

1 A bill to be entitled

2 An act relating to health care; amending s. 409.911, F.S.;  
3 revising the method for calculating disproportionate share  
4 payments to hospitals; amending s. 409.9112, F.S.;  
5 revising the time period during which the Agency for  
6 Health Care Administration is prohibited from distributing  
7 disproportionate share payments to regional perinatal  
8 intensive care centers; amending s. 409.9113, F.S.;  
9 revising the time period for distribution of  
10 disproportionate share payments to teaching hospitals;  
11 amending s. 409.9117, F.S.; revising the time period  
12 during which the agency is prohibited from distributing  
13 certain moneys under the primary care disproportionate  
14 share program; amending s. 409.906, F.S.; authorizing the  
15 agency to pay for certain services provided by an  
16 anesthesiologist assistant; amending s. 393.063, F.S.;  
17 revising the definition of the term "support coordinator";  
18 amending s. 393.0661, F.S.; requiring the Agency for  
19 Persons with Disabilities, in consultation with the Agency  
20 for Health Care Administration, to implement federal  
21 waivers to create a model service delivery system pilot  
22 project for Medicaid recipients with developmental  
23 disabilities; providing legislative intent; providing for  
24 implementation of the system on a pilot basis in certain  
25 areas of the state; providing for administration of the  
26 system by the Agency for Persons with Disabilities;  
27 providing requirements for selection of service providers  
28 to operate the system; providing for mandatory enrollment

29 | in pilot areas; requiring an evaluation of the system;  
30 | providing for the formation of local and statewide  
31 | advisory committees; requiring the committees to submit  
32 | quarterly reports to the Legislature; requiring the agency  
33 | to submit a report to the Governor and Legislature;  
34 | authorizing the agency to seek federal waivers or Medicaid  
35 | state plan amendments and adopt rules; requiring the  
36 | agency to receive specific authorization from the  
37 | Legislature before expanding the system; providing  
38 | appropriations; providing an effective date.

39 |  
40 | Be It Enacted by the Legislature of the State of Florida:

41 |  
42 | Section 1. Subsection (2) of section 409.911, Florida  
43 | Statutes, is amended to read:

44 | 409.911 Disproportionate share program.--Subject to  
45 | specific allocations established within the General  
46 | Appropriations Act and any limitations established pursuant to  
47 | chapter 216, the agency shall distribute, pursuant to this  
48 | section, moneys to hospitals providing a disproportionate share  
49 | of Medicaid or charity care services by making quarterly  
50 | Medicaid payments as required. Notwithstanding the provisions of  
51 | s. 409.915, counties are exempt from contributing toward the  
52 | cost of this special reimbursement for hospitals serving a  
53 | disproportionate share of low-income patients.

54 | (2) The Agency for Health Care Administration shall use  
55 | the following actual audited data to determine the Medicaid days

56 and charity care to be used in calculating the disproportionate  
57 share payment:

58 (a) The average of the 2001, 2002, and 2003 ~~2000, 2001,~~  
59 ~~and 2002~~ audited disproportionate share data to determine each  
60 hospital's Medicaid days and charity care for the 2007-2008  
61 ~~2006-2007~~ state fiscal year.

62 (b) If the Agency for Health Care Administration does not  
63 have the prescribed 3 years of audited disproportionate share  
64 data as noted in paragraph (a) for a hospital, the agency shall  
65 use the average of the years of the audited disproportionate  
66 share data as noted in paragraph (a) which is available.

67 (c) In accordance with s. 1923(b) of the Social Security  
68 Act, a hospital with a Medicaid inpatient utilization rate  
69 greater than one standard deviation above the statewide mean or  
70 a hospital with a low-income utilization rate of 25 percent or  
71 greater shall qualify for reimbursement.

72 Section 2. Section 409.9112, Florida Statutes, is amended  
73 to read:

74 409.9112 Disproportionate share program for regional  
75 perinatal intensive care centers.--In addition to the payments  
76 made under s. 409.911, the Agency for Health Care Administration  
77 shall design and implement a system of making disproportionate  
78 share payments to those hospitals that participate in the  
79 regional perinatal intensive care center program established  
80 pursuant to chapter 383. This system of payments shall conform  
81 with federal requirements and shall distribute funds in each  
82 fiscal year for which an appropriation is made by making  
83 quarterly Medicaid payments. Notwithstanding the provisions of

84 s. 409.915, counties are exempt from contributing toward the  
 85 cost of this special reimbursement for hospitals serving a  
 86 disproportionate share of low-income patients. For the state  
 87 fiscal year 2007-2008 ~~2005-2006~~, the agency shall not distribute  
 88 moneys under the regional perinatal intensive care centers  
 89 disproportionate share program.

