (I) Provide for the development and adoption of best б 7 practice guidelines for behavioral health-related drugs such 8 as antipsychotics, antidepressants, and medications for 9 treating bipolar disorders and other behavioral conditions; translate them into practice; review behavioral health 10 prescribers and compare their prescribing patterns to a number 11 of indicators that are based on national standards; and 12 determine deviations from best practice guidelines. 13 14 (II) Implement processes for providing feedback to and educating prescribers using best practice educational 15 materials and peer-to-peer consultation. 16 (III) Assess Medicaid beneficiaries who are outliers 17 18 in their use of behavioral health drugs with regard to the 19 numbers and types of drugs taken, drug dosages, combination drug therapies, and other indicators of improper use of 20 behavioral health drugs. 21 22 (IV) Alert prescribers to patients who fail to refill 23 prescriptions in a timely fashion, are prescribed multiple 24 same-class behavioral health drugs, and may have other potential medication problems. 25 (V) Track spending trends for behavioral health drugs 26 and deviation from best practice guidelines. 27 28 (VI) Use educational and technological approaches to 29 promote best practices, educate consumers, and train 30 prescribers in the use of practice guidelines. 31 (VII) Disseminate electronic and published materials.

47

1	(VIII) Hold statewide and regional conferences.
2	(IX) Implement a disease management program with a
3	model quality-based medication component for severely mentally
4	ill individuals and emotionally disturbed children who are
5	high users of care.
б	c. If the agency is unable to negotiate a contract
7	with one or more manufacturers to finance and guarantee
8	savings associated with a behavioral drug management program
9	by September 1, 2004, the four-brand drug limit and preferred
10	drug list prior-authorization requirements shall apply to
11	mental health-related drugs, notwithstanding any provision in
12	subparagraph 1. The agency is authorized to seek federal
13	waivers to implement this policy.
14	12.a. The agency shall implement a Medicaid
15	prescription-drug-management system. The agency may contract
16	with a vendor that has experience in operating
17	prescription-drug-management systems in order to implement
18	this system. Any management system that is implemented in
19	accordance with this subparagraph must rely on cooperation
20	between physicians and pharmacists to determine appropriate
21	practice patterns and clinical quidelines to improve the
22	prescribing, dispensing, and use of drugs in the Medicaid
23	program. The agency may seek federal waivers to implement this
24	program.
25	b. The drug-management system must be designed to
26	improve the quality of care and prescribing practices based on
27	best-practice quidelines, improve patient adherence to
28	medication plans, reduce clinical risk, and lower prescribed
29	drug costs and the rate of inappropriate spending on Medicaid
30	prescription drugs. The program must:
31	

1	(I) Provide for the development and adoption of
2	best-practice quidelines for the prescribing and use of drugs
3	in the Medicaid program, including translating best-practice
4	guidelines into practice; reviewing prescriber patterns and
5	comparing them to indicators that are based on national
б	standards and practice patterns of clinical peers in their
7	community, statewide, and nationally; and determine deviations
8	from best-practice quidelines.
9	(II) Implement processes for providing feedback to and
10	educating prescribers using best-practice educational
11	materials and peer-to-peer consultation.
12	(III) Assess Medicaid recipients who are outliers in
13	their use of a single or multiple prescription drugs with
14	regard to the numbers and types of drugs taken, drug dosages,
15	combination drug therapies, and other indicators of improper
16	use of prescription drugs.
17	(IV) Alert prescribers to patients who fail to refill
18	prescriptions in a timely fashion, are prescribed multiple
19	drugs that may be redundant or contraindicated, or may have
20	other potential medication problems.
21	(V) Track spending trends for prescription drugs and
22	deviation from best-practice quidelines.
23	(VI) Use educational and technological approaches to
24	promote best practices, educate consumers, and train
25	prescribers in the use of practice quidelines.
26	(VII) Disseminate electronic and published materials.
27	(VIII) Hold statewide and regional conferences.
28	(IX) Implement disease-management programs in
29	cooperation with physicians and pharmacists, along with a
30	model quality-based medication component for individuals
31	having chronic medical conditions.

1	12.12 The even is sutherized to senture the down
1	13.12. The agency is authorized to contract for drug
2	rebate administration, including, but not limited to,
3	calculating rebate amounts, invoicing manufacturers,
4	negotiating disputes with manufacturers, and maintaining a
5	database of rebate collections.
б	<u>14.</u> 13. The agency may specify the preferred daily
7	dosing form or strength for the purpose of promoting best
8	practices with regard to the prescribing of certain drugs as
9	specified in the General Appropriations Act and ensuring
10	cost-effective prescribing practices.
11	15.14. The agency may require prior authorization for
12	the off-label use of Medicaid-covered prescribed drugs as
13	specified in the General Appropriations Act. The agency may,
14	but is not required to, preauthorize the use of a product for
15	an indication not in the approved labeling. Prior
16	authorization may require the prescribing professional to
17	provide information about the rationale and supporting medical
18	evidence for the off-label use of a drug.
19	16.15. The agency shall implement a return and reuse
20	program for drugs dispensed by pharmacies to institutional
21	recipients, which includes payment of a \$5 restocking fee for
22	the implementation and operation of the program. The return
23	and reuse program shall be implemented electronically and in a
24	manner that promotes efficiency. The program must permit a
25	pharmacy to exclude drugs from the program if it is not
26	practical or cost-effective for the drug to be included and
27	must provide for the return to inventory of drugs that cannot
28	be credited or returned in a cost-effective manner. The agency
29	shall determine if the program has reduced the amount of
30	Medicaid prescription drugs which are destroyed on an annual
31	basis and if there are additional ways to ensure more

