1	A bill to be entitled
2	An act relating to the innovation incentives;
3	creating s. 288.1089, F.S.; providing
4	legislative findings and intent; creating the
5	Innovation Incentive within the Office of
6	Tourism, Trade, and Economic Development for
7	certain purposes; providing definitions;
8	providing an incentive-award limitation;
9	providing for award application and
10	eligibility; providing business qualification
11	requirements; providing proposal evaluation and
12	recommendations requirements for Enterprise
13	Florida, Inc.; providing for negotiation of
14	award amounts by the office; providing for
15	agreements for payments of certain moneys under
16	certain circumstances; providing criteria for
17	project approval or disapproval; providing for
18	incentive payment agreements; requiring
19	Enterprise Florida, Inc., to assist the office
20	in validating certain business performances;
21	requiring a report to the Governor and
22	Legislature; authorizing the office to allocate
23	certain funds for certain purposes; providing
24	appropriations; effectuating a fund transfer;
25	providing for future expiration of the act;
26	providing an effective date.
27	
28	Be It Enacted by the Legislature of the State of Florida:
29	
30	Section 1. Section 288.1089, Florida Statutes, is
31	created to read:

1	288.1089 The Innovation Incentive
2	(1) Legislative findings and intent; creation of the
3	Innovation Incentive
4	(a) The Legislature finds that science-based research
5	projects of significant scale and world-class excellence can
6	help to strengthen and expedite the growth of this state's
7	economy. World-class research institutes and research and
8	development operations can serve as catalysts for evolving
9	technology clusters, increase this state's talent base to the
10	very highest levels, benefit Florida's existing research and
11	university base through increased research and development
12	collaboration, and help to spawn new businesses based within
13	this state. Regional, national, and international competition
14	exists for these projects and without adequate resources for
15	these research and development opportunities, they would not
16	locate in this state.
17	(b) The Legislature further finds that attracting
18	certain innovation business operations to this state will
19	provide widespread economic benefits to the public through
20	high-quality employment opportunities at such operations;
21	additional employment opportunities through related operations
22	expanded in or attracted to the state as a result of the
23	innovation business location; an enhanced entrepreneurial
24	business climate in the state; and the stimulation and
25	enhancement of universities and community colleges in this
26	state. As with research and development operations, when all
27	available resources for economic development have been used,
28	the state continues to encounter competitive disadvantages in
29	vying for these innovation business operations.
30	(c) The Legislature's intent is to provide resources
31	to meet the unique needs of ensuring the growth and location

1	of catalyst projects in Florida, specifically those of
2	significant scale that elevate research, development, and
3	collaboration between universities and other centers of
4	research in this state and the private sector, or that serve
5	as platforms for emerging or evolving clusters and, in so
6	doing, make meaningful progress toward an unparalleled state
7	of innovation.
8	(d) The Legislature therefore creates the Innovation
9	Incentive within the Governor's Office of Tourism, Trade, and
10	Economic Development to ensure that sufficient resources shall
11	be available to respond expeditiously to extraordinary
12	economic opportunities and to compete effectively for these
13	research and development operations and Florida innovation
14	business projects.
15	(2) As used in this section, the term:
16	(a) "Average wage" means the statewide average wage in
17	the private sector or the average of all private-sector wages
18	and salaries in the county or in the standard metropolitan
19	area in which the applicant is located as determined by the
20	Agency for Workforce Innovation.
21	(b) "Cumulative investment" means the total private
22	investment in buildings and equipment made by a qualified new
23	business since the beginning of construction of such project
24	facilities or an expanding business in this state since the
25	beginning of the expansion project.
26	(c) "Director" means the director of the Office of

(e) "Fiscal year" means the state fiscal year.

(d) "Eliqible business" means a business meeting the

Tourism, Trade, and Economic Development.

requirements of subsection (5).