90 (1) The following formula shall be used by the agency to  
 91 calculate the total amount earned for hospitals that participate  
 92 in the regional perinatal intensive care center program:

93

$$94 \qquad \qquad \qquad \text{TAE} = \text{HDSP} / \text{THDSP}$$

95

96 Where:

97 TAE = total amount earned by a regional perinatal intensive  
 98 care center.

99 HDSP = the prior state fiscal year regional perinatal  
 100 intensive care center disproportionate share payment to the  
 101 individual hospital.

102 THDSP = the prior state fiscal year total regional  
 103 perinatal intensive care center disproportionate share payments  
 104 to all hospitals.

105 (2) The total additional payment for hospitals that  
 106 participate in the regional perinatal intensive care center  
 107 program shall be calculated by the agency as follows:

108

$$109 \qquad \qquad \qquad \text{TAP} = \text{TAE} \times \text{TA}$$

110

111 Where:

112 TAP = total additional payment for a regional perinatal  
 113 intensive care center.

114 TAE = total amount earned by a regional perinatal intensive  
 115 care center.

116 TA = total appropriation for the regional perinatal  
 117 intensive care center disproportionate share program.

118 (3) In order to receive payments under this section, a  
 119 hospital must be participating in the regional perinatal  
 120 intensive care center program pursuant to chapter 383 and must  
 121 meet the following additional requirements:

122 (a) Agree to conform to all departmental and agency  
 123 requirements to ensure high quality in the provision of  
 124 services, including criteria adopted by departmental and agency  
 125 rule concerning staffing ratios, medical records, standards of  
 126 care, equipment, space, and such other standards and criteria as  
 127 the department and agency deem appropriate as specified by rule.

128 (b) Agree to provide information to the department and  
 129 agency, in a form and manner to be prescribed by rule of the  
 130 department and agency, concerning the care provided to all  
 131 patients in neonatal intensive care centers and high-risk  
 132 maternity care.

133 (c) Agree to accept all patients for neonatal intensive  
 134 care and high-risk maternity care, regardless of ability to pay,  
 135 on a functional space-available basis.

136 (d) Agree to develop arrangements with other maternity and  
 137 neonatal care providers in the hospital's region for the  
 138 appropriate receipt and transfer of patients in need of  
 139 specialized maternity and neonatal intensive care services.

140 (e) Agree to establish and provide a developmental  
 141 evaluation and services program for certain high-risk neonates,  
 142 as prescribed and defined by rule of the department.

143 (f) Agree to sponsor a program of continuing education in  
 144 perinatal care for health care professionals within the region  
 145 of the hospital, as specified by rule.

146 (g) Agree to provide backup and referral services to the  
 147 department's county health departments and other low-income  
 148 perinatal providers within the hospital's region, including the  
 149 development of written agreements between these organizations  
 150 and the hospital.

151 (h) Agree to arrange for transportation for high-risk  
 152 obstetrical patients and neonates in need of transfer from the  
 153 community to the hospital or from the hospital to another more  
 154 appropriate facility.

155 (4) Hospitals which fail to comply with any of the  
 156 conditions in subsection (3) or the applicable rules of the  
 157 department and agency shall not receive any payments under this  
 158 section until full compliance is achieved. A hospital which is  
 159 not in compliance in two or more consecutive quarters shall not  
 160 receive its share of the funds. Any forfeited funds shall be  
 161 distributed by the remaining participating regional perinatal  
 162 intensive care center program hospitals.