prescription drugs are not destroyed which could safely be 1 2 reused. The agency's conclusion and recommendations shall be reported to the Legislature by December 1, 2005. 3 4 (b) The agency shall implement this subsection to the extent that funds are appropriated to administer the Medicaid 5 prescribed-drug spending-control program. The agency may б 7 contract all or any part of this program to private 8 organizations. 9 (c) The agency shall submit quarterly reports to the Governor, the President of the Senate, and the Speaker of the 10 House of Representatives which must include, but need not be 11 limited to, the progress made in implementing this subsection 12 13 and its effect on Medicaid prescribed-drug expenditures. 14 (40) Notwithstanding the provisions of chapter 287, the agency may, at its discretion, renew a contract or 15 contracts for fiscal intermediary services one or more times 16 for such periods as the agency may decide; however, all such 17 18 renewals may not combine to exceed a total period longer than 19 the term of the original contract. (41) The agency shall provide for the development of a 20 demonstration project by establishment in Miami-Dade County of 21 22 a long-term-care facility licensed pursuant to chapter 395 to 23 improve access to health care for a predominantly minority, 24 medically underserved, and medically complex population and to evaluate alternatives to nursing home care and general acute 25 care for such population. Such project is to be located in a 26 health care condominium and colocated with licensed facilities 27 28 providing a continuum of care. The establishment of this 29 project is not subject to the provisions of s. 408.036 or s. 30 408.039. The agency shall report its findings to the Governor, 31

51

the President of the Senate, and the Speaker of the House of 1 2 Representatives by January 1, 2003. 3 (42) The agency shall develop and implement a 4 utilization management program for Medicaid-eligible recipients for the management of occupational, physical, 5 respiratory, and speech therapies. The agency shall establish б 7 a utilization program that may require prior authorization in 8 order to ensure medically necessary and cost-effective 9 treatments. The program shall be operated in accordance with a federally approved waiver program or state plan amendment. The 10 agency may seek a federal waiver or state plan amendment to 11 implement this program. The agency may also competitively 12 13 procure these services from an outside vendor on a regional or 14 statewide basis. (43) The agency may contract on a prepaid or fixed-sum 15 basis with appropriately licensed prepaid dental health plans 16 to provide dental services. 17 18 (44) The Agency for Health Care Administration shall 19 ensure that any Medicaid managed care plan as defined in s. 409.9122(2)(h), whether paid on a capitated basis or a shared 20 savings basis, is cost-effective. For purposes of this 21 22 subsection, the term "cost-effective" means that a network's 23 per-member, per-month costs to the state, including, but not 24 limited to, fee-for-service costs, administrative costs, and case-management fees, must be no greater than the state's 25 costs associated with contracts for Medicaid services 26 established under subsection (3), which shall be actuarially 27 28 adjusted for case mix, model, and service area. The agency 29 shall conduct actuarially sound audits adjusted for case mix 30 and model in order to ensure such cost-effectiveness and shall 31 publish the audit results on its Internet website and submit

52

1 the audit results annually to the Governor, the President of 2 the Senate, and the Speaker of the House of Representatives no 3 later than December 31 of each year. Contracts established 4 pursuant to this subsection which are not cost-effective may 5 not be renewed.

(45) Subject to the availability of funds, the agency б 7 shall mandate a recipient's participation in a provider 8 lock-in program, when appropriate, if a recipient is found by the agency to have used Medicaid goods or services at a 9 frequency or amount not medically necessary, limiting the 10 receipt of goods or services to medically necessary providers 11 after the 21-day appeal process has ended, for a period of not 12 less than 1 year. The lock-in programs shall include, but are 13 14 not limited to, pharmacies, medical doctors, and infusion clinics. The limitation does not apply to emergency services 15 and care provided to the recipient in a hospital emergency 16 department. The agency shall seek any federal waivers 17 18 necessary to implement this subsection. The agency shall adopt 19 any rules necessary to comply with or administer this subsection. 20

(46) The agency shall seek a federal waiver for permission to terminate the eligibility of a Medicaid recipient who has been found to have committed fraud, through judicial or administrative determination, two times in a period of 5 years.

26 (47) The agency shall conduct a study of available 27 electronic systems for the purpose of verifying the identity 28 and eligibility of a Medicaid recipient. The agency shall 29 recommend to the Legislature a plan to implement an electronic 30 verification system for Medicaid recipients by January 31, 31 2005.

53

1	(48) A provider is not entitled to enrollment in the
2	Medicaid provider network. The agency may implement a Medicaid
3	fee-for-service provider network controls, including, but not
4	limited to, competitive procurement and provider
5	credentialing. If a credentialing process is used, the agency
6	may limit its provider network based upon the following
7	considerations: beneficiary access to care, provider
8	availability, provider quality standards and quality assurance
9	processes, cultural competency, demographic characteristics of
10	beneficiaries, practice standards, service wait times,
11	provider turnover, provider licensure and accreditation
12	history, program integrity history, peer review, Medicaid
13	policy and billing compliance records, clinical and medical
14	record audit findings, and such other areas that are
15	considered necessary by the agency to ensure the integrity of
16	the program.
17	(49) The agency shall contract with established
18	minority physician networks that provide services to
19	historically underserved minority patients. The networks must
20	provide cost-effective Medicaid services, comply with the
21	requirements to be a MediPass provider, and provide their
22	primary care physicians with access to data and other
23	management tools necessary to assist them in ensuring the
24	appropriate use of services, including inpatient hospital
25	services and pharmaceuticals.
26	(a) The agency shall provide for the development and
27	expansion of minority physician networks in each service area
28	to provide services to Medicaid recipients who are eligible to
29	participate under federal law and rules.
30	(b) The agency shall reimburse each minority physician
31	network as a fee-for-service provider, including the case