27

2829

30

1	(f) "Jobs" means full-time equivalent positions, as
2	that term is consistent with terms used by the Agency for
3	Workforce Innovation and the United States Department of Labor
4	for purposes of unemployment compensation tax administration
5	and employment estimation, resulting directly from a project
6	in this state. The term does not include temporary
7	construction jobs involved in the construction of a project
8	facility.
9	(q) "Match" means funding from local sources, public
10	or private, which is paid to the qualified business and which
11	is equal to 100 percent of the award. Eliqible match funding
12	may include any tax abatement granted to that business under
13	s. 196.1995 or the appraised market value of land, buildings,
14	infrastructure, or equipment conveyed or provided at a
15	discount to that business. Complete documentation of match
16	payment or other conveyance must be presented to and verified
17	by the office before transfer of state funds to the qualified
18	business. A qualified business may not provide, directly or
19	indirectly, more than 5 percent of match funding in any fiscal
20	year. The sources of such funding may not include, directly or
21	indirectly, state funds appropriated from the General Revenue
22	Fund or any state trust fund, excluding tax revenues shared
23	with local governments pursuant to law.
24	(h) "Office" means the Office of Tourism, Trade, and
25	Economic Development.
26	(i) "Predominately" means at least 50 percent of the
27	time in qualifying research and development.
28	(j) "Qualified business" means an eligible business
29	that has been approved to receive an innovation incentive
30	award.
31	

31

1	(k) "Research and development" means basic and applied
2	research in the science or engineering, as well as the design,
3	development, and testing, of prototypes or processes of new or
4	improved products. Research and development does not include
5	market research, routine consumer product testing, sales
6	research, research in the social sciences or psychology,
7	nontechnological activities, or technical services.
8	(1) "Research and development facility" means a
9	facility that is predominately engaged in research and
10	development activities.
11	(3) The total amount of active innovation incentive
12	awards may not exceed the amount remaining in the Innovation
13	Incentive Account within the Economic Development Trust Fund.
14	(4) To be eliqible for consideration for an innovation
15	incentive award, a business or research and development entity
16	must submit a written application to Enterprise Florida, Inc.,
17	before the applicant has made the decision to locate new
18	operations in this state or before the applicant has made the
19	decision to expand an existing operation in this state. The
20	application must include, but need not be limited to:
21	(a) The applicant's federal employer identification
22	number, unemployment account number, and state sales tax
23	registration number. If these numbers are not available at the
24	time of application, they must be submitted to the office in
25	writing before the disbursement of any payments under this
26	section.
27	(b) The location in this state at which the project is
28	located or is to be located.
29	(c) A description of the type of business activity,
30	product, or research and development to be undertaken by the

1	project, including six-digit NAICS codes for all activities
2	included in the project.
3	(d) The applicant's projected investment in the
4	project.
5	(e) The total investment, from all sources, in the
6	project.
7	(f) The number of net new full-time equivalent jobs in
8	this state the applicant anticipates having created as of
9	December 31 of each year in the project and the average annual
10	wage of those jobs.
11	(q) The total number of full-time equivalent employees
12	currently employed by the applicant in this state and the
13	number employed at the facility.
14	(h) The anticipated commencement date of the project.
15	(i) A detailed explanation of why the innovation
16	incentive is needed to induce the applicant to expand or
17	locate in the state and how the incentive will close, or help
18	to close, the competitive gap impeding the applicant's
19	decision to locate or expand in this state.
20	(j) If applicable, an estimate of the proportion of
21	the revenues resulting from the project which will be
22	generated outside this state.
23	(5) To qualify for review by the office, the applicant
24	must, at a minimum, establish the following to the
25	satisfaction of Enterprise Florida, Inc., and the office:
26	(a) The jobs proposed to be created under the
27	application must pay an estimated annual average wage equaling
28	at least 130 percent of the average private-sector wage in the
29	area where the applicant is to be located or the average
30	private sector wage in the state. The office may waive this
31	average wage requirement or at the request of Enterprise