163 Section 3. Section 409.9113, Florida Statutes, is amended  
 164 to read:

165 409.9113 Disproportionate share program for teaching  
 166 hospitals.--In addition to the payments made under ss. 409.911  
 167 and 409.9112, the Agency for Health Care Administration shall

168 make disproportionate share payments to statutorily defined  
169 teaching hospitals for their increased costs associated with  
170 medical education programs and for tertiary health care services  
171 provided to the indigent. This system of payments shall conform  
172 with federal requirements and shall distribute funds in each  
173 fiscal year for which an appropriation is made by making  
174 quarterly Medicaid payments. Notwithstanding s. 409.915,  
175 counties are exempt from contributing toward the cost of this  
176 special reimbursement for hospitals serving a disproportionate  
177 share of low-income patients. For the state fiscal year 2007-  
178 2008 ~~2006-2007~~, the agency shall distribute the moneys provided  
179 in the General Appropriations Act to statutorily defined  
180 teaching hospitals and family practice teaching hospitals under  
181 the teaching hospital disproportionate share program. The funds  
182 provided for statutorily defined teaching hospitals shall be  
183 distributed in the same proportion as the state fiscal year  
184 2003-2004 teaching hospital disproportionate share funds were  
185 distributed. The funds provided for family practice teaching  
186 hospitals shall be distributed equally among family practice  
187 teaching hospitals.

188 (1) On or before September 15 of each year, the Agency for  
189 Health Care Administration shall calculate an allocation  
190 fraction to be used for distributing funds to state statutory  
191 teaching hospitals. Subsequent to the end of each quarter of the  
192 state fiscal year, the agency shall distribute to each statutory  
193 teaching hospital, as defined in s. 408.07, an amount determined  
194 by multiplying one-fourth of the funds appropriated for this  
195 purpose by the Legislature times such hospital's allocation

196 fraction. The allocation fraction for each such hospital shall  
197 be determined by the sum of three primary factors, divided by  
198 three. The primary factors are:

199 (a) The number of nationally accredited graduate medical  
200 education programs offered by the hospital, including programs  
201 accredited by the Accreditation Council for Graduate Medical  
202 Education and the combined Internal Medicine and Pediatrics  
203 programs acceptable to both the American Board of Internal  
204 Medicine and the American Board of Pediatrics at the beginning  
205 of the state fiscal year preceding the date on which the  
206 allocation fraction is calculated. The numerical value of this  
207 factor is the fraction that the hospital represents of the total  
208 number of programs, where the total is computed for all state  
209 statutory teaching hospitals.

210 (b) The number of full-time equivalent trainees in the  
211 hospital, which comprises two components:

212 1. The number of trainees enrolled in nationally  
213 accredited graduate medical education programs, as defined in  
214 paragraph (a). Full-time equivalents are computed using the  
215 fraction of the year during which each trainee is primarily  
216 assigned to the given institution, over the state fiscal year  
217 preceding the date on which the allocation fraction is  
218 calculated. The numerical value of this factor is the fraction  
219 that the hospital represents of the total number of full-time  
220 equivalent trainees enrolled in accredited graduate programs,  
221 where the total is computed for all state statutory teaching  
222 hospitals.

223           2. The number of medical students enrolled in accredited  
224 colleges of medicine and engaged in clinical activities,  
225 including required clinical clerkships and clinical electives.  
226 Full-time equivalents are computed using the fraction of the  
227 year during which each trainee is primarily assigned to the  
228 given institution, over the course of the state fiscal year  
229 preceding the date on which the allocation fraction is  
230 calculated. The numerical value of this factor is the fraction  
231 that the given hospital represents of the total number of full-  
232 time equivalent students enrolled in accredited colleges of  
233 medicine, where the total is computed for all state statutory  
234 teaching hospitals.

235

236 The primary factor for full-time equivalent trainees is computed  
237 as the sum of these two components, divided by two.

238           (c) A service index that comprises three components:

239           1. The Agency for Health Care Administration Service  
240 Index, computed by applying the standard Service Inventory  
241 Scores established by the Agency for Health Care Administration  
242 to services offered by the given hospital, as reported on  
243 Worksheet A-2 for the last fiscal year reported to the agency  
244 before the date on which the allocation fraction is calculated.  
245 The numerical value of this factor is the fraction that the  
246 given hospital represents of the total Agency for Health Care  
247 Administration Service Index values, where the total is computed  
248 for all state statutory teaching hospitals.

249           2. A volume-weighted service index, computed by applying  
250 the standard Service Inventory Scores established by the Agency

251 for Health Care Administration to the volume of each service,  
 252 expressed in terms of the standard units of measure reported on  
 253 Worksheet A-2 for the last fiscal year reported to the agency  
 254 before the date on which the allocation factor is calculated.  
 255 The numerical value of this factor is the fraction that the  
 256 given hospital represents of the total volume-weighted service  
 257 index values, where the total is computed for all state  
 258 statutory teaching hospitals.