management fee for primary care, or as a capitated rate 1 2 provider for Medicaid services. Any savings shall be shared with the minority physician networks pursuant to the contract. 3 (c) For purposes of this subsection, the term 4 "cost-effective" means that a network's per-member, per-month 5 costs to the state, including, but not limited to, б 7 fee-for-service costs, administrative costs, and 8 case-management fees, must be no greater than the state's costs associated with contracts for Medicaid services 9 established under subsection (3), which shall be actuarially 10 adjusted for case mix, model, and service area. The agency 11 shall conduct actuarially sound audits adjusted for case mix 12 13 and model in order to ensure such cost-effectiveness and shall 14 publish the audit results on its Internet website and submit the audit results annually to the Governor, the President of 15 the Senate, and the Speaker of the House of Representatives no 16 later than December 31. Contracts established pursuant to this 17 18 subsection which are not cost-effective may not be renewed. 19 (d) The agency may apply for any federal waivers needed to implement this subsection. 20 21 (50) The agency may contract with established 22 federally qualified health centers that provide services to 23 historically underserved and uninsured patients. The networks 24 must provide cost-effective Medicaid services, comply with the requirements of a MediPass provider, and provide their primary 25 care physicians with access to data and other management tools 26 necessary to assist them in ensuring the appropriate use of 27 services, including inpatient hospital services and 28 29 pharmaceuticals. (a) The agency may provide for the development and 30 expansion of federally qualified health center based provider 31

55

service networks in each service area to provide services to 1 2 Medicaid recipients who are eligible to participate under 3 federal law and rules. (b) The agency may reimburse each federally gualified 4 health center based network as a fee-for-service provider, 5 including the case management fee for primary care or as a б 7 capitated rate provider for Medicaid services. Any savings 8 shall be shared with the federally qualified health center 9 networks under the contract. (c) For purposes of this subsection, the term 10 "cost-effective" means that a network's per-member, per-month 11 costs to the state, including, but not limited to, 12 13 fee-for-service costs, administrative costs, and 14 case-management fees must be no greater than the state's costs associated with contracts for Medicaid services, which shall 15 be actuarially adjusted for case mix, model, and service area. 16 The agency shall conduct actuarially sound audits adjusted for 17 18 case mix and model in order to ensure such cost-effectiveness 19 and shall publish the audit results on its Internet website and submit the audit results annually to the Governor, the 20 President of the Senate, and the Speaker of the House of 21 22 Representatives no later than December 31. 23 (d) The agency may apply for any federal waivers 24 needed to administer this subsection. (51) To the extent permitted by federal law and as 25 allowed under s. 409.906, the agency shall provide 26 reimbursement for emergency mental health care services for 27 28 Medicaid recipients in crisis-stabilization facilities 29 licensed under s. 394.875 as long as those services are less expensive than the same services provided in a hospital 30 31 setting.

Section 2. Section 409.91211, Florida Statutes, is 1 2 created to read: 3 409.91211 Medicaid managed care pilot program.--4 (1) The agency is authorized to seek experimental, pilot, or demonstration project waivers, pursuant to s. 1115 5 of the Social Security Act, to create a more efficient and б 7 effective service delivery system that enhances quality of 8 care and client outcomes in the Florida Medicaid program 9 pursuant to this section in two geographic areas. One demonstration site shall include only Broward County. A second 10 demonstration site shall initially include Duval County and 11 shall be expanded to include Baker, Clay, and Nassau Counties 12 13 within 1 year after the Duval County program becomes 14 operational. This waiver authority is contingent upon federal approval to preserve the upper-payment-limit funding mechanism 15 for hospitals, including a guarantee of a reasonable growth 16 factor, a methodology to allow the use of a portion of these 17 18 funds to serve as a risk pool for demonstration sites, 19 provisions to preserve the state's ability to use intergovernmental transfers, and provisions to protect the 20 disproportionate share program authorized pursuant to this 21 22 <u>chapter.</u> 23 (2) The Legislature intends for the capitated managed 24 care pilot program to: (a) Provide recipients in Medicaid fee-for-service or 25 26 the MediPass program a comprehensive and coordinated capitated managed care system for all health care services specified in 27 28 ss. 409.905 and 409.906. 29 (b) Stabilize Medicaid expenditures under the pilot program compared to Medicaid expenditures in the pilot area 30 31

1	for the 3 years before implementation of the pilot program,
2	while ensuring:
3	1. Consumer education and choice.
4	2. Access to medically necessary services.
5	3. Coordination of preventative, acute, and long-term
б	care.
7	4. Reductions in unnecessary service utilization.
8	(c) Provide an opportunity to evaluate the feasibility
9	of statewide implementation of capitated managed care networks
10	as a replacement for the current Medicaid fee-for-service and
11	MediPass systems.
12	(3) The agency shall have the following powers,
13	duties, and responsibilities with respect to the development
14	<u>of a pilot program:</u>
15	(a) To develop and recommend a system to deliver all
16	health care services specified in ss. 409.905 and 409.906,
17	which shall not vary in amount, duration, or scope beyond what
18	is allowed in current managed care contracts in the form of
19	capitated managed care networks under the Medicaid program.
20	(b) To recommend Medicaid-eligibility categories, from
21	those specified in ss. 409.903 and 409.904, which shall be
22	included in the pilot program.
23	(c) To determine and recommend how to design the
24	<u>managed care pilot program in order to take maximum advantage</u>
25	of all available state and federal funds, including those
26	obtained through intergovernmental transfers, the
27	upper-payment-level funding systems, and the disproportionate
28	share program.
29	(d) To determine and recommend actuarially sound,
30	risk-adjusted capitation rates for Medicaid recipients in the
31	

