SUMMARY ANALYSIS

The Division of Statutory Revision of the Office of the Legislative Services is required, by statute, to conduct a systematic and continuing study of the Florida Statutes. The purpose of this study is to recommend to the Legislature changes that will remove inconsistencies, redundancies, and unnecessary repetition from the statutes; improve clarity and facilitate correct interpretation; correct grammatical and typographical errors; and delete obsolete, repealed, or superseded provisions. These recommendations are submitted to the Legislature in the form of technical, nonsubstantive reviser's bills.

PCB RCC 06-01 is a general reviser's bill to delete expired or obsolete language; correct cross-references and grammatical or typographical errors; remove inconsistencies and redundancies from the statutes; improve the clarity of the statutes and facilitate their correct interpretation; and confirm the restoration or provisions unintentionally omitted from republication in the acts of the Legislature during the amendatory process. Except by report of the Rules & Calendar Council, a reviser's bill cannot be amended except to delete a bill section.

This bill has no fiscal impact.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government— The bill eliminates uncertainty about the law governing the state. The bill eliminates a large body of statutory language that has no force of law.

B. EFFECT OF PROPOSED CHANGES:

The effect of this bill is of a technical nature only; reviser's bills do not contain substantive changes. The bill will clean up grammatical and similar errors in the Florida Statutes. This bill amends, reenacts and repeals various statutory provisions.

C. SECTION DIRECTORY:

Sections 1-28, sections 30-35, sections 37-43, sections 45-83, and sections 86-120 are amending to delete expired or obsolete language; correct cross-references and grammatical or typographical errors; remove inconsistencies and redundancies from the statutes; or improve the clarity of the statutes and facilitate their correct interpretation.

Section 29, section 36, and section 44 are each reenacting a provision unintentionally omitted from republication in the acts of the Legislature during the amendatory process. Absent affirmative evidence of legislative intent to repeal this section, it is reenacted here to confirm that the omission was not intended.

Sections 84-85 are repealing expired or obsolete language.

Section 121 is providing for an effective date

For more specific information explaining each section, the bill itself contains reviser's notes written by the Division of Statutory Revision.