1	Florida, Inc. The wage requirement may only be waived for a
2	project located in a brownfield area designated under s.
3	376.80, in a rural city or county as defined in s. 288.106, or
4	in an enterprise zone, and only when the merits of the
5	individual project or the specific circumstances in the
6	community in relationship to the project warrant such action.
7	If Enterprise Florida, Inc., makes such a recommendation, the
8	recommendation must be transmitted in writing to the office,
9	and the specific justification for the waiver recommendation
10	must be explained. If the director elects to waive the wage
11	requirement, the waiver must be stated in writing and the
12	reasons for granting the waiver must be explained.
13	(b) A research and development project must:
14	1. Serve as a catalyst of an emerging or evolving
15	<pre>cluster;</pre>
16	2. Demonstrate a plan for significant higher education
17	collaboration;
18	3. Provide the state, at a minimum, a break-even
19	return on its investment within a 20-year period; and
20	4. Be provided with a one-to-one match from the local
21	community. The match requirement may be reduced or waived in
22	rural areas of critical economic concern or reduced in rural
23	communities, brownfields, and enterprise.
24	(c) A Florida innovation business project, other than
25	a research and development project, must:
26	1.a. Result in the creation of at least 1,000 direct,
27	new jobs at the business; or
28	b. Result in the creation of at least 750 direct, new
29	jobs if the project is located in a rural county or city as
30	defined in s. 288.106 or in an enterprise zone.
31	

1	2. Have an activity or product that is within an
2	industry that is designated as a target industry business
3	under s. 288.106 or a designated sector under s. 288.108.
4	3.a. Have a cumulative investment of at least \$500
5	million within a 3-year period; or
6	b. Have a cumulative investment that exceeds \$375
7	million within a 3-year period if the project is located in a
8	rural county or city, as defined in s. 288.106, or in an
9	enterprise zone.
10	(6) Enterprise Florida, Inc., shall evaluate
11	individual proposals for innovation incentive projects and
12	forward recommendations regarding the use of appropriated
13	funds for such projects to the office. Such evaluation and
14	recommendation must include, but need not be limited to:
15	(a) A description of the type of operation, its
16	required facilities, and the associated product, service, or
17	research and development associated with the project.
18	(b) The number of full-time equivalent jobs that will
19	be created by the project, the total estimated average annual
20	wages of those jobs, and the types of business activities and
21	jobs likely to be stimulated by the investment.
22	(c) The cumulative investment to be dedicated to the
23	project within 3 years and the total investment expected in
24	the project if more than 3 years.
25	(d) The projected economic and fiscal impacts on the
26	local and state economies relative to investment.
27	(e) A statement of any special impacts the project is
28	expected to produce in a particular business sector in the
29	state or regional economy or in the state's universities and
30	community colleges.
31	

1	(f) A statement of any anticipated or proposed
2	relationships with state universities.
3	(q) A statement of the role the incentive is expected
4	to play in the decision of the applicant to locate or expand
5	in this state.
6	(h) A recommendation of the amount of the innovation
7	incentive that is needed to close a competitive gap, including
8	an explanation of why an incentive of that amount is needed to
9	induce the applicant to expand or locate in this state.
10	(i) A discussion of the efforts and commitments made
11	by the local community in which the project is to be located
12	to induce the project location or expansion in light of local
13	resources and abilities.
14	(j) A recommendation for specific performance criteria
15	the applicant would be expected to achieve in order to receive
16	payments from the fund and penalties or sanctions for failure
17	to meet or maintain performance conditions.
18	(k) For a research and development facility, an
19	evaluation and recommendation must include:
20	1. A description of the extent to which the project
21	has the potential to serve as catalyst for an emerging or
22	<pre>evolving cluster;</pre>
23	2. The percentage of match provided for the project;
24	3. A description of the extent to which the project
25	has or could have a long-term collaborative research and
26	development relationship with one or more universities or
27	community colleges in this state;
28	4. A description of the existing or projected impact
29	of the project on established clusters or targeted industry
30	sectors;
31	

