Amendments were recommended

Significant amendments were recommended

I. Summary:

This bill amends the minority business enterprise certification and recertification process. The bill provides that the certification of a minority business enterprise may include an electronic signature. The requirement for an affidavit for recertification is eliminated.

The bill amends section 287.09451, Florida Statutes.

II. Present Situation:

The Office of Supplier Diversity (office) is established with the Department of Management Services (department) to assist minority business enterprises (MBEs) in becoming suppliers of commodities, services, and construction to state government.¹ One of the duties of the office is to certify MBEs² pursuant to specified statutory criteria,³ and to recertify MBEs at least once every two years. Recertification is accomplished via a process in which a vendor enters information in online forms, prints the forms, has the forms notarized, and returns the forms to the office.

¹ Section 287.09451(2), F.S.

² Minority business enterprises are defined in s. 288.703, F.S.

³ Sections 287.0943 and 287.09431, F.S., specify the requirements for certification as an MBE.

The Uniform Electronic Transaction Act in ch. 668, F.S., permits governmental agencies to accept electronic signatures,⁴ and defines an “electronic signature” as an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.⁵

III. Effect of Proposed Changes:

The bill provides that the certification of a minority business enterprise may include an electronic signature. The bill eliminates the requirement for an affidavit for recertification.