1	<u>pilot program which can be separated to cover comprehensive</u>
2	care, enhanced services, and catastrophic care.
3	(e) To determine and recommend policies and quidelines
4	for phasing in financial risk for approved provider service
5	networks over a 3-year period. These shall include an option
6	to pay fee-for-service rates that may include a
7	savings-settlement option for at least 2 years. This model may
8	
	be converted to a risk-adjusted capitated rate in the third
9	year of operation. Federally qualified health centers may be
10	offered an opportunity to accept or decline a contract to
11	participate in any provider network for prepaid primary care
12	services.
13	(f) To determine and recommend provisions related to
14	stop-loss requirements and the transfer of excess cost to
15	catastrophic coverage that accommodates the risks associated
16	with the development of the pilot program.
17	(q) To determine and recommend a process to be used by
18	the Social Services Estimating Conference to determine and
19	validate the rate of growth of the per-member costs of
20	providing Medicaid services under the managed care pilot
21	program.
22	(h) To determine and recommend program standards and
23	credentialing requirements for capitated managed care networks
24	to participate in the pilot program, including those related
25	to fiscal solvency, quality of care, and adequacy of access to
26	health care providers. It is the intent of the Legislature
27	that, to the extent possible, any pilot program authorized by
28	the state under this section include any federally qualified
29	health center, federally qualified rural health clinic, county
30	health department, or other federally, state, or locally
31	funded entity that serves the geographic areas within the

1	boundaries of the pilot program that requests to participate.
2	This paragraph does not relieve an entity that qualifies as a
3	capitated managed care network under this section from any
4	other licensure or regulatory requirements contained in state
5	or federal law which would otherwise apply to the entity. The
6	standards and credentialing requirements shall be based upon,
7	but are not limited to:
8	1. Compliance with the accreditation requirements as
9	provided in s. 641.512.
10	2. Compliance with early and periodic screening,
11	diagnosis, and treatment screening requirements under federal
12	law.
13	3. The percentage of voluntary disenrollments.
14	4. Immunization rates.
15	5. Standards of the National Committee for Quality
16	Assurance and other approved accrediting bodies.
17	6. Recommendations of other authoritative bodies.
18	7. Specific requirements of the Medicaid program, or
19	standards designed to specifically meet the unique needs of
20	Medicaid recipients.
21	8. Compliance with the health quality improvement
22	system as established by the agency, which incorporates
23	standards and quidelines developed by the Centers for Medicare
24	and Medicaid Services as part of the quality assurance reform
25	initiative.
26	9. The network's infrastructure capacity to manage
27	financial transactions, recordkeeping, data collection, and
28	other administrative functions.
29	10. The network's ability to submit any financial,
30	programmatic, or patient-encounter data or other information
31	

required by the agency to determine the actual services 1 2 provided and the cost of administering the plan. 3 (i) To develop and recommend a mechanism for providing 4 information to Medicaid recipients for the purpose of 5 selecting a capitated managed care plan. For each plan available to a recipient, the agency, at a minimum shall б 7 ensure that the recipient is provided with: 8 1. A list and description of the benefits provided. 9 2. Information about cost sharing. 3. Plan performance data, if available. 10 4. An explanation of benefit limitations. 11 5. Contact information, including identification of 12 providers participating in the network, geographic locations, 13 14 and transportation limitations. 6. Any other information the agency determines would 15 facilitate a recipient's understanding of the plan or 16 insurance that would best meet his or her needs. 17 18 (j) To develop and recommend a system to ensure that there is a record of recipient acknowledgment that choice 19 counseling has been provided. 20 21 (k) To develop and recommend a choice counseling 22 system to ensure that the choice counseling process and 23 related material are designed to provide counseling through 24 face-to-face interaction, by telephone, and in writing and through other forms of relevant media. Materials shall be 25 written at the fourth-grade reading level and available in a 26 language other than English when 5 percent of the county 27 28 speaks a language other than English. Choice counseling shall 29 also use language lines and other services for impaired recipients, such as TTD/TTY. 30 31

61

1	(1) To develop and recommend a system that prohibits
2	capitated managed care plans, their representatives, and
3	providers employed by or contracted with the capitated managed
4	care plans from recruiting persons eligible for or enrolled in
5	Medicaid, from providing inducements to Medicaid recipients to
б	select a particular capitated managed care plan, and from
7	prejudicing Medicaid recipients against other capitated
8	managed care plans. The system shall require the entity
9	performing choice counseling to determine if the recipient has
10	made a choice of a plan or has opted out because of duress,
11	threats, payment to the recipient, or incentives promised to
12	the recipient by a third party. If the choice counseling
13	entity determines that the decision to choose a plan was
14	unlawfully influenced or a plan violated any of the provisions
15	of s. 409.912(21), the choice counseling entity shall
16	immediately report the violation to the agency's program
17	integrity section for investigation.Verification of choice
18	counseling by the recipient shall include a stipulation that
19	the recipient acknowledges the provisions of this subsection.
20	(m) To develop and recommend a choice counseling
21	system that promotes health literacy and provides information
22	aimed to reduce minority health disparities through outreach
23	activities for Medicaid recipients.
24	(n) To develop and recommend a system for the agency
25	to contract with entities to perform choice counseling. The
26	agency may establish standards and performance contracts,
27	including standards requiring the contractor to hire choice
28	counselors who are representative of the state's diverse
29	population and to train choice counselors in working with
30	culturally diverse populations.
31	

1(o) To determine and recommend descriptions of the2eligibility assignment processes which will be used to3facilitate client choice while ensuring pilot programs of4adequate enrollment levels. The agency must
27 <u>denial of services to the appropriate regulatory agency.</u> 28 <u>(x) To develop and provide actuarial and benefit</u> 29 <u>design analyses that indicate the effect on capitation rates</u> 30 <u>and benefits offered in the pilot program over a prospective</u>	25	refer incidents of suspected fraud, abuse, overutilization and
 28 (x) To develop and provide actuarial and benefit 29 design analyses that indicate the effect on capitation rates 30 and benefits offered in the pilot program over a prospective 	26	duplicative utilization, and underutilization or inappropriate
29 <u>design analyses that indicate the effect on capitation rates</u> 30 <u>and benefits offered in the pilot program over a prospective</u>	27	denial of services to the appropriate regulatory agency.
30 and benefits offered in the pilot program over a prospective	28	(x) To develop and provide actuarial and benefit
	29	design analyses that indicate the effect on capitation rates
31 <u>5-year period based on the following assumptions:</u>	30	and benefits offered in the pilot program over a prospective
	31	5-year period based on the following assumptions:

