20	distribution, payment, or interest features related to the
21	profitability of the qualified community development entity or
22	the performance of the qualified community development
23	entity's investment portfolio. This paragraph does not limit
24	the holder's ability to accelerate payments on the debt
25	instrument in situations in which the issuer has defaulted on
26	covenants designed to ensure compliance with this section or
27	s. 45D of the Internal Revenue Code of 1986, as amended.

9	(f) "Qualified active low-income community business"
10	has the same meaning as in s. 45D of the Internal Revenue Code
11	of 1986, as amended. Any business that derives or projects to
12	derive 15 percent or more of its annual revenue from the
13	rental or sale of real estate is not a qualified active
14	low-income community business. The term does not include any
15	trade or business consisting predominantly of the development

6	community development entity. A qualified community
7	development entity is often referred to as an "issuer" in this
8	section.
9	(h) "Qualified equity investment" means any equity
10	investment or long-term debt security issued by a qualified
11	community development entity including an equity investment
12	that was a qualified equity investment when in the possession
13	of a prior holder or:

5	held by an issuer, even if the investment has been sold or
б	repaid, if the issuer reinvests an amount equal to the capital
7	returned to or recovered by the issuer from the original
8	investment, exclusive of any profits realized, in another
9	gualified low-income community investment within 12 months
10	after receipt of such capital. An issuer is not required to
11	reinvest capital returned from qualified low-income community
12	investments after the sixth anniversary of the issuance of the
13	qualified equity investment for which the proceeds were used
14	to make the qualified low-income community investment. The

23	on a credit allowance date of such qualified equity investment
24	is entitled to a tax credit during the taxable year, including
25	the credit allowance date. The tax credit amount is equal to
26	the applicable percentage of the adjusted purchase price paid
27	to the issuer of such qualified equity investment. The amount
28	of the tax credit that may be redeemed in any tax year may not
29	exceed the amount of the taxpayer's state tax liability for
30	such tax year. A tax credit authorized under this section is

2	other pass-through entity may be allocated to the partners,
3	members, or shareholders of such entity for their direct
4	redemption in accordance with the provisions of any agreement
5	among such partners, members, or shareholders. Any amount of
б	tax credit that the taxpayer is prohibited by this section
7	from redeeming in a taxable year may be carried forward to any
8	of the taxpayer's subsequent taxable years. The maximum
9	aggregate amount of qualified equity investments that may be
10	allocated by the Department of Revenue may not exceed an
11	amount that would result in taxpayers claiming in any single
12	state fiscal year credits in excess of \$15 million. Such
13	limitations on qualified equity investments shall be based
14	solely on the anticipated use of credits without regard for
15	the potential for taxpayers to carry forward tax credits to
16	<u>later tax years.</u>
17	(3) The issuer of the qualified equity investment must
18	certify to the department the anticipated dollar amount of
19	such investments to be made in this state during the first
20	12-month period following the initial credit allowance date.
21	On the second and each subsequent credit allowance date, if
22	the actual dollar amount of the investments is different from
23	the amount estimated, the department shall adjust the credits
24	arising on the second and subsequent credit allowance date to
25	account for any differences. All certifications shall be
26	accompanied by audited financial statements and notarized
27	affidavits provided by the issuer in forms acceptable to the
28	department. A taxpayer shall make, on the date on which a
29	qualified equity investment is initially made, an irrevocable
30	election to apply the credit against taxes due under chapter

2	holder.
3	(4) The department shall recapture the tax credit
4	allowed under this section with respect to the qualified
5	equity investment if:
6	(a) Any amount of the federal tax credit available
7	with respect to a qualified equity investment that is eligible
8	for a tax credit under this section is recaptured under s. $45D$
9	of the Internal Revenue Code of 1986, as amended. In the event
10	of such recapture by the IRS, the taxpayer shall notify the
11	Department of Revenue of a pending IRS recapture within 20
12	days after receipt of a notice of recapture from the IRS;
13	(b) The issuer redeems or makes any principal
14	repayment with respect to a qualified equity investment before
15	the seventh anniversary of the issuance of the qualified
16	equity investment; or
17	(c) The qualified community development entity fails
18	to maintain at least 85 percent of the proceeds of the
19	qualified equity investment in qualified low-income community
20	investments in this state at any time before the seventh
21	anniversary of the issuance of the qualified equity

24	Any tax credit that is subject to recapture shall be
25	recaptured from the taxpayer who claimed the tax credit on a
26	tax return.
27	(5)(a) The department may adopt rules by September 30,
28	2007, to administer this section, including recapture
29	provisions on a scaled proportional basis, and to administer
30	the allocation of tax credits issued for qualified equity

2	approved on a first-come, first-served basis by the
3	department. A community development entity shall submit
4	sufficient documentation as required by the department to
5	demonstrate that the provisions of this section have been met
6	prior to being entitled to receive the credit provided in this
7	section. Such approval shall not be unreasonably withheld.
8	Notice of approval or of any deficiency in the materials
9	submitted to the department shall be mailed to the community
10	development entity within 30 days after submitting such
11	documentation for approval of a qualified equity investment.
12	(b) If the maximum cap on allocation of tax credits of
13	\$15 million as provided in subsection (2) is exhausted in any
14	fiscal year, approval of any additional qualified equity
15	investments shall be suspended until such time as the maximum
16	cap on allocation is no longer exhausted. In such case, the
17	department shall notify a community development entity that
18	the qualified equity investment is not being approved due to
19	exhausting the maximum cap on allocation of tax credits. At
20	such time, the community development entity shall elect,
21	within 20 days, to preserve its place in line under the
22	first-come, first-served provision, or withdraw its claim to
23	credits for such qualified equity investment under this
24	section. At such time as additional cap is made available, a
25	qualified equity investment by an entity that preserved its
26	place in line shall be approved if the investment would have
27	been deemed a qualified equity investment at the time of
28	submitting the initial investment documentation for approval.
29	(c) Where the maximum cap on allocation is not yet
30	reached, but a pending request for qualification of an
31	investment would cause the cap to be exhausted and breached if

6	(d) The Department of Revenue may adopt rules pursuant
7	to ss. 120.536(1) and 120.54 to administer this section.
8	(e)1. A qualified community development entity that
9	seeks an allocation of credit for a qualified low-income
10	community investment from the department must file an
11	application with the department for each qualified low-income
12	community investment it intends to make, in a form that the
13	department may prescribe by rule. The qualified community
14	development entity shall submit a nonrefundable application
15	fee of \$1,000 to the department for each application for an
16	allocation of credit under this section.
17	2. Within 30 days after receipt of a completed
18	application containing all information necessary for the
19	department to make an allocation of credit, including payment
20	of the application fee, the department shall grant or deny the
21	application in full or in part. If the department denies any
22	part of the application, it shall inform the qualified
23	community development entity of the grounds for the denial.