259 3. Total Medicaid payments to each hospital for direct  
 260 inpatient and outpatient services during the fiscal year  
 261 preceding the date on which the allocation factor is calculated.  
 262 This includes payments made to each hospital for such services  
 263 by Medicaid prepaid health plans, whether the plan was  
 264 administered by the hospital or not. The numerical value of this  
 265 factor is the fraction that each hospital represents of the  
 266 total of such Medicaid payments, where the total is computed for  
 267 all state statutory teaching hospitals.

268  
 269 The primary factor for the service index is computed as the sum  
 270 of these three components, divided by three.

271 (2) By October 1 of each year, the agency shall use the  
 272 following formula to calculate the maximum additional  
 273 disproportionate share payment for statutorily defined teaching  
 274 hospitals:

$$TAP = THAF \times A$$

275  
 276  
 277  
 278 Where:

279 TAP = total additional payment.

280 THAF = teaching hospital allocation factor.

281 A = amount appropriated for a teaching hospital  
282 disproportionate share program.

283 Section 4. Section 409.9117, Florida Statutes, is amended  
284 to read:

285 409.9117 Primary care disproportionate share program.--For  
286 the state fiscal year 2007-2008 ~~2006-2007~~, the agency shall not  
287 distribute moneys under the primary care disproportionate share  
288 program.

289 (1) If federal funds are available for disproportionate  
290 share programs in addition to those otherwise provided by law,  
291 there shall be created a primary care disproportionate share  
292 program.

293 (2) The following formula shall be used by the agency to  
294 calculate the total amount earned for hospitals that participate  
295 in the primary care disproportionate share program:

296  
297 
$$TAE = HDSP/THDSP$$

298  
299 Where:

300 TAE = total amount earned by a hospital participating in  
301 the primary care disproportionate share program.

302 HDSP = the prior state fiscal year primary care  
303 disproportionate share payment to the individual hospital.

304 THDSP = the prior state fiscal year total primary care  
305 disproportionate share payments to all hospitals.

306 (3) The total additional payment for hospitals that  
 307 participate in the primary care disproportionate share program  
 308 shall be calculated by the agency as follows:

309  
 310 
$$\text{TAP} = \text{TAE} \times \text{TA}$$

311  
 312 Where:

313 TAP = total additional payment for a primary care hospital.

314 TAE = total amount earned by a primary care hospital.

315 TA = total appropriation for the primary care  
 316 disproportionate share program.

317 (4) In the establishment and funding of this program, the  
 318 agency shall use the following criteria in addition to those  
 319 specified in s. 409.911, payments may not be made to a hospital  
 320 unless the hospital agrees to:

321 (a) Cooperate with a Medicaid prepaid health plan, if one  
 322 exists in the community.

323 (b) Ensure the availability of primary and specialty care  
 324 physicians to Medicaid recipients who are not enrolled in a  
 325 prepaid capitated arrangement and who are in need of access to  
 326 such physicians.

327 (c) Coordinate and provide primary care services free of  
 328 charge, except copayments, to all persons with incomes up to 100  
 329 percent of the federal poverty level who are not otherwise  
 330 covered by Medicaid or another program administered by a  
 331 governmental entity, and to provide such services based on a  
 332 sliding fee scale to all persons with incomes up to 200 percent  
 333 of the federal poverty level who are not otherwise covered by

334 Medicaid or another program administered by a governmental  
335 entity, except that eligibility may be limited to persons who  
336 reside within a more limited area, as agreed to by the agency  
337 and the hospital.

338 (d) Contract with any federally qualified health center,  
339 if one exists within the agreed geopolitical boundaries,  
340 concerning the provision of primary care services, in order to  
341 guarantee delivery of services in a nonduplicative fashion, and  
342 to provide for referral arrangements, privileges, and  
343 admissions, as appropriate. The hospital shall agree to provide  
344 at an onsite or offsite facility primary care services within 24  
345 hours to which all Medicaid recipients and persons eligible  
346 under this paragraph who do not require emergency room services  
347 are referred during normal daylight hours.