1	1. Growth in capitation rates which is limited to the
2	estimated growth rate in general revenue.
3	2. Growth in capitation rates which is limited to the
4	average growth rate over the last 3 years in per-recipient
5	Medicaid expenditures.
б	3. Growth in capitation rates which is limited to the
7	growth rate of aggregate Medicaid expenditures between the
8	2003-2004 fiscal year and the 2004-2005 fiscal year.
9	(y) To develop a mechanism to require capitated
10	managed care plans to reimburse qualified emergency service
11	providers, including, but not limited to, ambulance services,
12	in accordance with ss. 409.908 and 409.9128. The pilot program
13	must include a provision for continuation of fee-for-service
14	payments for individuals who access emergency departments and
15	subsequently are determined eligible for Medicaid services.
16	The pilot program must include a provision for continuing
17	fee-for-service payments for emergency services, including but
18	not limited to, individuals who access ambulance services or
19	emergency departments and who are subsequently determined to
20	be eligible for Medicaid services.
21	(z) To develop a system whereby school districts
22	participating in the certified school match program pursuant
23	to ss. 409.908(21) and 1011.70 shall be reimbursed by
24	Medicaid, subject to the limitations of s. 1011.70(1), for a
25	Medicaid-eligible child participating in the services as
26	authorized in s. 1011.70, as provided for in s. 409.9071,
27	regardless of whether the child is enrolled in a capitated
28	managed care network. Capitated managed care networks must
29	make a good-faith effort to execute agreements with school
30	districts regarding the coordinated provision of services
31	authorized under s. 1011.70. County health departments

1	delivering school-based services pursuant to ss. 381.0056 and
2	381.0057 must be reimbursed by Medicaid for the federal share
3	for a Medicaid-eligible child who receives Medicaid-covered
4	services in a school setting, regardless of whether the child
5	is enrolled in a capitated managed care network. Capitated
б	managed care networks must make a good-faith effort to execute
7	agreements with county health departments regarding the
8	coordinated provision of services to a Medicaid-eligible
9	child. To ensure continuity of care for Medicaid patients, the
10	agency, the Department of Health, and the Department of
11	Education shall develop procedures for ensuring that a
12	student's capitated managed care network provider receives
13	information relating to services provided in accordance with
14	<u>ss. 381.0056, 381.0057, 409.9071, and 1011.70.</u>
15	(aa) To develop and recommend a mechanism whereby
16	Medicaid recipients who are already enrolled in a managed care
17	plan or the MediPass program in the pilot areas shall be
18	offered the opportunity to change to capitated managed care
19	plans on a staggered basis, as defined by the agency. All
20	Medicaid recipients shall have 30 days in which to make a
21	choice of capitated managed care plans. Those Medicaid
22	recipients who do not make a choice shall be assigned to a
23	capitated managed care plan in accordance with paragraph
24	(4)(a). To facilitate continuity of care for a Medicaid
25	recipient who is also a recipient of Supplemental Security
26	Income (SSI), prior to assigning the SSI recipient to a
27	capitated managed care plan, the agency shall determine
28	whether the SSI recipient has an ongoing relationship with a
29	provider or capitated managed care plan, and if so, the agency
30	shall assign the SSI recipient to that provider or capitated
31	managed care plan where feasible. Those SSI recipients who do

not have such a provider relationship shall be assigned to a 1 2 capitated managed care plan provider in accordance with 3 paragraph (4)(a). (bb) To develop and recommend a service delivery 4 alternative for children having chronic medical conditions 5 б which establishes a medical home project to provide primary 7 care services to this population. The project shall provide 8 community-based primary care services that are integrated with 9 other subspecialties to meet the medical, developmental, and emotional needs for children and their families. This project 10 shall include an evaluation component to determine impacts on 11 hospitalizations, length of stays, emergency room visits, 12 costs, and access to care, including specialty care and 13 14 patient, and family satisfaction. (cc) To develop and recommend service delivery 15 mechanisms within capitated managed care plans to provide 16 Medicaid services as specified in ss. 409.905 and 409.906 to 17 18 persons with developmental disabilities sufficient to meet the 19 medical, developmental, and emotional needs of these persons. (dd) To develop and recommend service delivery 20 mechanisms within capitated managed care plans to provide 21 22 Medicaid services as specified in ss. 409.905 and 409.906 to 23 Medicaid-eligible children in foster care. These services must 24 be coordinated with community-based care providers as specified in s. 409.1675, where available, and be sufficient 25 to meet the medical, developmental, and emotional needs of 26 these children. 27 28 (4)(a) A Medicaid recipient in the pilot area who is 29 not currently enrolled in a capitated managed care plan upon implementation is not eliqible for services as specified in 30 ss. 409.905 and 409.906, for the amount of time that the 31

67

1	recipient does not enroll in a capitated managed care network.
2	If a Medicaid recipient has not enrolled in a capitated
3	managed care plan within 30 days after eligibility, the agency
4	shall assign the Medicaid recipient to a capitated managed
5	care plan based on the assessed needs of the recipient as
6	determined by the agency. When making assignments, the agency
7	shall take into account the following criteria:
8	1. A capitated managed care network has sufficient
9	network capacity to meet the need of members.
10	2. The capitated managed care network has previously
11	enrolled the recipient as a member, or one of the capitated
12	managed care network's primary care providers has previously
13	provided health care to the recipient.
14	3. The agency has knowledge that the member has
15	previously expressed a preference for a particular capitated
16	managed care network as indicated by Medicaid fee-for-service
17	<u>claims data, but has failed to make a choice.</u>
18	4. The capitated managed care network's primary care
19	providers are geographically accessible to the recipient's
20	residence.
21	(b) When more than one capitated managed care network
22	provider meets the criteria specified in paragraph (3)(j), the
23	agency shall make recipient assignments consecutively by
24	family unit.
25	(c) The agency may not engage in practices that are
26	designed to favor one capitated managed care plan over another
27	or that are designed to influence Medicaid recipients to
28	enroll in a particular capitated managed care network in order
29	to strengthen its particular fiscal viability.
30	(d) After a recipient has made a selection or has been
31	enrolled in a capitated managed care network, the recipient

