ARTICLE IX, SECTION 1

ARTICLE XII, SECTION 31

REVISION OF THE CLASS SIZE REQUIREMENTS FOR PUBLIC

SCHOOLS.—Proposes amendment of the State Constitution to provide flexibility for schools to meet class size requirements for public schools due to unexpected student growth after the October student membership survey. For public school classrooms for prekindergarten through grade 3, for grades 4 through 8, and for grades 9 through 12, upon confirmation that a school has met class size requirements through the October student membership survey, provides a limit on the maximum number of students who may be assigned to each teacher in an individual classroom. Provides that class size requirements do not apply to virtual classes. Modifies requirements for funding to require that the Legislature provide sufficient funds to maintain class size requirements. Clarifies that class size requirements apply by the beginning of the 2010-2011 school year and for each school year thereafter. Schedules these revisions to take effect upon approval by the electors of this state and to operate retroactively to the beginning of the 2010-2011 school year.