1	5. A description of the project's contribution to the
2	diversity and resiliency of this state's innovation economy;
3	and
4	6. A description of the project's impact on
5	special-needs communities, including, but not limited to,
6	rural areas, distressed urban areas, and enterprise zones.
7	(7) The office may, in consultation with Enterprise
8	Florida, Inc., negotiate the proposed amount of an award for
9	any eliqible applicant. In negotiating such award, the office
10	shall consider the amount of the incentive needed to close the
11	competitive gap in conjunction with other relevant applicant
12	impact and cost information and analysis as outlined in this
13	section. Particular emphasis shall be given to the potential
14	for the project to stimulate additional private investment and
15	high-quality employment opportunities in the state.
16	(8) Upon receipt of the evaluation and recommendation
17	from Enterprise Florida, Inc., the director shall recommend an
18	approval or disapproval of a project to the Governor. In
19	recommending approval of a project, the director shall include
20	proposed performance conditions that the project must meet in
21	order to obtain incentive funds and any other conditions that
22	must be met before the receipt of any incentive funds. The
23	Governor shall consult with the President of the Senate and
24	the Speaker of the House of Representatives before giving
25	approval for a project. Upon approval of a project, the
26	Executive Office of the Governor shall release the funds
27	pursuant to the legislative consultation and review
28	requirements set forth in s. 216.177.
29	(9) Upon approval by the Governor and release of the
30	funds as set forth in subsection (8), the director shall issue
31	a letter certifying the applicant as a qualified business. The

office and the business shall enter into an agreement that 2 sets forth the conditions for payment of incentives. The agreement must include the total amount of funds awarded; the 3 4 performance conditions that must be met to obtain the award or portions of the award, including, but not limited to, net new 5 6 employment in the state, average wage, and total investment; 7 demonstration of a baseline of current service and a measure 8 of enhanced capability; the methodology for validating performance; the schedule of payments; and sanctions for 9 10 failure to meet performance conditions. (10)(a) Funds allocated in the Innovation Incentive 11 12 account shall be invested under the direction of s. 17.57, and 13 any interest earned thereon shall be transferred from the Economic Development Trust Fund to general revenue. 14 (11) Enterprise Florida, Inc., shall assist the office 15 in validating the qualified business's performance. At the 16 conclusion of the innovation incentive award agreement, or its 18 earlier termination, Enterprise Florida, Inc., shall, within 90 days, report the results of the innovation incentive award 19 to the Governor, the President of the Senate, and the Speaker 2.0 21 of the House of Representatives. 2.2 Section 2. For the 2006-2007 fiscal year, the sum of 23 \$250 million is appropriated from the General Revenue Fund for transfer to the Economic Development Trust Fund within the 2.4 Office of Tourism, Trade, and Economic Development. Funds 2.5 transferred under this section are not subject to the service 26 2.7 charge set forth in s. 215.20, Florida Statutes. The sum of 2.8 \$250 million is appropriated for the 2006-2007 fiscal year from the Economic Development Trust Fund within the Office of 29 Tourism, Trade, and Economic Development to be used to 30 implement this act. These funds in the Economic Development 31

31

Trust Fund shall be placed in reserve by the Executive Office 2 of the Governor on July 1, 2006. The Office of Tourism, Trade, 3 and Economic Development may request the release of funds as 4 needed to implement the provisions of this act through the Legislative Budget Commission. Funds not expended during the 5 6 2006-2007 fiscal year may be used in future fiscal years as appropriated in the General Appropriations Act or other law. 8 Section 3. This act expires July 1, 2011. Upon that any unobligated funds remaining in the Economic 9 10 Development Trust Fund from the transfer made in section 2 of this act shall be transferred back to the General Revenue 11 12 Fund. Notwithstanding s. 216.301(1), Florida Statutes, and 13 pursuant to s. 216.351, Florida Statutes, any funds remaining in the trust fund which are obligated to a properly approved 14 project under this act but only partially disbursed shall 15 16 remain in the trust fund to be disbursed by the Office of Tourism, Trade, and Economic Development pursuant to the terms 18 of the originally approved contract. 19 Section 4. This act shall take effect July 1, 2006. 2.0 21 2.2 SENATE SUMMARY 23 Provides legislative findings and intent.