1	shall have 90 days in which to voluntarily disenroll and
2	select another capitated managed care network. After 90 days,
3	no further changes may be made except for cause. Cause shall
4	include, but not be limited to, poor quality of care, lack of
5	access to necessary specialty services, an unreasonable delay
б	or denial of service, inordinate or inappropriate changes of
7	primary care providers, service access impairments due to
8	significant changes in the geographic location of services, or
9	fraudulent enrollment. The agency may require a recipient to
10	use the capitated managed care network's grievance process as
11	specified in paragraph (3)(h) prior to the agency's
12	determination of cause, except in cases in which immediate
13	risk of permanent damage to the recipient's health is alleged.
14	The grievance process, when used, must be completed in time to
15	permit the recipient to disenroll no later than the first day
16	of the second month after the month the disenrollment request
17	was made. If the capitated managed care network, as a result
18	of the grievance process, approves an enrollee's request to
19	disenroll, the agency is not required to make a determination
20	in the case. The agency must make a determination and take
21	final action on a recipient's request so that disenrollment
22	occurs no later than the first day of the second month after
23	the month the request was made. If the agency fails to act
24	within the specified timeframe, the recipient's request to
25	disenroll is deemed to be approved as of the date agency
26	action was required. Recipients who disagree with the agency's
27	finding that cause does not exist for disenrollment shall be
28	advised of their right to pursue a Medicaid fair hearing to
29	dispute the agency's finding.
30	(e) The agency shall apply for federal waivers from
31	the Centers for Medicare and Medicaid Services to lock

1	eligible Medicaid recipients into a capitated managed care
2	network for 12 months after an open enrollment period. After
3	12 months of enrollment, a recipient may select another
4	capitated managed care network. However, nothing shall prevent
5	a Medicaid recipient from changing primary care providers
б	within the capitated managed care network during the 12-month
7	period.
8	(f) The agency shall apply for federal waivers from
9	the Centers for Medicare and Medicaid Services to allow
10	recipients to purchase health care coverage through an
11	employer-sponsored health insurance plan instead of through a
12	Medicaid-certified plan. This provision shall be known as the
13	opt-out option.
14	1. A recipient who chooses the Medicaid opt-out option
15	shall have an opportunity for a specified period of time, as
16	authorized under a waiver granted by the Centers for Medicare
17	and Medicaid Services, to select and enroll in a
18	Medicaid-certified plan. If the recipient remains in the
19	employer-sponsored plan after the specified period, the
20	recipient shall remain in the opt-out program for at least 1
21	year or until the recipient no longer has access to
22	employer-sponsored coverage, until the employer's open
23	enrollment period for a person who opts out in order to
24	participate in employer-sponsored coverage, or until the
25	person is no longer eligible for Medicaid, whichever time
26	period is shorter.
27	2. Notwithstanding any other provision of this
28	section, coverage, cost sharing, and any other component of
29	employer-sponsored health insurance shall be governed by
30	applicable state and federal laws.
31	

1	(5) This section does not authorize the agency to
2	implement any provision of s. 1115 of the Social Security Act
3	experimental, pilot, or demonstration project waiver to reform
4	the state Medicaid program in any part of the state other than
5	the two geographic areas specified in this section unless
б	approved by the Legislature.
7	(6) The agency shall develop and submit for approval
8	applications for waivers of applicable federal laws and
9	regulations as necessary to implement the managed care pilot
10	project as defined in this section. The agency shall post all
11	waiver applications under this section on its Internet website
12	30 days before submitting the applications to the United
13	States Centers for Medicare and Medicaid Services. All waiver
14	applications shall be provided for review and comment to the
15	appropriate committees of the Senate and House of
16	<u>Representatives for at least 10 working days prior to</u>
17	submission. All waivers submitted to and approved by the
18	United States Centers for Medicare and Medicaid Services under
19	this section must be submitted to the appropriate committees
20	of the Senate and the House of Representatives in order to
21	obtain authority for implementation as required by s.
22	409.912(11), before program implementation. The appropriate
23	committees shall recommend whether to approve the
24	implementation of the waivers to the Legislature or to the
25	Legislative Budget Commission if the Legislature is not in
26	session. The agency shall submit a plan containing a detailed
27	timeline for implementation and budgetary projections of the
28	effect of the pilot program on the total Medicaid budget for
29	<u>the 2006-2007 through 2009-2010 fiscal years.</u>
30	(7) Upon review and approval of the applications for
31	waivers of applicable federal laws and regulations to

1	implement the managed care pilot program by the Legislature,
2	the agency may initiate adoption of rules pursuant to ss.
3	120.536(1) and 120.54 to implement and administer the managed
4	care pilot program as provided in this section.
5	Section 3. The Office of Program Policy Analysis and
6	Government Accountability, in consultation with the Auditor
7	General, shall comprehensively evaluate the two managed care
8	pilot programs created under section 409.91211, Florida
9	Statutes. The evaluation shall begin with the implementation
10	of the managed care model in the pilot areas and continue for
11	24 months after the two pilot programs have enrolled Medicaid
12	recipients and started providing health care services. The
13	evaluation must include assessments of cost savings; consumer
14	education, choice, and access to services; coordination of
15	care; and quality of care by each eligibility category and
16	managed care plan in each pilot site. The evaluation must
17	describe administrative or legal barriers to the
18	implementation and operation of each pilot program and include
19	recommendations regarding statewide expansion of the managed
20	care pilot programs. The office shall submit an evaluation
21	report to the Governor, the President of the Senate, and the
22	Speaker of the House of Representatives no later than June 30,
23	2008. The managed care pilot program may not be expanded to
24	any additional counties that are not identified in this
25	section without the authorization of the Legislature.
26	Section 4. Paragraphs (a) and (j) of subsection (2) of
27	section 409.9122, Florida Statutes, are amended to read:
28	409.9122 Mandatory Medicaid managed care enrollment;
29	programs and procedures
30	(2)(a) The agency shall enroll in a managed care plan
31	or MediPass all Medicaid recipients, except those Medicaid