348 (e) Cooperate with the agency, the county, and other  
349 entities to ensure the provision of certain public health  
350 services, case management, referral and acceptance of patients,  
351 and sharing of epidemiological data, as the agency and the  
352 hospital find mutually necessary and desirable to promote and  
353 protect the public health within the agreed geopolitical  
354 boundaries.

355 (f) In cooperation with the county in which the hospital  
356 resides, develop a low-cost, outpatient, prepaid health care  
357 program to persons who are not eligible for the Medicaid  
358 program, and who reside within the area.

359 (g) Provide inpatient services to residents within the  
360 area who are not eligible for Medicaid or Medicare, and who do  
361 not have private health insurance, regardless of ability to pay,

362 on the basis of available space, except that nothing shall  
 363 prevent the hospital from establishing bill collection programs  
 364 based on ability to pay.

365 (h) Work with the Florida Healthy Kids Corporation, the  
 366 Florida Health Care Purchasing Cooperative, and business health  
 367 coalitions, as appropriate, to develop a feasibility study and  
 368 plan to provide a low-cost comprehensive health insurance plan  
 369 to persons who reside within the area and who do not have access  
 370 to such a plan.

371 (i) Work with public health officials and other experts to  
 372 provide community health education and prevention activities  
 373 designed to promote healthy lifestyles and appropriate use of  
 374 health services.

375 (j) Work with the local health council to develop a plan  
 376 for promoting access to affordable health care services for all  
 377 persons who reside within the area, including, but not limited  
 378 to, public health services, primary care services, inpatient  
 379 services, and affordable health insurance generally.

380  
 381 Any hospital that fails to comply with any of the provisions of  
 382 this subsection, or any other contractual condition, may not  
 383 receive payments under this section until full compliance is  
 384 achieved.

385 Section 5. Subsection (26) is added to section 409.906,  
 386 Florida Statutes, to read:

387 409.906 Optional Medicaid services.--Subject to specific  
 388 appropriations, the agency may make payments for services which  
 389 are optional to the state under Title XIX of the Social Security

390 Act and are furnished by Medicaid providers to recipients who  
 391 are determined to be eligible on the dates on which the services  
 392 were provided. Any optional service that is provided shall be  
 393 provided only when medically necessary and in accordance with  
 394 state and federal law. Optional services rendered by providers  
 395 in mobile units to Medicaid recipients may be restricted or  
 396 prohibited by the agency. Nothing in this section shall be  
 397 construed to prevent or limit the agency from adjusting fees,  
 398 reimbursement rates, lengths of stay, number of visits, or  
 399 number of services, or making any other adjustments necessary to  
 400 comply with the availability of moneys and any limitations or  
 401 directions provided for in the General Appropriations Act or  
 402 chapter 216. If necessary to safeguard the state's systems of  
 403 providing services to elderly and disabled persons and subject  
 404 to the notice and review provisions of s. 216.177, the Governor  
 405 may direct the Agency for Health Care Administration to amend  
 406 the Medicaid state plan to delete the optional Medicaid service  
 407 known as "Intermediate Care Facilities for the Developmentally  
 408 Disabled." Optional services may include:

409 (26) ANESTHESIOLOGIST ASSISTANT SERVICES.--The agency may  
 410 pay for all services provided to a recipient by an  
 411 anesthesiologist assistant licensed under s. 458.3475 or s.  
 412 459.023. Reimbursement for such services must be not less than  
 413 80 percent of the reimbursement that would be paid to a  
 414 physician who provided the same services.

415 Section 6. Subsection (36) of section 393.063, Florida  
 416 Statutes, is amended to read:

417 393.063 Definitions.--For the purposes of this chapter,

418 the term:

419 (36) "Support coordinator" means a person who is  
 420 designated by or under contract with the agency to serve as case  
 421 manager for assist individuals served in programs administered  
 422 by the agency, including, but not limited to, Medicaid waiver  
 423 programs, and to identify individuals' families in identifying  
 424 ~~their~~ capacities, needs, and resources, as well as finding and  
 425 gaining access to necessary supports and services; coordinating  
 426 the delivery of supports and services; ~~advocating on behalf of~~  
 427 ~~the individual and family;~~ maintaining relevant records; and  
 428 monitoring and evaluating the delivery of supports and services.  
 429 A support coordinator is responsible for assisting the agency in  
 430 meeting the needs of individuals served while managing  
 431 expenditures within available resources ~~to determine the extent~~  
 432 ~~to which they meet the needs and expectations identified by the~~  
 433 ~~individual, family, and others who participated in the~~  
 434 ~~development of the support plan.~~