recipients who are: in an institution; enrolled in the 1 2 Medicaid medically needy program; or eligible for both Medicaid and Medicare. Upon enrollment, individuals will be 3 able to change their managed care option during the 90-day opt 4 out period required by federal Medicaid regulations. The 5 agency is authorized to seek the necessary Medicaid state plan б 7 amendment to implement this policy. However, to the extent 8 permitted by federal law, the agency may enroll in a managed 9 care plan or MediPass a Medicaid recipient who is exempt from mandatory managed care enrollment, provided that: 10 1. The recipient's decision to enroll in a managed 11 care plan or MediPass is voluntary; 12 13 2. If the recipient chooses to enroll in a managed 14 care plan, the agency has determined that the managed care plan provides specific programs and services which address the 15 special health needs of the recipient; and 16 17 3. The agency receives any necessary waivers from the 18 federal Centers for Medicare and Medicaid Services Health Care 19 Financing Administration. 20 The agency shall develop rules to establish policies by which 21 22 exceptions to the mandatory managed care enrollment 23 requirement may be made on a case-by-case basis. The rules 24 shall include the specific criteria to be applied when making a determination as to whether to exempt a recipient from 25 mandatory enrollment in a managed care plan or MediPass. 26 School districts participating in the certified school match 27 28 program pursuant to ss. 409.908(21) and 1011.70 shall be 29 reimbursed by Medicaid, subject to the limitations of s. 1011.70(1), for a Medicaid-eligible child participating in the 30 31 services as authorized in s. 1011.70, as provided for in s.

73

409.9071, regardless of whether the child is enrolled in 1 2 MediPass or a managed care plan. Managed care plans shall make a good faith effort to execute agreements with school 3 districts regarding the coordinated provision of services 4 authorized under s. 1011.70. County health departments 5 delivering school-based services pursuant to ss. 381.0056 and б 7 381.0057 shall be reimbursed by Medicaid for the federal share 8 for a Medicaid-eligible child who receives Medicaid-covered 9 services in a school setting, regardless of whether the child is enrolled in MediPass or a managed care plan. Managed care 10 plans shall make a good faith effort to execute agreements 11 with county health departments regarding the coordinated 12 13 provision of services to a Medicaid-eligible child. To ensure 14 continuity of care for Medicaid patients, the agency, the Department of Health, and the Department of Education shall 15 develop procedures for ensuring that a student's managed care 16 plan or MediPass provider receives information relating to 17 18 services provided in accordance with ss. 381.0056, 381.0057, 19 409.9071, and 1011.70. (j) The agency shall apply for a federal waiver from 20 the <u>Centers for Medicare and Medicaid Services</u> Health Care 21 22 Financing Administration to lock eligible Medicaid recipients 23 into a managed care plan or MediPass for 12 months after an 24 open enrollment period. After 12 months' enrollment, a recipient may select another managed care plan or MediPass 25 provider. However, nothing shall prevent a Medicaid recipient 26 from changing primary care providers within the managed care 27 28 plan or MediPass program during the 12-month period. 29 Section 5. Subsection (2) of section 409.913, Florida Statutes, is amended, and subsection (36) is added to that 30

31 section, to read:

74

1	409.913 Oversight of the integrity of the Medicaid
2	programThe agency shall operate a program to oversee the
3	activities of Florida Medicaid recipients, and providers and
4	their representatives, to ensure that fraudulent and abusive
5	behavior and neglect of recipients occur to the minimum extent
6	possible, and to recover overpayments and impose sanctions as
7	appropriate. Beginning January 1, 2003, and each year
8	thereafter, the agency and the Medicaid Fraud Control Unit of
9	the Department of Legal Affairs shall submit a joint report to
10	the Legislature documenting the effectiveness of the state's
11	efforts to control Medicaid fraud and abuse and to recover
12	Medicaid overpayments during the previous fiscal year. The
13	report must describe the number of cases opened and
14	investigated each year; the sources of the cases opened; the
15	disposition of the cases closed each year; the amount of
16	overpayments alleged in preliminary and final audit letters;
17	the number and amount of fines or penalties imposed; any
18	reductions in overpayment amounts negotiated in settlement
19	agreements or by other means; the amount of final agency
20	determinations of overpayments; the amount deducted from
21	federal claiming as a result of overpayments; the amount of
22	overpayments recovered each year; the amount of cost of
23	investigation recovered each year; the average length of time
24	to collect from the time the case was opened until the
25	overpayment is paid in full; the amount determined as
26	uncollectible and the portion of the uncollectible amount
27	subsequently reclaimed from the Federal Government; the number
28	of providers, by type, that are terminated from participation
29	in the Medicaid program as a result of fraud and abuse; and
30	all costs associated with discovering and prosecuting cases of
31	Medicaid overpayments and making recoveries in such cases. The

report must also document actions taken to prevent 1 2 overpayments and the number of providers prevented from enrolling in or reenrolling in the Medicaid program as a 3 result of documented Medicaid fraud and abuse and must 4 recommend changes necessary to prevent or recover 5 б overpayments. 7 (2) The agency shall conduct, or cause to be conducted 8 by contract or otherwise, reviews, investigations, analyses, 9 audits, or any combination thereof, to determine possible fraud, abuse, overpayment, or recipient neglect in the 10 Medicaid program and shall report the findings of any 11 overpayments in audit reports as appropriate. At least 5 12 13 percent of all audits shall be conducted on a random basis. 14 (36) The agency shall provide to each Medicaid recipient or his or her representative an explanation of 15 benefits in the form of a letter that is mailed to the most 16 recent address of the recipient on the record with the 17 18 Department of Children and Family Services. The explanation of 19 benefits must include the patient's name, the name of the health care provider and the address of the location where the 20 service was provided, a description of all services billed to 21 22 Medicaid in terminology that should be understood by a reasonable person, and information on how to report 23 24 inappropriate or incorrect billing to the agency or other law enforcement entities for review or investigation. 25 Section 6. The Agency for Health Care Administration 26 27 shall submit to the Legislature by December 15, 2005, a report 28 on the legal and administrative barriers to enforcing section 29 409.9081, Florida Statutes. The report must describe how many services require copayments, which providers collect 30 copayments, and the total amount of copayments collected from 31