435 Section 7. Paragraph (c) is added to subsection (1) of  
 436 section 393.0661, Florida Statutes, to read:

437 393.0661 Home and community-based services delivery  
 438 system; comprehensive redesign.--The Legislature finds that the  
 439 home and community-based services delivery system for persons  
 440 with developmental disabilities and the availability of  
 441 appropriated funds are two of the critical elements in making  
 442 services available. Therefore, it is the intent of the  
 443 Legislature that the Agency for Persons with Disabilities shall  
 444 develop and implement a comprehensive redesign of the system.

445 (1) The redesign of the home and community-based services

446 system shall include, at a minimum, all actions necessary to  
447 achieve an appropriate rate structure, client choice within a  
448 specified service package, appropriate assessment strategies, an  
449 efficient billing process that contains reconciliation and  
450 monitoring components, a redefined role for support coordinators  
451 that avoids potential conflicts of interest, and ensures that  
452 family/client budgets are linked to levels of need.

453 (c) By December 1, 2007, the Agency for Persons with  
454 Disabilities, in consultation with the Agency for Health Care  
455 Administration, shall create a model service delivery system  
456 pilot project for persons with developmental disabilities who  
457 receive services under the developmental disabilities waiver  
458 program administered by the Agency for Persons with  
459 Disabilities. Persons with developmental disabilities who  
460 receive services under the family and supported living waiver  
461 program or the consumer-directed care plus waiver program  
462 administered by the Agency for Persons with Disabilities may  
463 also be included in the system if the agency determines that  
464 such inclusion is feasible and will improve coordination of care  
465 and management of costs. The system must transfer and combine  
466 all services funded by Medicaid waiver programs and services  
467 funded only by the state, including room and board and supported  
468 living payments, for individuals who participate in the system.  
469 The pilot project shall document increased client outcomes that  
470 are known to be associated with a valid needs assessment of the  
471 level of need of the client, rate setting based on the level of  
472 need, and encouragement of the use of community-centered  
473 services and supports. The pilot project shall implement strong

474 utilization control, such as capped rates, in order to ensure  
475 predictable and controlled annual costs. Medicaid service  
476 delivery, including, but not limited to, service authorization,  
477 care management, and monitoring shall be managed locally through  
478 the area office of the Agency for Persons with Disabilities in  
479 order to encourage provider development. Support coordination  
480 services shall be available to individuals participating in the  
481 pilot program.

482 1. The Legislature intends that the service delivery  
483 system provide recipients in Medicaid waiver programs with a  
484 coordinated system of services, increased cost predictability,  
485 and a stabilized rate of increase in Medicaid expenditures while  
486 ensuring:

- 487 a. Consumer choice.  
488 b. Opportunities for consumer-directed services.  
489 c. Access to medically necessary services.  
490 d. Coordination of community-based services.  
491 e. Reductions in the unnecessary use of services.

492 2. The Agency for Persons with Disabilities shall  
493 implement the system on a pilot basis in Area 1 and may conduct  
494 a similar pilot in an urban area of the Agency for Persons with  
495 Disabilities, in consultation with the Agency for Health Care  
496 Administration. After completion of the development phase of the  
497 system, attainment of necessary federal approval, selection of  
498 qualified providers, and rate setting, the Agency for Persons  
499 with Disabilities shall delegate administration of the system to  
500 the administrator of the agency's local area office. The Agency  
501 for Persons with Disabilities shall set standards for qualified

502 providers and provide quality assurance, monitoring oversight,  
503 and other duties necessary for the system. The enrollment of  
504 Medicaid waiver recipients into the system in pilot areas shall  
505 be mandatory.

506 3. The local area office shall administer the pilot  
507 program and shall be responsible for ensuring that the costs of  
508 the program do not exceed the amount of funds allocated for the  
509 program. The agency area administrator shall also:

510 a. Identify the needs of the recipients using a  
511 standardized assessment process approved by the agency.

512 b. Allow a recipient to select any provider that has been  
513 qualified by the agency, provided that the service offered by  
514 the provider is appropriate to meet the needs of the recipient.

515 c. Make a good faith effort to select qualified providers  
516 currently providing Medicaid waiver services for the agency in  
517 the pilot area.

518 d. Develop and use a service provider qualification system  
519 approved by the agency that describes the quality of care  
520 standards that providers of service to persons with  
521 developmental disabilities must meet in order to provide  
522 services within the pilot area.

523 e. Exclude, when feasible, chronically poor-performing  
524 providers and facilities as determined by the agency.

525 f. Demonstrate a quality assurance system and a  
526 performance improvement system that are satisfactory to the  
527 agency.

528 4. The agency must ensure that the rate-setting  
529 methodology for the system reflects the intent to provide

530 quality care in the least restrictive setting appropriate for  
531 the recipient and provide for choice by the recipient. The  
532 agency may choose to limit financial risk for the pilot area  
533 operating the system to cover high-cost recipients or to address  
534 the catastrophic care needs of recipients enrolled in the  
535 system.

536 5. Within 24 months after implementation, the agency shall  
537 contract for a comprehensive evaluation of the system. The  
538 evaluation must include assessments of cost savings, cost-  
539 effectiveness, recipient outcomes, consumer choice, access to  
540 services, coordination of care, and quality of care. The  
541 evaluation shall include, but not be limited to, an assessment  
542 of the following aspects:

543 a. A study of the funding patterns of the cost-prediction  
544 methodology before and after implementation of the pilot  
545 program;

546 b. A study of the service utilization patterns of the  
547 cost-prediction methodology before and after implementation of  
548 the pilot program;

549 c. The accuracy of the cost-prediction methodology in  
550 explaining and predicting funding levels for individuals  
551 receiving each of the three waivers in the pilot areas;

552 d. The accuracy of the cost-prediction methodology and a  
553 plan for dealing with cases involving individuals with the  
554 highest and lowest support needs and funding levels;

555 e. A survey of consumer satisfaction regarding consumer  
556 choice, scope of services, and proposed funding levels generated  
557 by the cost-prediction methodology in the pilot areas;

558 f. The applicability of the cost-prediction methodology  
559 to explain and predict funding levels for all individuals  
560 receiving the waivers;

561 g. The robustness of the cost-prediction methodology to  
562 withstand appeals and grievances; and

563 h. A systematic comparison of the outcomes in both pilot  
564 areas and the different models that are demonstrated.

565 6. Each pilot area shall form an advisory committee that  
566 includes representatives from the stakeholder community,  
567 including persons with disabilities, family members of persons  
568 with disabilities, members of disability advocacy groups, and  
569 representatives of program service providers to provide feedback  
570 and monitor the implementation of the pilot program on at least  
571 a quarterly basis.

572 7. The Agency for Persons with Disabilities shall form an  
573 advisory committee that includes representatives from the  
574 stakeholder community, including persons with disabilities,  
575 family members of persons with disabilities, members of  
576 disability advocacy groups, and representatives of program  
577 service providers to provide feedback and monitor the  
578 implementation of the pilot program from a statewide  
579 perspective.

580 8. The advisory committees shall submit reports evaluating  
581 the progress of the pilot programs to the President of the  
582 Senate and the Speaker of the House of Representatives on a  
583 quarterly basis.

584 9. The agency shall submit a report that describes the  
585 administrative or legal barriers to the implementation and

586 operation of the system, including recommendations regarding  
587 statewide expansion of the system and a recommendation for the  
588 model service delivery system to be implemented statewide, to  
589 the Governor, the President of the Senate, and the Speaker of  
590 the House of Representatives no later than December 31, 2008.

591 10. The agency, in coordination with the Agency for Health  
592 Care Administration, may seek federal waivers or Medicaid state  
593 plan amendments and adopt rules as necessary to administer the  
594 system on a pilot basis. The agency must receive specific  
595 authorization from the Legislature prior to expanding beyond the  
596 area one pilot designated for the implementation of this system.  
597 Further expansion of this pilot project requires approval by the  
598 Legislature.

599 Section 8. The sum of \$250,000 in nonrecurring funds from  
600 the General Revenue Fund and \$250,000 in nonrecurring funds from  
601 the Administrative Trust Fund are appropriated to the Agency for  
602 Persons with Disabilities to implement the provisions of this  
603 act.

604 Section 9. This act shall take effect July 1, 2007.