76

1	recipients for all services required under section 409.9081,
2	Florida Statutes, by provider type for the 2001-2002 through
3	2004-2005 fiscal years. The agency shall recommend a mechanism
4	to enforce the requirement for Medicaid recipients to make
5	copayments which does not shift the copayment amount to the
б	provider. The agency shall also identify the federal or state
7	laws or regulations that permit Medicaid recipients to declare
8	impoverishment in order to avoid paying the copayment and
9	extent to which these statements of impoverishment are
10	verified. If claims of impoverishment are not currently
11	verified, the agency shall recommend a system for such
12	verification. The report must also identify any other
13	cost-sharing measures that could be imposed on Medicaid
14	recipients.
15	Section 7. The Agency for Health Care Administration
16	shall submit to the Legislature by January 15, 2006,
17	recommendations to ensure that Medicaid is the payer of last
18	resort as required by section 409.910, Florida Statutes. The
19	report must identify the public and private entities that are
20	liable for primary payment of health care services and
21	recommend methods to improve enforcement of third-party
22	liability responsibility and repayment of benefits to the
23	state Medicaid program. The report must estimate the potential
24	recoveries that may be achieved through third-party liability
25	efforts if administrative and legal barriers are removed. The
26	report must recommend whether modifications to the agency's
27	contingency-fee contract for third-party liability could
28	enhance third-party liability for benefits provided to
29	Medicaid recipients.
30	Section 8. <u>By January 15, 2006, the Office of Program</u>
31	Policy Analysis and Government Accountability shall submit to

1	the Legislature a study of the long-term care community
2	diversion pilot project authorized under sections
3	430.701-430.709, Florida Statutes. The study may be conducted
4	by staff of the Office of Program Policy Analysis and
5	Government Accountability or by a consultant obtained through
б	a competitive bid pursuant to the provisions of chapter 287,
7	Florida Statutes. The study must use a statistically-valid
8	methodology to assess the percent of persons served in the
9	project over a 2-year period who would have required Medicaid
10	nursing home services without the diversion services, which
11	services are most frequently used, and which services are
12	least frequently used. The study must determine whether the
13	project is cost-effective or is an expansion of the Medicaid
14	program because a preponderance of the project enrollees would
15	not have required Medicaid nursing home services within a
16	2-year period regardless of the availability of the project or
17	that the enrollees could have been safely served through
18	another Medicaid program at a lower cost to the state.
19	Section 9. The Agency for Health Care Administration
20	shall identify how many individuals in the long-term care
21	diversion programs who receive care at home have a
22	patient-responsibility payment associated with their
23	participation in the diversion program. If no system is
24	available to assess this information, the agency shall
25	determine the cost of creating a system to identify and
26	collect these payments and whether the cost of developing a
27	system for this purpose is offset by the amount of
28	patient-responsibility payments which could be collected with
29	the system. The agency shall report this information to the
30	Legislature by December 1, 2005.
31	

1	Section 10. The Office of Program Policy Analysis and
2	Government Accountability shall conduct a study of state
3	programs that allow non-Medicaid eligible persons under a
4	certain income level to buy into the Medicaid program as if it
5	was private insurance. The study shall examine Medicaid buy-in
б	programs in other states to determine if there are any models
7	that can be implemented in Florida which would provide access
8	to uninsured Floridians and what effect this program would
9	have on Medicaid expenditures based on the experience of
10	similar states. The study must also examine whether the
11	Medically Needy program could be redesigned to be a Medicaid
12	buy-in program. The study must be submitted to the Legislature
13	by January 1, 2006.
14	Section 11. The Office of Program Policy Analysis and
15	Government Accountability, in consultation with the Office of
16	Attorney General, Medicaid Fraud Control Unit and the Auditor
17	General, shall conduct a study to examine issues related to
18	the amount of state and federal dollars lost due to fraud and
19	abuse in the Medicaid prescription drug program. The study
20	shall focus on examining whether pharmaceutical manufacturers
21	and their affiliates and wholesale pharmaceutical
22	manufacturers and their affiliates that participate in the
23	Medicaid program in this state, with respect to rebates for
24	prescription drugs, are inflating the average wholesale price
25	that is used in determining how much the state pays for
26	prescription drugs for Medicaid recipients. The study shall
27	also focus on examining whether the manufacturers and their
28	affiliates are committing other deceptive pricing practices
29	with regard to federal and state rebates for prescription
30	drugs in the Medicaid program in this state. The study,
31	including findings and recommendations, shall be submitted to

1	the Governor, the President of the Senate, the Speaker of the
2	House of Representatives, the Minority Leader of the Senate,
3	and the Minority Leader of the House of Representatives by
4	<u>January 1, 2006.</u>
5	Section 12. The sums of \$7,129,241 in recurring
6	General Revenue Funds, \$9,076,875 in nonrecurring General
7	Revenue Funds, \$8,608,242 in recurring funds from the
8	Administrative Trust Fund, and \$9,076,874 in nonrecurring
9	funds from the Administrative Trust Fund are appropriated and
10	11 full time equivalent positions are authorized for the
11	purpose of implementing this act.
12	Section 13. This act shall take effect July 1, 2005.
